Wallace Takes Petition for Re-Election

Ed Wallace, 425 N. Court St., yesterday took out nominating petitions from the Pickaway County Board of Elections seeking re-election as the County's Representative to the Ohio General Assembly.

The Pickaway County native, born near Kinderhook, is seeking his sixth consecutive term. The term of office is two years and the salary is $5,000 per year.

Wallace moved to Circleville at

ED WALLACE

the age of 17, entering the bakery business in 1904. Succeeding Harry Waggaman, he started his own bakery business in 1911.

He continued in the bakery business for 39 years before selling out to Gene Lindsey in November, 1951 and taking office as state representative for the first time in January, 1952.

Ed, as he is known to most everyone in the county, is a past president of the Ohio Bakers Assn., the Circleville Chamber of Commerce and Rotary Club.

He and his wife, the former Stella Emily Easter, have four sons and a daughter, 14 grandchildren and a number of great-grandchildren.

During his nine-year tenure in the Ohio House of Representatives, he has served on the Ohio Legislature, Ariculture, Conservation, Public Inspection, Improvements, Rules, State Parks, Aid for the Aged and Poor Relief Committees.

He is a member of the local Masonic Bodies and attends the Methodist Church. The 72-year-old Democrat is engaged in the real estate business at 110° N. Court St.

Safety Officials Planning Campaign

COLUMBUS, Ohio (AP)—"Holiday Attack-1959" was planned here Wednesday by key safety officials as they prepare to meet the coming Christmas-New Year season.

Ohio Highway Safety Director J. Grant Keys led the meeting which was attended by Ohio sheriffs, police chiefs, church officials and military personnel.

Increased enforcement manpower, safety publicity and heavy emphasis on the dangers of driving after drinking were agreed upon by the representatives.

Keys said that 55 per cent of fatal holiday accidents involved drinking drivers in comparison to the year-around normal rate of 30 per cent.

Johnnie Ray Rejoices At Acquittal by Jury

DETROIT (AP) — My prayers have been answered," said a tearful Johnnie Ray Wednesday when he revived after fainting at hearing a jury's verdict that he was innocent of a morals charge.

The singer passed out when an all-woman Recorders Court Jury announced its decision after deliberating 50 minutes.

Ray, 32, had been charged with accosting and soliciting. A Detroit policeman testified that Ray had made an indecent proposal outside a Detroit tavern Nov. 21. Ray denied the charge.

President Poised To Leave Tonight On 11-Nation Tour

WASHINGTON (AP) — President Eisenhower takes off for Rome tonight on the first leg of a jet-propelled goodwill tour of 11 nations.

His departure, immediately after a radio-television speech to the nation, will follow a full day's work schedule. It includes a series of conferences and the second meeting this week of the National Security Council, with which Eisenhower has been discussing budgetary and other matters.

The 15-minute broadcast, starting at 7:15 p.m. EST was expected to include both a new plea for settlement of the steel dispute, and an explanation of Eisenhower's purposes in making his extraordinary journey.

Eisenhower told his news conference Wednesday he wants to prove to the people of the world that the United States is a "good partner" with other nations in the quest for a just peace.

His travels have one other major objective, apart from the individual problems he will discuss with such leaders as India's Prime Minister Nehru. That is to lay the basis for future summit negotiations with Soviet Premier Nikita Khrushchev. To that end he will meet in Paris Dec. 19-21 with French President Charles de Gaulle, British Prime Minister Harold Macmillan and German Chancellor Konrad Adenauer.

The presidential party of 21 persons, traveling by Military Air Transport jet liner, will take off from Andrews Air Force Base, Md., about 8 p. m It is due in Rome at noon, Italian time, Friday after a refueling stop at Goose Bay, Labrador.

In the group will be the President's son and his wife, Maj. and Mrs. John Eisenhower; the President's personal physician, Maj. Gen. Howard M. Snyder; two speech writers, Malcolm Moos and Kevin McCann; and Robert D. Murphy, Eisenhower's chief diplomatic adviser for the tour.

In addition to Italy, he is to visit Turkey, Pakistan, Afghanistan, India, Iran, Greece, Tunisia, France, Spain and Morocco. He is due home Dec. 22.

News Briefs

CHICAGO (AP)—James R. Hoffa says Teamsters Union members in the future will ignore—with one exception — all picket lines set up by other unions.

"All Teamsters locals will have orders," Hoffa, the Teamsters president, told newsmen Wednesday, "to drive through recogniti nal, organizational and primary picket lines.

"The Teamsters will make an exception on primary picket lines if the striking union will guarantee the Teamsters against any possible loss through lawsuits, government action or any other expense incurred by the Teamsters."

COLUMBUS, Ohio (AP) — The State Juvenile Division—to which Gov. Michael V. DiSalle has indicated he will turn attention next month—is working with a five-million-dollar budget this bookkeeping year.

The actual figure is $5,132,524 for the period from last July 1 to June 30, 1960. For the July 1, 1960 to June 30, 1961 fiscal year, the division is scheduled to get $6,328,790. The increase is to handle costs of operating another institution in Columbus, expected to open in about a year.

In the bookkeeping year that ended slightly more than five months ago, the divisin spent $3,777,079.

RIO DE JANEIRO, Brazil (AP) — Brazilian air force officers seized at least three planes in Rio today and flew off in a northerly direction, apparently in a revolt against President Juscelino Kubitschek.

The Ministry of War went on a state of alert and War Minister Henrique Teixeira Lott conferred with top government figures. Kubitschek placed Lott in charge of the nation's defense.

CHICAGO (AP) — Konstantine Tscherepanow, 66, walked his mongrel dog in Sherman Park every morning. He carried bread crumbs for the ducks in the park lagoon. His love for the ducks cost him his life.

He was beaten to death Wednesday, police said, after he reprimanded three 15-year-old boys for throwing sticks at the ducks.

Police said young Valerian Stechly struck the man on the jaw when the older man grabbed one boy and cursed him. The man fell, striking his head on a bridge abutment.

Bookie Shot For Punching Man in Face

SHERMAN OAKS, Calif. (AP) — A bookmaker, described by police as the biggest in the San Fernando Valley, was shot to death at a restaurant Wednesday night while Mickey Chen and abut 20 other patrons looked on.

Jack F. Whalen, 41, was shot twice in the head. Police said he slumped to the floor and rolled over on his side as his slayer calmly walked out of the restaurant.

Inspector Ed Walker said Whalen's assailant was eating when the bookie walked in, approached his table and then punched him in the face. Walker said the man then drew a gun, fired point blank at Whalen and left the restaurant before anyone could stop him.

Police have not yet identified the killer. None of the pastrons were able to describe the slayer, they said.

Cohen, who also has a lengthy record of brushes with the law, was apparently just a customer at the time of the shooting.

But he has been periodically described as having a part-interest in the restaurant, located about 15 miles northwest of Los Angeles.

OUT OF A DILEMMA — The Rev. John Connery, noted Jesuit moralist, says the Constitution can solve the dilemma of a Catholic president who might receive a bill from Congress favoring a birth control program. Rev. Connery, professor at West Baden college in Indiana, said a president of Catholic faith might "disassociate" himself from such legislation by permitting it to become law without his signature.

Steel Industry Hints Flexibility

Latest Union Offer May Not Be Last

WASHINGTON (AP)—The steel industry's chief negotiator indicated today the industry wouldn't necessarily stand pat on its latest offer to the union for a contract agreement.

Asked by newsmen whether the current industrial proposal is its final one, R. Conrad Cooper said: "This is the offer we think is the proper one that should be accepted."

Cooper talked briefly with reporters as he was entering a new session with government mediators. To a question as to whether he was optimistic, Cooper, a U.S. Steel executive, replied:

"I am always hopeful—I wouldn't use the word optimistic."

Cooper's remarks seemed to leave the door open for a possible new industry offer sometime before the industry's "last offer" is to be submitted to the steel workers in a government-held poll in mid-January unless there is an agreement meantime.

The current proposal calls for a three-year contract with wage-benefit gains valued by the industry at 30 cents an hour and by the union at 24 cents per hour. Latest available government earnings figures for steelworkers show $3.11 - an - hour average including overtime and other premiums.

During present government mediation efforts, union President David J. McDonald has contended the industry was taking an inflexible position that left no room for real negotiation.

Cooper's remarks might be construed as an indirect reply to Mc Donald on that.

President Eisenhower's stand that the government will have to act, if need be, to prevent another work stoppage puts both he indusry and the union under increased pressure to reach a settlement.

City Fund Appropriations To Be Increased for 1960

Circleville's general fund appropriations increased $40,138 for 1960 according to City Council's appropriation ordinance approved Tuesday night.

The annual appropriation ordinance will provide for current expenses and other expenditures necessary for the city's operation for the coming year.

Total general fund appropriatoons amounted to $230,583 compared to 1959's $190,445. Receipts for 1960 were estimated at $230,585.90 and expenditures totaled $230,583 for a Dec. 31, 1960 balance of $2.90.

Sleeping Farm Area Deluged

160 Missing as Tons Of Water Pour Down

FREJUS, France (AP)—A massive torrent released by the thundering collapse of a dam left a sluice of death, silt and destruction today along the rich Reyran River Valley in the French Riviera.

at least 150 persons are dead, and 160 missing.

Millions of tons of water backed up behind the 185-foot high Malpasset Dam by five days of heavy rain were loosed upon the peacefully sleeping farm valley Wednesday night. The water smashed houses, uprooted trees, rolled over trucks, derailed trains and broke telegraph and telephone poles.

Hours after—as rescuers began arriving and the waters subsided into the Mediterranean—the full range of disaster became apparent. The four-mile wide valley, 16 miles southwest of Cannes, was a jumbled canal of wreckage and silt.

The rushing waters partly flooded this town of 13,500 which was founded by Julius Caesar in 49 B.C., and was one of the landing points in the Allied invasion of southern France in 1944.

The old Roman amphitheater, the town's main tourist attraction, was under water.

Lines of bodies lay in the morgues of Frejus and nearby towns.

Pierre Seraud, watchman at the dam, was picked up with his wife by helicopter this morning.

"About 9 o'clock I heard a terrific cracking," he said. "I screamed to my wife, 'We must save ourselves, the dam is breaking!' Forty-nine million cubic meters of waters (nearly 10 billion gallons) broke loose at one blow, carrying everything with it. My wife and I were able to get to high ground where we spent a horrible night."

Many bodies were discovered in a sea of mud in Frejus.

Fifteen persons, including two children, clung to a shuddering old mill through the night and were saved just before the building collapsed.

The French aircraft carrier Lafayette, formerly the USS Langley, served as a floating hospital and flight deck for 15 rescue helicopters. The U. S. Air Force offered to parachute aid if necessary.

Top French officials rushed to the scene to assess the need for relief. The navy prepared initially to feed 10,000 people. Army engineers loaded equipment on boats to get emergency housing started. The French radio appealed for money for relief.

The navy prowled the shore of the Mediterranean, which was strewn for miles with wreckage, seeking survivors. It was feared many victims had been washed out to sea.

The disaster disrupted rail and telephone traffic throughout southern France. The castal rail line was swept more than a mile from its roadbed.

The 22-ft thick dam was erected for irrigation six years ago.

"There is nothing left," said a rescue worker. "The neighboring farms were carried away with their occupants. The road which led to the dam through the valley is no longer passable. Everything has been swept away and what remains is covered with mud."

A policeman was decapitated by the blades of a rescue helicopter he was directing to a landing.

Although the valley is set in the midst of the luxurious Riviera vacationland, it has been mostly inhabited by farmers and by fishermen living along the rocky coast. It was seldom visited by tourists.

Cotterman Elected President Local Chamber of Commerce

Douglas R. Cotterman, Route 4, has been elected 1960 President of the Circleville Chamber of Commerce, succeeding Larry D. Varble, 938 Circle Drive.

Lloyd Wardell, 451 N. Court St.,

DOUGLAS R. COTTERMAN

was named vice president and will automatically become president in 1961. Darrell Hatfield, 345 Sunset Drive, was rehired as executive secretary of the organization. The election was held here Tuesday.

Cotterman and Wardell will be installed officially at the chamber's annual Members' and Wives' Dinner, to be held either in January or February, 1960.

Cotterman and Wardell were meeting of the CC directors held in the Blue Room of Benny's Restaurant.

* * *

COTTERMAN is manager of the local Ohio Fuel Gas Co. office. He started with Ohio Fuel in 1954 as a junior engineer in Columbus. Three years later he went to Athens as an Industrial Department engineer.

Born in Perry County, Cotterman was graduated by Zanesville Lash High School. He received a BS degree from Muskingum College, New Concord.

The 31-year-old Cotterman served two years in the U. S. Army and was stationed in Japan for 17 months.

He is a member of Amity Masonic Lodge, Zanesville, and the Circleville Rotary Club. He is a former member of the Athens Junior Chamber of Commerce and attends the Methodist church.

Cotterman and his wife, Donna, have two children. They are Michael, 5, and Robin, 2. He has been here nearly a year.

Wardell is owner and manager of Wardell's Carpets and Rugs, 146

Businessmen Are Confident About 1960

NEW YORK (AP)—Optimism is fashionable among the businessmen gathered at the Congress of American Industry.

Many businessmen view the future happily even while they admit they have problems in their own field. Some seem cheerful because others are.

Two Ohians' views are represenative of opinion gathered from businessmen:

H. D. McClelland, president of Universal Potteries, Inc., Cambridge, Ohio, said the pottery industry has a problem in competition from Japanese imports in the dinnerware field.

"The Japanese laborer gets about 40 cents a day while we pay ours $15 to $18," McClelland said. He added he was in favor of import quotas, but not higher tariffs.

Nevertheless McClelland found a bright spot in the demand for tile, which his company also makes, and said "business in general is very good in Ohio."

B. E. Jacobson, president of the Toledo Plate & Window Glass Co., Toledo, noted his firm might find tougher sales resistance because of a slowup in residential building net year. But he felt other construction would take up the slack.

"I feel tight money," Jacobson said, "will become a little looser next year. We're very optimistic about business."

Pontius Gets Honor Spot On Tiger Team

Miller Pontius, guest speaker at the Circleville Booster Club grid banquet Tuesday night, became an honorary member of the CHS football team today.

During the handing out of letters Tuesday night, Coach Carl Benhase discovered that he had one extra monogram "C". In a hurried huddle yesterday, Coach Benhase, school officials and fans agreed that the extra letter should go to Pontius, a Circleville native who became an All-American gridder at the University of Michigan.

The monogram was presented to Pontius today when he delivered an address at the local Rotary noon luncheon and meeting.

Coach Benhase and Fullback Larry Hannahs, named the Tigers' most valuable player this season, made the presentation to the griddiron great. All CHS footballers considered it an honor to have Pontius as a mythical member of their team.

Fans said Pontius expressed a deep desire to have the extra letter Tuesday night, but did not make his thoughts known during the banquet. CHS coaches and officials solved the problem in a hurry yesterday with a unanimous vote to accept the All-American as an honorary Tiger.

Teays Valley Voters Asked To Approve Issue Tuesday

Teays Vallye School District officials today said that unless its 3.7-mill levy is approved next Tuesday, approximately one-third of its 1960 school program will have to be dropped.

Teays Valley voters will undergo a special election Tuesday. One issue on the ballot is before them. This is a 2.2-mill levy new tax and a 1.5 mill renewal levy for school current operating funds.

This levy, along with a $1,900,000 bond issue for construction of a consolidated high school, were defeated at the November 3 off-year general election by resounding margins.

In an effort to encourage district voters to approve the current operating levy, school officials today explained the necessity of the additional funds.

* * *

THE 2.2 MILLS of new tax asked is to replace the loss of State Foundation aid which has amounted to nearly $100,000 in two years.

The 2.2 mills will cost Teays Valley taxpayers $2.20 for each $1,000 of taxable valuation.

The 1.5 mills is a renewal of a present levy and is not a new tax. The total 3.7 mills being asked represents more than one-fourth of the district's total school income.

If all levies are passed Tuesday the average school rate for all county school districts will be 20.1 mills, while Teays Valley's will be 14.2, if the 3.7-mill levy is approved. Logan Elm's asking for 6.5 for current operating expenses.

The tax rate for the Circleville school system is 19.3 mills, starting Jan. 1, 1960. The 1959 average rate for Fairfield County is 17.2 mills; Franklin County, 20.1, and Madison County, 21.2. The Ohio average is 18.86.

Teays Valley has 200 more students than in 1957, plus 8½ more teacher units to handle this influx of school population.

* * *

BETWEEN THE years 1957 and 1958, the cost per pupil in the district rose $6. Between 1958 and 1959 the per pupil cost increased $14.

Salaries jumped $56,000 between 1957 and 1959. Other expenses decreased $12,000 between the past three years, leaving a needed balance of $44,000.

Teacher costs will increase $33,000 this school year. "More important," officials state, "the county has no tax funds in which to aid school districts to defray increased expenses.

As to borrowing funds, to tide the district over, school officials said this is not possible. A board of education cannot borrow money on anticipated taxes.

General fund expenditures for 1957 amounted to $506,761.38 for an average cost per pupil of $296.87. 1958 expenses were $530,759.20 for average per pupil cost of $302.09 while 1959 expenses totaled $550,544.64 for per pupil cost of $288.55.

The lower per pupil cost was due to 1,707 school children being educated in 1957, compared to 1,757 in the following year and 1,908 children this year.

* * *

TEACHER salaries have increased from $304,141.39 in 1957 to $380,065 in 1959. Average 1957 teacher salaries were $4,055.21, while in 1959 the average is $4,551.61.

Present bonded indebtedness for the district's township schools is: Walnut, $130,000 to expire in 1973; Ashville, $112,000 expiring in 1973, and Scioto, $137,000 to expire in 1979.

State Foundation fund monies received in 1957 amounted to $159,987; 1958, $158,277; 1959, $99,403, and 1960, $60,000.

Logan Elm Officials Explain Executive Head Economy

The Logan Elm Board of Education today explained in detail the administration's policy on the employment of an executive head.

Carl S. Burger, former Pickaway Twp. teacher, coach and superintendent, was employed as executive head of the entire district.

This was an economy measure according to the board of education. No one member of the board or its clerk can devote the time to coordinating the activities and curriculum of the district, plus handling all teachers and problems.

In addition, Burger has many years of experience in the field of school administration. His last post before coming here was as superintendent of the Mt. Sterling school system.

* * *

BOARD MEMBERS were not elected to solve the schools' technical problems for they do not have the knowledge to set up class schedules and equip schools as professed by Burger or any other school man.

The board today cited examples of money saved since executive head Burger took over on July 1.

Residents of the Logan Elm School District are apparently discovering that the employment of an executive head for their consolidated school district is paying off in dollars and cents as well as in an improved educational program, Carl J. Smith said today.

According to figures made public at several Parent Teachers Organization and other meetings recently, the employment of Burger as executive head of the Logan Elm District has resulted not only in a better coordinated educational program but his efforts have made possible savings of more than $15,000 in construction of the new high school and operation of the school system.

"It doesn't make sense to expect our school board to adequately administer a consolidated school district with a $320,000 annual budget without the assistance of a trained educational expert," said Smith, chairman of the Citizen's Committee for Better Education.

"If our school board had not hired a superintendent when they did, I think we tax payers would have been foolish not to have insisted that they take the step," he related.

* * *

AFTER HEARING a recital of the many duties and activities of Burger, one Saltcreek Twp. resident remarked: "Well, I think the school board should have hired a superintendent a year before they did."

As an economy measure, the board of education assigned the executive head the job of purchasing equipment for the new high school.

The architects, who usually do this work, charge a fee of 10 per cent which in this case would amount to more than $7,000.

The architects intended to purchase all new furniture for the laboratory but this is not necessary as the district can use three chemistry tables that are now in the Pickaway building. This represents an additional savings of $2,800.

Instead of ordering all new power equipment, the district has the opportunity to purchase some reconditioned equipment that will carry a new equipment guarantee. On just one item, metal lathes, $800.00 was saved.

The specifications for the equipment to be used in the new building will be written and published by the executive head during January, 1960.

* * *

THROUGH THE efforts of the executive head the LE district has received promise of $3,100 of federal funds under the National Defense Education Act toward the purchase of laboratory equipment.

It also has applied for additional federal funds under this act, but will not know until January, 1960, the amount that will be received. District officials hope to receive some of the federal money that was not used by other school districts in Ohio.

The executive head has been working on the curriculum for the new high school. He and special subject teachers have been making a study of textbooks that will be used in the school.

Through a study made by the executive head this past summer, the curriculum of the Saltcreek High School was enriched. At the same time it was possible to replace a full-time teacher with a half-time teacher resulting in a savings of approximately $2,000.

As school systems grow it is very important that professional leadership be provided.

Youths Nabbed For Thefts

At least four southend juveniles have been apprehended and questioned by local police on charges of shoplifting at local stores and ransacking two trucks here.

Sgt. Leroy Hawks said the youths range in ages from 12 to 17. Three of the boys are accused of taking articles from local stores and two are accused of entering two parked trucks at the stockyards hers.

Another juvenile is charged with taking a woman's purse at a local store.

The investigation and questioning here this week was handled by Sgt. Hawks, Patrolman Wesley Barton and Juvenile Officer Ralph Starkey.

The officers said the loot, included flashlights, batteries, shotgun shells, knives and a hatchet. They said the thefts were the Circleville hardware, Boyer's Hardware, Kochheiser Hardware, Pettits, Crites Station and Murphy's.

Council Makes Transfers Of General Fund Monies

Circleville Council made numerous transfers of general fund monies to keep in accordance with its 1959 budget during a regular meeting Tuesday.

Council adopted a resolution accepting amounts and rates determined by the budget committee and authorized the necessary tax levies to apply to the 1960 tax rates.

Rates set were: bond retirement fund—0.15 of a mill inside the 10-mill limitation and 0.2 of a mill outside the 10-mill limitation;

General fund — 3.15 mills inside and 1 mill outside; firemen's pension—0.3 of a mill inside, and police pensions—0.3 of a mill inside.

* * *

COUNCIL approved a $600 raise in the salary of Municipal Court Clerk Mrs. Naomi Hougaton. Her salary increases to $3,600 a year.

The following account transfers were made: from fire department alarm system to fire department incidentals and bedding, $200;

From fire department fire alarm system to fire department equipment and hose, $500; from general fund, $15 for downtown refuse cans;

From general fund to street lighting, $200; and from street construction, maintenance and repair, $904.16 to pay for the city's portion of the public employes' retirement fund.

The annexation of the rear portion of the Frank L. Gorsuch's Avondale addition proposal was presented for first reading.

Richard Goble, an associate of Emil Watson and Associates, Columbus, explained his company's actuary services.

* * *

GOBLE said his company was engaged in the business of handling workmen's compensation affairs. His company reviews all workmen's compensation claims for the past five years to ascertain if the city is paying its proportionate share to the state.

His firm also handles all workmen's compensation claims, investigates background and cause of claims and recommends to its clients the advisability of honoring such claims.

"Actuary companies are used by most business concerns and represent them if compensation cases go to court," Goble said. Actuary work protects clients from unnecessary expense, he concluded.

A representative of the Dual Parking Meter Co. was on hand to present his company's fine boxes and tickets. His presentation was referred to the service committee for consideration.

The service committee is presently considering installing fine boxes downtown for citizens' convenience and goodwill.

Three Cited For OMVI

Three motorists were cited into Circleville Municipal Court yesterday and today on charges of intoxicated driving.

The stiffest penalty was handed to Lloyd G. Poling, 26, Route 2, Laurelville, who has a previous conviction on his record. He was fined $200 and costs, sentenced to 10 days in jail and had his driver's rights suspended for one year.

Ford Wright, 43, Portsmouth, and Darrel P. Richards, 23, Columbus, were the other two drivers cited for intoxication. Each was fined $100 and costs, sentenced to three days in jail and had his driver's license suspended for six months.

Wright and Richards were arrested by the sheriff's department, Poling by Special Deputy Charles Hanes.

* * *

Wonderful Work

(The following article was written by Bob Considine, noted syndicated columnist for the Journal American. It concerns Little League activities and its wonderful work, which applies to Circleville as well as all other communities who have civic organizations that take the time and patience to devote their evenings, weekends and holidays to the youth of America. Such is the Circleville Kiwanis Club.)

Walt Disney was elected to a new office member of the Board of Directors of the the other day in New York. He became a Little League and a trustee of the Little League Foundation. It was a natural selection. Both Disney and the Little League have contributed boundlessly to the youth of America, and the world at large.

Congress this week takes up the question of whether to designate the week of June 14 as Little League Week. It could do a lot worse, let's say. Herbert Hoover, J. Edgar Hoover, and just about every man and woman in this country who is concerned with and by the problems of the growing American boy have heartily endorsed this wonderful work.

We don't see too much of Little League in Mid-Manhattan, but this type of organized baseball for boys from eight to 12 flourishes through the rest of the city and the state—and just about everywhere beyond. There are now 5,000 leagues, 35,000 teams, and more than 1,000,000 boys playing Little League ball in 23 countries.

Through the cooperation of Sam Pryor of Pan American World Airways, Little League official Mickey McConnell, formerly of the Dodgers, spent two months in the Orient not long ago planting the seeds of Little League ball in Japan, Korea and elsewhere. Our military has taken it to far lands, too. Armaco has a league for its kids—and the kids of King Saud—in Saudi Arabia.

With the help from organizations big and small, and individuals, the Little League Foundation will soon have the means of expanding the Little League as far as the earth reaches. The annual Little League World Series at Williamsport, Pa. ,one of the most heart-warming events on the annual sports calendar, already has been won two years running by the remarkable little team from Monterey, Mex., an indication of the spread of the sport. Ther is a chance that the future will see a finals involving, let's say, Venezuela and Canada, or Japan and South Africa. Under Little League, the national pasttime can be international.

The major leagues are abundantly sprinkled with stars who got their starts in Little League ball. As time goes on there's a likelihood that 90 or 95 per cent of all pros will be able to trace their careers back to Little League ball. But what is equally important, if not more so, is the number of good fathers, good citizens, good Americans turned out by their brush with Little League ball.

A boy who is taught team-play physical discipline, obedience to official rules, acceptance of judges' decisions, and at a formative stage, clearly has a better chace of finding a proper place in society as an adult than the kid who neglects or is deprived of that opportunity.

Rommel—Not Really Genius?

By Hal Boyle

NEW YORK (AP)—Field Marshal Erwin Rommel of Germany was Britain's favorite enemy — perhaps America's too—in War II.

But after a 10-year study, author Cornelius Ryan has concluded the Allies were a bit overkindly in their estimates of the dashing Nazi armor genius.

"Rommel has been sometimes portrayed as a high-minded military idealist who played war as a big exciting game," said Ryan, author of an account of the Allied invasion of Normandy on June 6, 1944.

"The truth is he was a Hitler favorite bitterly resented by the career officers of the regular German army.

"Actually, Rommel was a very ambitious man willing to trample on anybody to get ahead. He was an utter politician. He was a fine tactician, but he simply didn't have the depth of training to handle the defense of Europe against the invasion."

His study convinced Ryan that Field Marshal von Rundstedt, who nicknamed Rommel "Marshal Bubi"—the baby marshal — was the superior soldier.

He feels that the Allied beachhead would have been in direr peril—perhaps even thrown into the sea—if Von Rundstedt had been allowed to carry out his plans for a massive counterattack on the third day of the landings, instead of attacking piecemeal on D-Day itself, as Rommel ordered.

But both sides bungled their own intelligence reports badly, and says Ryan: "Plans were tossed out the window on that day, and in the final irretrievable moment when the soldiers met face to face, history voted for the Allied guy."

It is impossible to get a completely clear view of what goes on in a major battle. But Ryan gives as clear a picture as we ever will get of what actually happened in those first few mighty hours as an Allied armada of 5,000 ships bearing 200,000 troops hit the Normandy coast.

Demo Race Still Wide Open

By George Sokolsky

The race for the Presidency is on but it is impossible to say whether the title will go to the swiftest or to the most suitable.

And, of course, in our kind of a country the term, most suitable, is hard to define. Fir instance, what would suit me, as a voter, would surely not suit Samuel H. Beer, National Chairman of Americans for Democratic Action—A.D.A—who would reject both Vice President Richard Nixon and Sen. Lyndon Johnson.

Americans are a volatile proples and their likes and dislikes change swiftly and often. Today, for instance, all sides complain about the apathy of the American people. By apathy is usually meant a lack of interest, a lack of excitement over public affairs.

The question is: What is there to get excited about? What noble ideal of life is presented to the American people? What conflicting issues are we to vote about in the next election? What vast difference has thus far developed between the Rupublicans and the Democrats?

The two principal critics of the Eisenhower foreign policy, Dean Acheson and George Kennan, are not running for President. What they say may be of tremendous national value or none at all, depending upon their influence on the Democratic candidate for President.

It is to be assumed that Dean Acheson or George Kennan could be Secretary of State; so might Adlai Stevenson. We know that Dean Acheson and George Kennan represent a sharp difference from Eisenhower; we do not know that Adlai Stevenson represents any particularly important position.

Every estimate shows Sen. John F. Kennedy out in front for the Democratic nomination. Kennedy, who is 42 years old, which is not too young, nevertheless represents the generation of Americans whose principles and ways of life were formed by the aftermath of Wolrd War II. He therefore comes closer to the current national facade than most candidates.

For instance, the A.D.A could accept him as Walter Reuther can; neither would accept Richard Nixon and probably not Gov. Nelson Rockefeller who has the advantage of not having taken a firm stance on important issues; he is very new to the political scene.

Kennedy is a trained and hardened campaigner, as is Nixon. Rockefeller has had one experience in New York State and that came down to a knish, frankfurter and pizza pie contest rather than a political contest.

Kennedy's greatest liability is his Roman Catholicism. Yet that does not stand in his way to the degree that the same issue laid low Alfred E. Smith, a truly great statesman. The times have changed; there are more Catholics in the United States and while anti-Catholicism thrives professionally, it does not concern as many voters as it did when Alfred E. Smith ran against Herbert Hoover.

Kennedy is running as though he meant it. It is therefore not likely that he would be interested in second place. On the other hand, Sen. Hubert Humphrey, who is also running hard, can have no candidacy except for second place. He has not caught the imagination of the American people. He could get the Vice Presidency to please the A.D.A which contains the remnants of the New Dealers who are active in the Roosevelt and Truman Administrations.

Usually when a candidate steps out so far in advance and so early, he is knocked off by a combination of other candidates. If this proves true in the case of Sen. Kennedy, the nomination could go to Lyndon Johnson, although Adlai Stevenson is being held out as a plausible compromise.

There is no logical explanation for Stevenson's continued candidacy after two defeats, except that some believe that any Democrat can be elected in 1960. Stevenson has developed a following during the two campaigns in which he ran. The following has not been sufficient to elect him. However, as he has been an active candidate for eight years, speaking constantly, travelling the world, keeping his name before the public, he has had many advantages.

Two or three months ago it was believed in many Democratic quarters that Stevenson would have to be nominated to keep the Democratic Party from breaking up into irreconcilable factions. This assumption has been largllly dissipated.

The Democratic nomination, it would seem, is still wide open.

Try and Stop Me

By BENNETT CERF

TWO BLACK-LEATHER-JACKETEERS found themselves in a museum of modern art—probably to get out of the rain—and stopped short in front of a Jackson Pollock abstraction. One lad grabbed the other's arm in a panic and urged, "Let's get out of here quick before they say we did it!"

Alan King tells about one of those pint-sized foreign sports cars that stalled for 30 minutes and created a two-mile-long traffic block before mechanics discovered why it wouldn't budge. It was stuck on a piece of chewing gum.

A brave little old lady routed a stickup artist recently. She yanked the revolver out of his hand and chided, "For shame, you big lug! Instead of attacking a defenseless old lady, why aren't you out robbing a big bank?"

'Social Diet' Gets Results

By Herman N. Bundesen, M.D.

You can't lose weight without dieting. Just about every doctor will tell you that. However, most doctors have different opinions about diets and dieting. Each has a few pet ideas of his own.

The biggest problem confronting any patient on a reducing diet is, of course, how to remain on the diet, especially when dining with the family or with friends.

A New York doctor recently came up with a new but simple diet which he says is almost sure to take off a few excess pounds while causing the dieter as little inconvenience as possible.

In an article in the Journal of the American Medical Association, Dr. Milton Plotz prescribes what he calls "The Social Diet".

In this diet Dr. Plotz recommends:

Reduce portions of everyting by one-fourth.

Take no seconds of anything.

For breakfast you can have cereal or one slice of toast, but not both.

No more than one slice of bread should be eaten at any meal.

Eat no gravies.

Desserts should be limited to one ounce of cheese, one portion of fresh fruit or, if you insist, a small slice of angel food cake.

Since any diet needs variety, Dr. Plotz suggests that he lean meat—green vegetable routine at dinner can be varied by using small portions of rice, spaghetti, noodles or even cracked wheat, or maybe portions of peas, lima beans or a small baked potato.

Now the best part of such a diet is that, as a rule, you can eat just about the same things everyone else at the table eats. You simply cut down on the quantity.

Dr. Plotz tested his diet on some 100 patients. He reports that in many instances the patient's friends and even members of his family were not aware that he was dieting.

You can accept dinner invitations to eat out without any undue embarrassment.

And, of course, the homemaker is given a real break, since she doesn't have to prepare separate meals for the dieter and for the rest of the family.

Question and Answer

Mrs. W. D. S.: My son, 18, never was troubled with pimples until now.

Can you tell me what causes them and how they can be cured?

Answer: Pimples, or acne, is a common skin disturbance in young people. Diet, age, glandular activity and infection all play a role in their causation.

Treatment may be sinple, including frequent scrubbing of the area, attention to diet and local medication. Other cases require more intensive treatment.

You should take hom to a skin specialist.

Cincy Traffic Ticket Total Hits Million

CINCINNATI (AP) — Paying traffic tickets is a million-dollar business in Cincinnati. The Traffic Bureau reported Tuesday fines and penalties on tickets produced $1,221,434 in the first 11 months of this year.

The World Today

By James Marlow

WASHINGTON, (AP)—As one of his last acts in office, Secretary of Defense Neil H. McElroy conceded the Soviets will be ahead of this country in missiles for another three years.

Since the Democrats have hammered at the Eisenhower administration for months—complaining that it lacked a sense of urgency in meeting the Soviet missile challenge—next month's opening of Congress should be a fiery one.

McElroy made his statement Tuesday shortly before leaving office to go back into private business and just a few hours after Premier Nikita Khrushchev boasted in Hungary the USSR now has enough nuclear rockets to flatten all its foes.

But McElroy made these two points:

1. As of today, he said, the Soviet Union and the United States have about the same number of long-range missiles and the number is "quite small" on both sides.

Last July he estimated the Soviet Union had fewer than 10 intercontinental ballistic missiles capable of hitting the United States. He said then that over-all the United States could more than match Soviet ICBM capabilities.

But only recently Khrushchev said one Soviet plant was turning out 250 missiles a year, which would be a lot more than the 10 McElroy said the Soviet Union had.

2. McElroy said the administration will ask Congress for money so that bombers capable of carrying nuclear weapons can be maintained on an airborne alert.

The money would go, he said, to buy additional engines for B52 strategic bombers and to train Air Force crews so that some degree of airborne alert can be ordered when the Joint Chiefs of Staff conclude the Soviet Union has a substantial ICBM lead.

The B52 is a jet bomber capable of making 650 miles an hour and with a range of over 6,000 miles without refueling. Soviet jet fighters which would try to intercept the bombers can do up to 900 miles an hour.

This country is going in for B52 model jet bombers which can fire the Hound Dog missile. This weapon, carrying a nuclear warhead, can be fired from the bomber at a target 500 miles ahead.

McElroy explained: If the Soviets build the number of ICBMS they are capable of building and if the United States builds the number it now intends to, the Soviets will have more missile capability over most of a three-year period.

McElroy was defense secretary 26 months. Under his direction this country developed its first intercontinental ballistic missile, the Atlas, and worked toward perfecting more advanced weapons.

But as time went on and the Soviets inflicted one embarrassment after another on this country in space development, plus their missile boasting, the Democrats protested the administration wasn't doing enough to keep up or get ahead.

Last winter McElroy finally said this country didn't plan trying to match the Soviets missile for missile.

Gas Fumes Fatal To 5 in Newark

NEWARK, Ohio, (AP)—An unvented gas space heater they were using to warm a house they had just moved into ended the lives of two young women and three children.

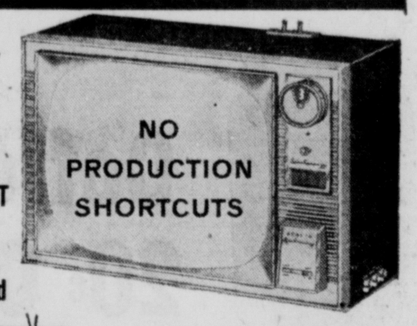

William Thurman, came home to find his wife, Jean Marie, 27, their children, Nancy Lynn 4, Terrance Allen, 2, and Timothy Randall, three months, and a girl who lived with the family, Memphis Mae Mabe, 19, dead.

Dr. Carl Frye, deputy coroner, ruled the cause was carbon monoxide poisoning from the heater.

Any U.S. Ban on Cigarettes To Be Hard on Tobaccomen

WASHINGTON (AP) — What would happen to the economy if the government banned cigarettes?

It's not likely to happen, since at present the government has no authority to move against cigarettes for any effect they may have on health.

Surgeon General Leroy E. Burney last week warned that the weight of evidence implicates smoking as the main cause of a rising rate of lung cancer, but he has no power to ban smoking even if he favored such a move. Industry spokesmen attacked Burney's warning as a warmed over rehash of old statistics.

But if the government did ban cigarettes, the action would have several hefty consequences. For one thing it would paralyze a seven-billion-dollar industry. For another, it would take a painful bite from federal, state and local tax revenues.

Whie taking no sides on the cancer controversy, farm officials said today a drastic ban of cigarettes would adversely affect three quarters of a million farm families and thousands more workers now marketing, processing and selling tobacco products.

The Agriculture Department said taxes collected on tobacco products by federal, state and local governments will total $2,700,000,000 this year. Nearly two billion dolars of this goes to the federal government.

Subsidies paid tobacco growers under federal farm programs total less than 175 million dollars since the inception of those programs in the mid-30s. Subsidies have been small compared to those for other crops because production has been controlled more rigidly.

Tobacco manufacturers and the federal government would lose more in total dollars than would growers, who will receive an estimated $1,100,000,000 for their tobacco this year.

Officials estimated that more than 40,000 earners would be thrown out of work in the industry. Their wages were estimated at more than $160,000,000 a year. Thousands of retail tobacco stores would be affected. Heavy losses would be sustained also in useless cigarette vending machines.

Columbus Denied Rate Hike Delay

COLUMBUS, Ohio (AP) — The Ohio Supreme Court today refused to delay a 3½ million dollar annual electric rate increase now in effect for Columbus consumers pending outcome of an appeal from rate boost.

The 6-2 decision said rate increases become effective upon final action by the Public Utilities Commission and that an appellant must post bond.

City Atty. Russell Leach, who filed the appeal and requested a delay in the increase, said Columbus didn't have the two million dollars needed for bond.

The appeal by the City of Columbus from the rate increase still is pending before the court.

The Holland Tunnel between New York and Jersey City is used by more than 20 million vehicles a year.

Westminster Bible Class Holds Christmas Party

The home of Mrs. Robert Pickens, 127 Park St., decorated for the holiday season, was the scene for the Christmas party of the Westminster Bible Class of the Presbyterian Church Tuesday.

Mrs. W. L. Mack, president, opened the meeting with a prayer by Peter Marshall. She reported that 19 Thanksgiving cards had been sent to shut-ins of the church.

The group voted to send a Christmas basket to a needy family. Members also voted to again send a magazine to the Pickaway County Children's Home.

Thank-you cards were read from Mrs. Florence Steele and her daughter, Mrs. Ruth Steele Smith, Columbus, former members of the society.

Mrs. G. Guy Campbell was in charge of devotions and the program. She read a prayer followed by a reading entitled "Christmas".

Mrs. Campbell also presented the story "Our Christmas".

Mrs. Orwin Dreisbach gave each member a date calendar. A salad course was served by Mrs. Pickens, assisted by Mrs. B. T. Hedges, Mrs. George Roth, Mrs. G. Guy Campbell and Mrs. Charles Lyons.

The next meeting will be held January 5 in the home of Mrs. W. A. Downing, 223 N. Scioto St.

The annual Christmas dinner and gift exchange of the Circleville Blue Star Mothers Chapter No. 7 will be held at 12:30 p. m. Monday in Thompson Restaurant, south on Route 23.

Lutheran Youths Plan Play Practice

Christmas Play practice will be held at 2 p. m. Saturday by members of the Junior Department of Trinity Lutheran Church in the junior department of the parish house.

Washington PTO To Hold Bake Sale

Washington Twp. PTO will sponsor a Bake Sale starting at 9 a. m. Saturday at Mac's Tire and Appliance Store 113 E. Main St.

If you are an eat-aloner and have fallen into irregular ways, get hold of a lightweight tray and a pretty place mat. Then find the most comfortable spot in the house; whether it's a lunch or a simple supper you'll probably enjoy your meal this way.

Christian Home Society Holds Dinner-Meeting

Mr. and Mrs. Lawrence Krimmel were hosts at the monthly covered-dish-supper and meeting of the Christian Home Society of Christ Lutheran Lick Run Church held Tuesday in the parish house.

The meeting opened with the group singing "Joy to the World". Van Meter Hulse, vice-president, conducted the meeting.

Members will present two comforts, which they made, to needy families for Christmas. Also each member brought a toy to be given to needy children at Christmas.

Officers for the coming year are Mrs. Noah List, president; William Hulse Sr., vice-president; Harry Kern, treasurer; Mrs. Gerald Easter, secretary; Mrs. Lawrence Krimmel, news-reporter; and Mrs. George Schleich, pianist.

The meeting closed with the group singing "Come Hither Ye Thankful" after which a gift exchange was enjoyed by the children.

Adult Class Plans Party

The Tarlton Methodist Young Adults Class held its monthly meeting recently in the home of the Rev. and Mrs. Earl Bowser, Tarlton.

Mrs. Bowser was in charge of devotions. The business session was conducted by Mrs. Rhymer. The class voted to send a contribution to the Rev. Jack Hedges, a former Pickaway Countian, who is now a missionary in Hawaii.

Members drew names for the gift exchange to be held in December and also decided that each person would bring his own lunch.

A short program followed the business session after which the host and hostess served refreshments.

The next meeting will be held December 28 in the church basement. The group will prepare fruit baskets for Christmas.

Dear Abby...

By Abigail VanBuren

Idle Talk Can Be Very Costly

DEAR ABBY: Two of my girlfriends and I got together and we started talking about another girl. They said some things about her that were very damaging to her reputation. (They were not true.) I am sorry to say that I joined in and did my share of talking. The rumors got around all over school and she found out who started them. Now I have lost her friendship. She is a very nice girl, Abby. I never realized how much harm could be done by just talking about a person.

I hope that everyone who reads this will benefit from it. I caused a lot of tears to be shed and I pray she will forgive me. I could not feel worse if I had robbed a cripple of his reutches.

LEARNED A LESSON

DEAR LEARNED: To confess a wrong and ask forgiveness is a step in the right directoin. Now promise never to do it again. For those inclined to be loose of tongue a little simplified Shakespeare: "He who steals my purse steals trash, but he who steals my good name, enriches himself not and makes me poor, indeed."

DEAR ABBY: My sister has a big hairy wart on her nose. She is always trying to shave it. We tell her she might get it infected, but she doesn't pay any attention to us. Can she get an infection from this or can't she?

SICK OF ARGUING

DEAR SICK: She can.

DEAR ABBY: I am making my daughter's school wardrobe. She is a fourth-grader and very fashion conscious. She requested straight skirts. Personally, I think a full skirt would look better on her, but she specifically asked for a straight skirt because she says all her friends have them. My older sister opened her big month. She says I am crazy to let a 9-year-old girl have what she wants. I say, my daughter might not LOOK as well in a straight skirt, but she'll be happier with it because she'll be like her friends. What do you say, Abby?

MOTHER

DEAR MOTHER: I say you are right! I wouldn't carry this philosophy to extremes by allowing my child to "have things" merely because her friends have them. But when it comes to clothes, if it isn't too "way out"—let her have what whe wants.

What's your problem? For a personal reply write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

Dorcas Class To Hold Supper

Dorcas Pathfinders Class of Calvary EUB Church will hold a fellowship supper starting at 6:30 p. m. tomorrow in the church annex.

A bazaar will be held following the supper. All ladies of the church and outside guests and members of Crusader and Trailmakers Classes are invited to attend.

The supper will be furnished by the Drrcas Pathfinders Class and persons attending are asked to bring their own table service.

A Tea Is Slated By Circle No. 3

Circle No. 3 of Trinity Lutheran Church will hold a Tea beginning at 1:30 p. m. Tuesday instead of a luncheon at 12:30 p. m. as previously planned.

The Tea and gift exxhange will be held in the home of Mrs. Eugene Hanson, 345 E. Main St.

Bazaar Scheduled By Guild No. 15

Berger Hospital Guild No. 15 will sponsor a General Bazaar starting at 7 p. m. tomorrow in the Second Baptist Church, W. Mill St.

SCULPTURE WINS $2,000—An unusual rust brown iron sculpture titled "The Self" is examined by Anne Hunt at the Chicago Art Institute's 63rd American Exhibition of Painting and Sculpture. "The Self" won the $2,000 Mr. and Mrs. Frank G. Logan award. Creator of the sculpture is Isama Noguchi, American-born Japanese.

USED TO BE A GUY—This is the Mrs. Charlotte Heidal, 34, who used to be Charles Ernest McLeod in the U. S. Army, then became Charlotte McLeod via operations in Denmark, then married Ralph Heidal, 36, in Miami, Fla., in October. The transformation took place in 1953-54. None of Mrs. Heidal's friends in Miami knew of her former identity, reports Miami Herald. As GI, she was from Dyersburg, Tenn.

McElroy Says U.S. Power Sufficient To Match Soviet

3WASHINGTON (AP) — Neil H. McElroy, retiring secretary of defense, concedes the United States will lag behind the Soviet Union in intercontinental missiles for the next three years.

But McElroy contended the nation has enough striking power in other forms to offset this missile gap.

At a farewell news conference Tuesday, a few hours after his resignation was announced by the White House, McElroy said these steps have been taken or will be taken to fill in the gap:

1. Congress will be asked for enough money to let the Air Force maintain an airborne alert if necessary during the three-year missile lag period. In such an alert, bombers carrying nuclear weapons would be in the air at all times, safe from sneak attack and ready for instant retaliation.

2. The development of the Hound Dog missile has added years to the usefulness of manned bombers such as the B52. This missile can be fired from an airborne B52 at targets up to 500 miles away.

3. The Navy's Polaris missile, while not yet operational, will be ready to go next year. This is the 1,500-mile missile that can be carried anywhere by atomic-powered submarines and fired from under water.

McElroy's disclosure that the country will rely heavily on the B52 for the next three years came shortly after the Air Force all but canceled the B70 bomber program.

The B70 is an advanced bomber designed to fly three times the speed of sound. It was years from being operational although a half billion dollars had been spent on it. Now only one or two prototypes will be built. The B70 had been criticized on the ground that it would be obsolete in the missile age even before it went into production.

McElroy said that as of today the Soviet Unoin and the United States have about the same number of interconinental missiles—a very small number. But he said Soviet production will outstrip the United States in coming years.

LIZ IS BETTER—Singer Eddie Fisher walks past nurse Ruth Wolf as he enters the Harkness pavilion of the Columbia-Presbyterian Medical center in New York to visit his wife, actress Elizabeth Taylor, stricken with double pneumonia. Miss Taylor is reported in good condition.

Television Actor Victory Jory was born in the gold rush town of Dawson in Canada's Yukon Territory.

Pacifist Shuns Court's Order

Lecturer Refuses To Name Speakers

CONCORD, N.H. (AP)—A New Haven, Conn., lecturer—ready to go to jail for contempt rather than disclose names in a subversive activities inquiry—says the state of New Hampshire will "find it hard to put a man in prison because of his conscience."

Willard Uphaus, 68, who describes himself as a Christian pacifist, was ordered Tuesday to appear in Superior Court Dec. 14 and name guest speakers at his World Fellowship Center, a summer camp meeting at Conway, in 1954 and 1955.

Uphaus steadfastly has refused to supply the information to Atty. Gen. Louis C. Wyman despite a contempt conviction and the failure of appeals to the New Hampshire Supreme Court and the U.S. Supreme Court.

The Superior Court can send Uphaus to jail unless he purges himself by answering Wyman's questions. "In my case this may mean a life sentence," Uphaus has said.

Despite a flood of telegrams and letters urging clemency, Gov. Wesley Powell declined comment, asserting the matter is pending before the court. Methodist Bishop John Wesley Lord of Boston and Norman Thomas, former Socialist party candidate for president, are among those who appealed to the governor.

In an earlier court appearance, Uphaus attributed his refusal to religious convictions, conscience and the direct teachings of the Bible that it is wrong to bear false witness against my brother."

"Inasmuch as I have no reason to believe that any of these persons whose names have been called for have in any sense hurt this state or our country," he said, "I have reason to believe they should not be in possession of the attorney general."

Bomb Shatters Crowd

ALGIERS (AP)—A small bomb went off near the gate of Algiers University today, injuring no one. A growd gathered and 10 minutes later another bomb went off nearby. A French student from Morocco was killed, and six Europeans were wounded.

Ike Aide Raps Both Unions, Management

BAL HARBOUR, Fla. (AP) — Secretary of Labor James P. Mitchell said today management is moving too fast and organized labor too slow in improving productive efficiency in America.

Both, he said, had better seriously try to solve a mutual problem that involves the future not only of this country but of the free world.

Mitchell, in remarks prepared for the annual convention of the Investment Bankers Assn., said labor and management "would get farther along" if they devoted all the money, effort and imagination they use in propaganda on the efficiency issue to working out settlements.

The labor secretary obviously was referring to the disputes in the steel, railroad, maritime and other industries in which management seeks more leeway in cutting manpower costs and the unions are seeking to protect current work practices.

Mitchell said there is no question but that foreign competition to American goods is increasing and the products of industry in this country must be produced on a more efficient and less costly basis in the future.

But, he added: "The objective of efficient production of the economy will not be met by a management attitude so unskillful that it attempts to change in a stroke, by the bang of a single gavel, working habits built up over many years, through many bargaining sessions.

Terhune To Attend Chicago Conference

COLUMBUS, Ohio (AP)—State Agriculture Director Robert H. Terhune of Washington Court House left today for Chicago and two days of talks about the St. Lawrence Seaway's effect on agricultural production in the Great Lakes states.

The meeting was called by the North Central Assn. of State Departments of Agriculture.

Commerce Director John W. Bush of Portsmouth is in Philadelphia for a meeting of the Interstate Oil Compact Commission.

Air Force Receives Supersonic Bomber

FORT WORTH, Tex. (AP)—The Air Force Tuesday received the first operational model of he supersonic Convair B58 bomber.

The plane is the 31st Hustler to be built. The first B58 flew in November 1956. Five test models crashed or were destroyed in ground accidents. The first 30 planes built by Convair were test models.

Young Thugs Get $80,000 In Diamonds

ST. LOUIS, Mo (AP)—Police today sought two business - like young bandits who Tuesday made off with diamonds valued at between $80,000 and $90,000.

The pair, one of them disguised as a policeman, invaded the 12th-floor office of wholesale jewel merchant Manes Topper, bound and gagged Topper and his wife, Sadie, with adhesive tape, scooped the gems—including one of 7¾ carats—into a briefcase and sprinted downstairs.

The uniformed man knocked on the locked door of the office and told Topper, 53, "I'm a policeman. We have a report on your stolen car."

Topper's car had been stolen two weeks ago so he admitted the man, who was followed by another wearing a gray hat and topcoat. The second man announced, "This is a holdup."

Police Sgt. James McGauley said the job was thoroughly worked out. The men were familiar with the office and building.

NOTICE OF APPLICATION TO THE PUBLIC UTILITIES COMMISSION OF OHIO FOR AN INCREASE IN ELECTRIC RATES.
TO WHOM IT MAY CONCERN:

Pursuant to the requirements of Section 4909.19 of the Revised Code of Ohio, Columbus and Southern Ohio Electric Company hereby gives notice that on November 2, 1959, it filed with The Public Utilities Commission of Ohio an application for authority to increase and modify its schedules of rates and charges for residential service and for its standard secondary service, other than residential, throughout its territory except in Franklin County and except for residential and small commercial service in the municipalities of Nelsonville, Pomeroy, West Union and Bainbridge.

The Application seeks authority to cancel certain of the sheets of the Company's presently filed schedules designated PUCO No. 1, electric service, in so far as they affect the areas aforesaid and to substitute new sheets therefor.

The substance of the rate revisions proposed in the Application is as follows:

RESIDENTIAL SERVICE

The new residential rates are contained in two schedules. The rate sought to be established in the unincorporated areas of the counties of Delaware, Knox, Licking, Madison and Pickaway and Madison Township of Fayette County and all of the incorporated municipalities in the Company's territory outside of Franklin County in which the Company renders the service affected (excepting the municipalities of Nelsonville, Pomeroy, West Union and Bainbridge) is as follows:

First 20 kwh or less per month $1.50
Next 60 kwh per month ... 4.0c per kwh
*Next 120 kwh per month.. 3.0c per kwh
All over 200 kwh per month ..... 1.9c per kwh
Minimum monthly charge $1.50 per meter.

*The third block of the rate shall be increased by 10 kwh for each 0.1 kw of demand in excess of 7.5 kw during the month. If an electric water heater is used such increases shall apply to demand in excess of 7.5 kw plus the rating of the largest water heating element but shall apply in any event to all demand in excess of 10.5 kw.

The rate sought to be established in the balance of the Company's unincorporated territory outside of Franklin County is as follows:

First 20 kwh or less per month $1.50
Next 60 kwh per month..... 4.5c per kwh
*Next 120 kwh per month....3.0c per kwh
All over 200 kwh per month ..... 1.9c per kwh
Minimum monthly charge $2.00 per meter.

*The third block of the rate to be increased in the same manner as provided in the first described proposed schedule.

The Company's present schedules entitled "R-11", "R-10", "R-S-R", "R-N-R" and "R-11-D" which presently establish the rates for residential service are to be withdrawn in the affected areas. This will have the effect of increasing the rates of consumers now taking service under such schedules in the affected areas. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

GENERAL SERVICE—SMALL—SECONDARY

The rates sought for General Service — Small — Secondary service are to be uniform through the entire territory of the Company outside Franklin County. The proposed schedule of charges for such service is as follows:

First 20 kwh or less per month $1.50
Next 80 kwh per month..... 5.0c per kwh
Next 200 kwh per month..... 4.5c per kwh
Next 450 kwh per month, plus 100 kwh per kw of Maximum Capacity in excess of 7.5 kw ..... 4.1c per kwh
Balance to 5000 kwh per month ..... 2.2c per kwh
All over 5,000 kwh per month ..... 1.7c per kwh
Minimum charge $1.90 per kilowatt per month applied to a Maximum Capacity equivalent to 50% of the greater of (a) the highest Maximum Capacity previously established during the term of the service contract or (b) the capacity requirements of the consumer as specified in the service contract.

The Company's schedules entitled "G-1" and "G-S-1", in so far as they are applicable to the areas outside of Franklin County, are to be withdrawn. This will have the overall effect of increasing the rates of consumers now on such schedules outside of Franklin County. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

GENERAL SERVICE—MEDIUM—SECONDARY

The rates sought for General Service — Medium — Secondary service are to be uniform throughout the entire territory of the Company outside Franklin County. The proposed schedule of charges for such service is as follows:

Maximum Capacity Demand Charge
First 10 kw or less of Maximum Capacity ..... $21.20 per month
Next 40 kw of Maximum Capacity ..... 1.90 per kw per month
Next 950 kw of Maximum Capacity ..... 1.60 per kw per month
Over 1000 kw of Maximum Capacity ..... 1.50 per kw per month
Excess Kilovolt-ampere Demand Charge ..... .25 per kva per month
Energy Charge
First 300 kwh per month per kw of Maximum Capacity, but not less than 50,000 kwh, as follows:
First 5,000 kwh per month ..... $ .022 per kwh
Next 15,000 kwh per month ..... .017 per kwh
Next 30,000 kwh per month ..... .013 per kwh
Next 50,000 kwh per month ..... .011 per kwh
Over 100,000 kwh per month ..... .0095 per kwh
Over 300 kwh per month per kw of Maximum Capacity, but not less than 50,000 kwh ..... .008 per kwh
Maximum Charge
Bills rendered under this schedule shall not exceed $2.20 per month plus 4.10 cents per kwh for all energy consumed, except by reason of the Minimum Monthly Charge.

Minimum Monthly Charge shall be the demand charge applied to a Maximum Capacity equivalent to 50% of the greater of (a) the highest Maximum Capacity established during the contract term or (b) the capacity requirements specified in the service contract.

The Company's schedules entitled "G-2" and "G-S-2", in so far as they are applicable to the areas outside of Franklin County, are to be withdrawn. This will have the overall effect of increasing the rates of consumers now on such schedules outside of Franklin County. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

COMMERCIAL SERVICE

In addition to the foregoing, the Company's schedules entitled "C-4", "C-4-0", "C-S-O" and "C-S-R-O" are to be withdrawn in the affected areas. This will leave the General Service — Small — Secondary and the General Service — Medium — Secondary schedules described above as the only available schedules for this service in such area. This will have the overall effect of increasing the rates of consumers in the affected areas now on such schedules to be withdrawn. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

The Company's Application further states that its existing rates affected by such Application are not sufficient to provide a reasonable return upon the property devoted to such service and that the rates applied for will provide no more than a reasonable return on such property. Such Application prays that the Commission (1) find that the present rates, prices, charges and other provisions of the schedules affected by such Application are unjust and unreasonable and insufficient to yield just compensation for the service rendered thereunder and (2) find and determine that the rates, prices, charges and other provisions of the schedules tendered with such Application for filing are just and reasonable, and approve such schedules in the form tendered with such Application and make such schedules effective as soon as it is practicable to do so.

5 Cubans Held On U.S. Charges

MIAMI, Fla., (AP)—Five Cubans, including two air force pilots under deposed Cuban president Fulgencio Batista, are under $2,500 bond each for a hearing on a federal charge of attempting to fly explosives out of the United States.

Custom agents arrested the men Sunday before they got in the air with their home-made bombs. Their hearing is set for Dec. 18.

Charged in the case are Osvaldo Piedra, 24, Jose Hernandez, 24, both identified as ex-Batista air force pilots; Manuel Revuelta, 29, Manuel Blanco, 23, and Miguel A. Orasco, 23, all of Miami.

John Adams, the second president, was the first chief executive to live in the White House.

ZIGGED WHEN IT SHOULD'VE ZAGGED—The jet-powered Tempo Alcoa lies aground at Pyramid lake in Nevada, where it veered out of control in a speed test preparatory to a try at the world record. It did "better than 260," said "pilot" Les Staudacher.

8 More Boys Flee Lancaster

LANCASTER, Ohio (AP)—Eight more youths escaped today from Boys Industrial School near here, bringing to 30 the number of boys who have fled the institution in the past week.

Twenty-two boys escaped last week and some are still at large.

Involved in the latest escape were Fred Rice, 15, South Lebanon; Richard Spencer, 15 Columbus; Richard Hamilton, 16, Newark; David Judson, 15, Nelsonville; Herbert Lee Johnson, 16, Dayton; Wayne William Johnson, 15, Greenfield; Webster Lawson, 16, Clayton, and Frazier Kidd, 16, Cincinnati.

There are nearly 700 islands and more than 2,000 cays and rocks in the Bahama Island group.

Woman Files Suit Against Father, Son

Gladys M. Noggle, 219 S. Washington St., Tuesday filed a $10,300 damage suit in Pickaway County Clerk of Courts' office against Junior Lee Denney and his father, Leroy Denney, both of 951 S. Pickway St.

Miss Noggle contends that on Dec. 2, 1957, while attempting to park her car, it was struck in the rear by an auto driven by young Denney.

The suit said the accident occurred on the south side of E. Main St. Miss Noggle said that as a result of the collision, her auto was forced over the curb and into a parking meter on the sidewalk.

She states that she was thrown forward inside the car, suffering injuries to her spine, neck and shoulder muscles and shock to her entire nervous system.

* * *

THE PETITION states she suffered temporary and permanent pain, is unable to move her head in certain directions and will be under constant medical care the rest of her life.

The petition continued, stating that Denney Sr. allowed his son to drive the family car. It said that because of the 18-year-old's youth and lack of skill and experience, he was incompetent to operate an automobile and unfit to be given charge and control of the auto.

It stated that because of the younger Denney's unfitness, he was a menace to persons and autos on public streets and highways.

The suit cites Denney for the following acts of negligence: 1. failed to keep the car under control; 2. was traveling 25 miles per hour making it impossible to stop within an assured clear distance;

3. knew the auto's brakes were defective; 4. that his father knew the car's brakes were defective, and 5. the father knew his son was incompetent to operate a car.

The petition asks for $10,000 in damages and an additional $300 for medical expenses. Miss Noggle is represented by Earl A. Smith, local attorney at 209 E. Main St.

Delinquent Names To Be Published

Real estate tax delinquents will be published in four Pickaway County newspapers starting December 30.

This resolution was made by the Pickaway County Commission during the second day of their fourth quarterly meeting, held Tuesday.

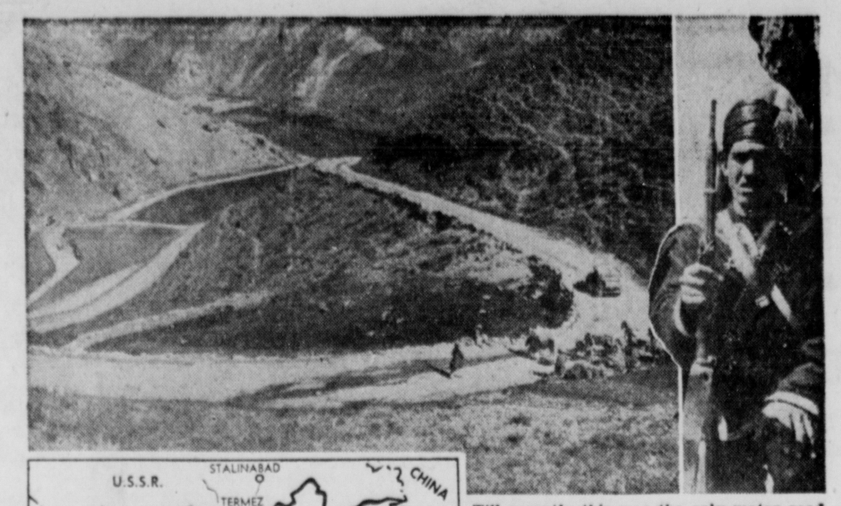

The resolution stated that real estate tax books will be closed December 21 by County Treasuser Robert Colville and first publication of delinquencies will be made nine days later.

Santa or No Santa, Somebody's Gonna Pay

JOPLIN, Mo. (AP) — Santa Claus, the guest of honor in the annual Christmas parade Tuesday night, was his usual lovable self and all the kids were clamoring for the favors he tossed from his float.

Unfortunately, a piece of hard candy broke the glasses of 8-year-old Richard Howell.

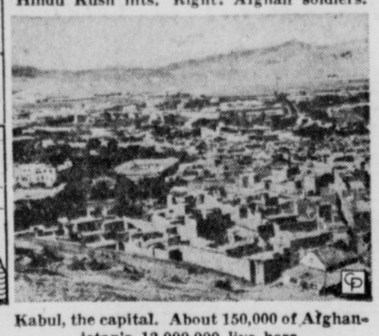

Santa or no Santa, said Richard's mother, the parade-sponsoring Chamber of Commerce may get billed for a pair of glasses.

President Eisenhower's plane will land at airfield 35 miles north of Kabul.

Till recently this was the only motor road across Afghanistan from the Soviet to Pakistan. This is the Shibar pass in the Hindu Kush mts. Right: Afghan soldiers.

Kabul, the capital. About 150,000 of Afghanistan's 12,000,000 live here.

IKE STOPOVER—Storied Afghanistan, where President Eisenhower will stop on his Europe-Middle East-Asia trip, probably is the Soviet's highest priority "foreign aid" nation. High Soviet officers are training King Mohammed Zahir's soldiers, who are equipped with $70 million in Russian arms. The Soviet is making Afghanistan a present of a paved highway linking Kushka with Kandahar (see map). Nearly half of Afghanistan's foreign trade is with the Soviet (only 18 per cent in 1955). Afghanistan was crossed by Marco Polo's caravan 600 years ago. *(Central Press)*

DiSalle Seeks Better Plan For BIS Boys

COLUMBUS, Ohio (AP)—A recent visit to the Ohio Soldiers and Sailors Orphans' Home at Xenia gave him an idea, Gov. Michael V. DiSalle told newsmen today.

The same sort of program — good educational and vocational training facilities, an environment which encourages rehabilitation, and enough staff members to adequately supervise youngsters — might be the answer to Ohio's juvenile correctional problems, DiSalle said.

"There were 22 walkaways at (Lancaster) Boys' Industrial School at Thanksgiving time," he pointed out. "This indicates something is lacking. Many people don't realize that Lancaster is the largest boys' industrial school in the world, with 918 boys in facilities for 500."

Early in 1960, DiSalle said, when a study of mental patients he was ordered is well under way, he will press for action to set up smaller units around the state for work with youngsters who have varying kinds of problems.

The present program is inadequate, he said, because youngsters primarily are crowded into the Lancaster Boys' School and the School for Girls at Delaware, and because there is little follow-up action to find out what youngsters do after release.

A check of Ohio' Penitentiary and other state prisons would show that many inmates committed further offenses after release from the juvenile correctional institutions, DiSalle said.

"If we don't correct it (the program)," he said, "we're going to keep building penal institutions for ever and ever."

Small Towns To Get Urban Building Plans

COLUMBUS, Ohio (AP) — Details for how Ohio counties and towns of under 50,000 population can share in federal grants for urban planning will be given at a meeting here Dec. 10. The funds, totaling $1,700,000, are available under the urban planning assistance section of the 1959 housing act.

New State Sales Tax Law Upheld

COLUMBUS, Ohio (AP) — Common Pleas Judge Kenneth L. Sater has upheld a new state law that eliminates issuance of sales tax stamps on auto purchases.

Tuesday he upheld objections by the state which asserted that suits attacking the law did not show a cause of action.

A Columbus auto agency head and a man who purchased a car from the agency challenged the law on grounds it was discriminatory and unconstitutional.

The law prohibits auto dealers from issuing tax stamps and collecting a 2 per cent vendor's discount. The tax collection is new placed in the hands of the county clerk of courts.

Woman Killed In Shop by Angered Mate

LORAIN, Ohio (AP) — Howard A. Dixon, 49, walked into a cleaning establishment in a shopping center near here Wednesday and shot his wife to death, Lorain County sheriff's deputies said.

Dead was Mrs. Mae Woodrum, 39, of Lorain. She was separated from her husband, had started divorce proceedings and was using her former married name.

Sam Prizant, manager of the Flash Cleaning Co. store, said Dixon walked in and said he wanted to talk to his wife, one of six women working in the store.

Mrs. Ann Zalstel, who had been working close to Mrs. Woodrum in the shop at the O'Neill-Sheffield Shopping Center, said Mrs. Woodrum told Dixon, "Please leave me alone."

"Then I heard the shots," Mrs. Zalstel said.

Prizant and the five women fled the shop. An employe of a drug store next to the shop went in and disarmed Dixon.

Mrs. Zalstel said when she went back into the shop Dixon was crying over his wife's body.

Sheriffs' deputies were holding Dixon without charge. They said six shots had been fired from the .22 caliber 9-shot revolver.

Hazelton To Be Dean Of Oberlin Theology

OBERLIN, Ohio (AP) — Next Sept. 1 Dr. Roger Hazelton, 50, will become dean of the Graduate School of Theology at Oberlin College. The appointment of Dr. Hazleton, chairman of the department of religion at Pomona College and professor of religion at Claremont (Calif.) Graduate School, was announced Wednesday by Oberlin's president, William E. Stevenson. Hazleton succeeds Dean Leonard A. Stidley, who died May 28, 1958. Since then Dr. George P. Michaelides has been acting dean.

Rock 'n' Roll Takes Beating In OSU Poll

COLUMBUS, Ohio (AP) — Do you dislike rock 'n' roll enough to turn off your radio when that type music is played?

Two Ohio State University researchers reported today that no other type music is actively disliked by as many listeners as those who tune out rock 'n' roll programs.

Nearly 35 per cent of 1,992 Columbus adults aged 19 to 70 said they would flip to another station if as much as a half-hour of rock 'n' roll was announced, the researchers found.

The second biggest proportion of listeners who dislike a certain type music enough to turn off their radios are the 26 per cent who can't stand classical or concert music. The 21.7 per cent who dislike jump, jive and other jazz makes the third biggest group.

The researchers readily admit, however, that lack of enthusiasm for rock 'n' roll represents an adult viewpoint only.

Among the 14 to 18-year-old crowd, rock 'n' roll outstrips all 17 other musical categories and is liked by 82 to 83 per cent of the teenagers.

Radio music preferences were surveyed here last April by two Ohio State graduate students, Howard E. Hopf and Raymond T. Bedwell Jr. Hopf is now teaching at California Western University, San Diego, and Bedwell at Marquette University, Milwaukee.

Interest Rate Climb Helps Some Yankees

U.S. Paying Out $9 Billion a Year; You Getting Share?

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—With interest rates still rising, a lot of individual Americans are benefitting. The pinch on borrowers isn't the entire picture.

The federal government alone is paying out more than nine billion dollars a year to those from whom it borrows and you may be among the millions getting some of that as a partial offset to the taxes you pay.

Indivudals are getting more of that nine billion dollars than you might suspect. They also are collecting on state and municipal bonds, as members of savings and loans associations and credit unions, as holders of corporate debt securities and on savings accounts in the banks.

Millions of Americans also expect sooner or later, one way or another, to get returns on investments in life insurance, mutual funds, and private pension and retirement funds. Some are getting such returns right now.

The banks and other financial institutions may be getting a smaller portion of the increasing total of interest payments than you think.

The U. S. Treasury says it pays out 1½ billion dollars a year in interest to the 40 million persons who own U. S. savings bonds. It pays another half-billion to individuals holding other forms of its securities.

The next largest volume of interest goes to various government investment accounts, like Social Security, which put their idle funds in Treasury securities; and to the commercial banks, each getting 1½ billion a year on their holdings.

Federal reserve banks holdings of the U. S. debt bring in 800 million dollars a year, according to the latest available figures. Nonfinancial corporations get 600 million a year or more at latest count.

State and local governments also get interest from Uncle Sam, about 400 million dollars a year. Insurance company holdings are good for 300 million dollars and mutual savings banks for 200 million. The Treasury lists the rest as going to miscelaneous investors.

Weekly Food Review

By THE ASSOCIATED PRESS

Beef and pork took over featured positions on the meat counters of the nation's supermarkets this week.

Supply was good but prices generally were higher than a week ago when these items took a back seat to Thanksgiving turkey.

Beef supplies are increasing slightly, running about 5 per cent more than a year ago. The pork supply is about 10 per cent above this time last year. An abundance and variety of hams already are being pushed for Christmas and New Years's.

Weekend specials in the meat department run heavily to chuck pot roasts, pork shoulders, roasts, loins and hams.

Fryers and lamb are among the features.

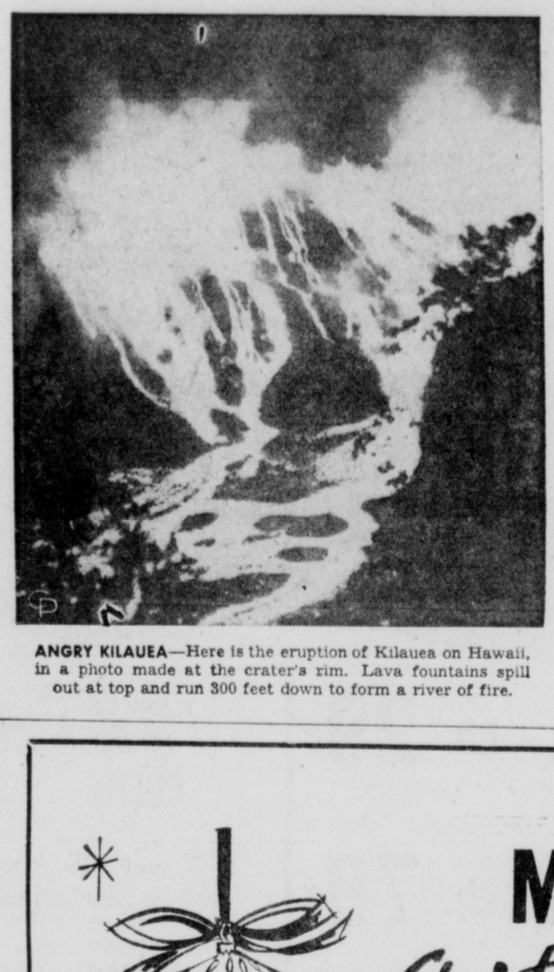

There are good buys in bacon, frankfurters and ground beef.

An abundance of vegetables, many at attractive prices, is available.

The best buys are medium size yellow onions, cauliflower, sweet potatoes, acorn and butternut squash, mushrooms, broccoli, eastern potatoes, brussel sprouts, egg plant, kale, collards, and radishes.

In the good buy classification are celery, corn, carrots, beets, endive, iceber lettuce, small and medium peppers, spinach and rutabaga.

Fresh fruits are limited in variety. Best buys are apples, avacados and Florida oranges, grapefruit and tangerines. Western apples and Florida kumquats are are available at good prices. Strawberries and Spanish melons are expensive.

Chillicotheans Are Named in Man's Will

WORCESTER, Mass. (AP) — Five nieces and nephews are beneficiaries under the will of Nelson Davis White of Winchendon, on file today in Worcester County Probate Court.

White, long associated with the textile industry and an active member of the New England Horse Assn. and the Morgan Horse Club, died Oct. 10, 1959, in the same house where he was born 80 years ago.

The will provided that all White's horses, an unspecified number, go to Joseph Nelson White of Chillicothe, Ohio.

Joseph Nelson White III, of Winchendon, another of White's nieces and nephews, was left real estate valued at $45,670.

The other nieces and nephews were left certain personal effects.

The remainder of the estate was left in trust, in custody of the Boston Safe Deposit and Trust Co., of Boston, under an agreement set up March 24, 1943.

A notation on the bond filed with the will listed real estate valued at $45,670 and personal property valued at $180,000.

White was vice president of the White Bros. Inc., of White Brothers Mill, Winchendon, which manufactured denim cloth from 1842 until it was closed in 1955.

The other nieces and nephews mentioned are Mrs. A. H. Cotter and Mrs. Richard A. Lindsay, both of Hawaii, Dr. Charles N. Hoyt of Chillicothe, Ohio, Mrs. Philip C. Beals of Southboro, Mass., Mrs. William F. Sprang of Medfield, Mass., and Mrs. C. M. Murray of Cleveland, Ohio.

13th Century Book Sold for $182,000

LONDON (AP)—New York dealer Hans P. Kraus today paid $182,000 for a 13th century illuminated book. It was the highest price ever paid at auction of a book or manuscript, dealers said.

Kraus made his bid for a copy of the Apocalypse, printed in St. Albans, England, about 1250.

Board Transfers 5 Local Students

Releases were granted to five students during a regular meeting of the Circleville Board of Education Tuesday night.

Superintendent of Schools, George Hartman said four of the students were released to Logan Elm. He said all are children of parents who teach in that district.

Ready to be accepted at Logan Elm are Robert Kellog, grade 6; Denny Ramsey, grade 8; Brenda Mills, grade 3; and Linda Styers, grade 9.

Roy Whaley, Hayward Ave., was released to Jackson Twp. School. His official release was made in order to permit him to participate in basketball at the county school.

Findlay Cranberries Seized by Health Aides

COLUMBUS, Ohio (AP) — "Something similar to a trace" of aminotriazole contamination has been found in cranberries seized at Findlay, the Ohio Department of Agriculture said Tuesday.

The department testing laboratory at Reynoldsburg said the trace found, however, is so slight the cranberries could be passed for human consumption.

The federal authorities say the chemical weed killer, aminotriazole, can cause thyroid cancer in rats.

Sneaky Trick Is Pulled by Jail Escapee

WASHINGTON COURT HOUSE, Ohio (AP)—Police are searching for a man who made an unusual escape from city prison here Wednesday.

Harold W. Mongold, 27, of nearby Bloomingburg apparently hid under his bed, then fled when an officer left the cell door open thinking the man had been transferred, police said.

An hour after the escape a truck driver reported seeing the man at Mount Sterling in adjoining Madison County.

Mongold was arrested in Chillicothe Saturday following a robbery of the Triangle Restaurant there. Also nabbed in connection with the robbery was William T. Mass, 41, of Columbus. He is awaiting a hearing.

Mongold had pleaded guilty to armed robbery and auto theft in Municipal Court Monday. He fled the Fayette County jail several years ago but was returned by his mother shortly after the escape. He was released a year ago from Ohio Penitentiary after serving two terms for breaking and entering.

Milkman's Girl, 14, Handed Sentence

NEW BRUNSWICK, N. J. (AP)—Barbara Dianne Plaisted, 14, who ran away to Texas with a milkman, was sentenced today to an indeterminate term in the state home for girls.

Barbara became hysterical when the sentence was pronounced.

The girl testified that Ernest Carrao, 39, the milkman, forced her to have sexual relations with him. She said she went with him because she feared for her life.

Corrao, father of three children, was arrested with the girl in Anahuac, Tex. He told police he left New Jersey to escape creditors and that the girl begged to go along. Corrao recently got three to six years in state prison.

The University of New Brunswick in Fredericton, founded in 1785, is the oldest university in

Barbara Eisenhower, 6 Other Women To Travel with Ike

WASHINGTON (AP)—Six other women, besides Barbara Eisenhower, will make the goodwill tour of 11 countries with President Eisenhower. They're all secretaries to top officials.

The president's daughter-in-law is the only one not expected to work on the 22,000-mile journey.

Most of the secretaries — five from the White House and one from the State Department—are travel experts by now from association with world-circling U. S. leaders.

The president's personal secretary, slim, white-haired Mrs. Ann Whitman, from Perry, Ohio, has made every trip with Eisenhower. In her 40s, she's the wife of Edmund S. Whitman, publicity director for the United Fruit Co. in New York City.

Mrs. Whitman probably gets senior rating among the traveling secretaries, who are used to working on planes and trains just as they do in an office.

She's probably taken more of Eisenhower's dictation than anyone else. According to friends, she started out as one of three women in a secretarial pool at the Denver campaign headquarters. The first day, when Eisenhower's buzzer sounded, it was lunchtime and Ann was the only one around. After working with her that day, Eisenhower decided no one else would do.

A close second though, is WAC Capt. Olive Marsh, a native of Cleveland, who's been in the army 15 years and served as one of Eisenhower's secretaries when he was Army Chief of Staff.

Now she's assigned as secretary to Eisenhower's personal physician, Brig. Gen. Howard Snyder.

She's made every one of Ike's trips, going to Augusta, Ga., and other vacation spots as well.

Among the 84 news correspondents accompanying the President is one woman—Elaine Shepard of New York City, representing the Women's News Service.

The president's traveling staff will be bolstered for the western summit conference at Paris by two more women. The associate White House press secretary, Mrs. Anne Wheaton, and another White House secretary, Mary Mead, who comes from an Erie, Pa., newspaper family.

Auto Transport Firm Sold To Clevelanders

LORAIN, Ohio (AP)—Automobile Transport, Inc. of Wayne, Mich., which has one of its four terminals here, has been purchased for an undisclosed amount by the American Ship Building Co. of Cleveland, which has yards here. Sylvester, American Ship Building president, called the purchase an ideal diversification for his company.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Fog began to form before midnight over much of Ohio Wednesday night and by 2 a.m. today much of the state reported zero visibility..

All airplane traffic at busy Port Columbus Airport was halted by fog that brought "zero-zero" visibility from 2:45 a.m. until after daybreak.

The fog was also bad along the Ohio River and was not expected to lift before about 9 or 10 a.m.

Temperatures during the night dropped below freezing and were as low as 24 at Columbus and Zanesville. Afternoon temperatures on Wednesday ranged upward to 48 degrees at Columbus and Cleveland while Toledo reached only 38.

A little light rain occurred during the day Wednesday but amounts were mostly unmeasurable.

High pressure and fair weather will dominate Ohio today and Friday and temperatures will be a little higher by Friday afternoon.

Young Father Held In Series of Rapes

BOSTON (AP)—Police said today a young Lowell father has admitted rape and robbery involving women in five Massachusetts communities.

They identified him as Daniel J. Alves, 23, father of a 6-months-old son.

He was arrested Tuesday and charged with rape and robbery.

Police said Alves told them he spotted the women in the street, followed them home, learned their names, and then telephoned them to determine if their husbands were home. If the husbands were not home, he went to the door and represented himself as a salesman to gain entrance.

Federal Laboratory At Marion Offered

CHICAGO (AP)—The General Services Administration's regional headquarters here Wednesday announced proposed sale of the Scioto Laboratory in Marion, Ohio.

The property, situated two miles northeast of Marion, comprises about 27 acres of land and 13 buildings and structures built in 1948 for the Atomic Energy Commission. The installation was designed originally for research in the field of nuclear physics.

The property, the federal agency said, is "considered ripe for industrialization in the near future."

Sealed bids are to be accepted until 3 p.m., Feb. 4 by the GSC headquarters in Chicago.

Paul Brown Depends On His Reserves

Batch of First String Men Injured as Team Awaits Giants Game

CLEVELAND (AP) — The way Coach Paul Brown is talking, outcome of Cleveland's game with the New York Giants in Yankee Stadium Sunday will depend on the strength of the Browns' reserves. Rookie reserves, at that.

"This team is in the poorest physical shape of any I've had in a long time," Brown said after the week's first practice Wednesday night.

"We'll do our best, but we're hurting. Jim Ray Smith and Mike McCormack didn't even dress today.

"Then (Ray) Renfro pulled a thigh muscle—did it just running down the field. And I don't think he will play. You don't usualy come back and play a few days after pulling a muscle."

"Walt Michaels didn't work out today. A bone in his hand is broken.

"And Lou Groza still is bothered by back trouble, and it's tough for him to block.

"Everything's happened to us at once. You don't hide the facts from yourself. And they (the Giants) know we're hurting . . ."

If all this adds to confidence already voiced by some Giant players and their coach, Brown won't mind. Counting the 1958 playoff, Cleveland has lost its last four games with the Giants. Another defeat would enable the New Yorkers to wrap up their third division title in the last four seasons.

But before you bet your wad on the Giants, it's only fair to point out that Brown has not discounted them. There was no quaver of despair in his voice as he enumerated his club's miseries. He did it as a factual rundown on a streak of bad luck.

Now the question seems to be: How good are Cleveland's reserves?

"I'm planning to go with two rookie offensive tackles — Willie Davis for Groza and Fran O'Brien at McCormack's spot," Brown said. "Chuck Noll will be in for Jim Ray Smith at guard. That's three outstanding linemen we're missing."

Smith has a bad ankle, and McCormack a sore shoulder—injuries that have bothered them for some weeks. They missed most of the game lost to San Francisco here last week.

Renfro said his pulled thigh muscle was in front and "not the hamstring." He felt that although it was "pretty sore right now, I think I'll be all right for the game."

Rich Kreitling, another rookie, and Frank Clarke worked in Renfro's spot Wednesday. Kreitling started last week for Preston Carpenter who had a sore throat.

Floyd Peters, San Francisco rookie, is slated for Michaels' defensive spot, Brown said.

Milt Plum, who had a poor day against the 49ers, will start at quarterback, Brown said, adding: "Possibly we'll play (Jim) Ninowski some."

3 Tilts Listed In New Holland Cage League

Drake's Pyrofax Gas, Kaufman's Bargain Store and Kirk's Furniture all won games last night in the New Holland Independent Basketball League.

Drake's outlasted Williamsport in a 60-58 duel, Kaufman's edged Morrison's Carry-Cou, 62-60 and Kirk's breezed past Jeffersonville, 57-41.

Leading the way for Drake's was Don Vincent with 23 points. Rodney Vincent had 17 and Ted Vincent scored 12. Bob Picklesimer's 22 markers were high for Williamsport, aided by Ronnie James' 14.

Dick English was high man for the night as he paced Kaufman's with 30 points. Jerry Collins collected 23 for Morrison's and Ray Reincheld added 14.

* * *

GLEN Large hit for 24 points to pave the way for Kirk's, aided by Orville Conley's 12. Bill Herman with 18 was high for Jeffersonville.

The games last night were played at Bloomingburg in that the New Holland gym was being used for other purposes.

Games next week list Jeffersonville vs Drake's, Kirk's ve Kaufman's and Morrison's vs Williamsport.

Drakes—R. Vincent 8-1-17; D. Vincent 7-9-23; L. Vincent 0-1-1; T. Vincent 5-0-10; Welch 0-0-0; B. Hobble 3-1-7; Hayes 1-0-2. Totals 24-12-60.

Williamsport—Hanson 2-0-4; E. James 0-1-1; J. Picklesimer 0-0-0; B. Picklesimer 9-4-22; Metzger 5-0-10; Speakman 0-2-2; Hastings 2-1-5; R. James 7-0-8. Totals 25-8-58.

Kaufman's — Dawson 2-1-5; Whittley 1-4-6; McWilliams 3-1-7; Milstead 5-4-14; English 13-4-30. Totals 24-14-62.

Morrison's—Beavers 0-0-0; Reincheld 7-0-14; Justus 6-1-13; Marshall 4-0-8; Morrison 1-0-2; Collins 10-3-23. Totals 28-4-60.

Kirk's—Conley 4-4-12; Large 11-2-24; Hurtt 1-1-3; Dinkles 0-0-0; Monteith 1-0-2; Stone 3-0-6; Free 1-1-3; Lemaster 3-1-7. Totals 24-9-57.

Pickaway County, Area Units Set To Open League Contests

League action starts in Pickaway and surrounding counties tomorrow night as the basketball season gets into full swing.

Five games are on tap in the county; Rushville meets Stoutsville in a Fairfield County League encounter; Union Furnace is at Laurelville in Hocking County; and Kingston battles Centralia in Ross County play.

Monroe, (1-5), faces a rugged task in its contest with invading Ashville (2-0). The Broncos have Bobby Hoover averaging 24 points per game, followed by Tom Rathburn's 19 per contest.

In addition, Hoover, Rathburn and Gary Gaines stand well over six feet. Monroe's tallest man misses the six foot mark by several inches so Ashville remains the heavy favorite.

* * *

THE HUNGRY Trojans of Darby (1-2) will invade the domain of Atlanta (2-3), looking for win No. 2. Three top notch scoring artists will be battling for honors.

Atlanta touts the rebounding and pivot shooting of Ronnie Morris (25) while Darby will dress Tommy Walters (23.7) and Tommy Liff (20.3), rated two of the finest scoring guards and ball handlers in this area.

Victory starved Pickaway (0-2) it meets a much improved Jackson (2-2), which has already topped last year's 1-16 record.

Scioto (0-1), travels to Walnut (0-1) where both teams will be trying for a first victory. The Buffaloes have yet to come up with a high-scoring player and Walnut has not played enough to ascertain its quality.

David Myers (29.3) will have a chance to make it four games in a row to tally more than 20 points per game when Williamsport (5-1) travels to Saltcreek (0-3). In his last four outings he has tickled the nets for 37, 36, 37 and 28 points respectively.

The Deers are loaded with scoring talent, but still need a dependable rebounder. Saltcreek has not jelled in its first three losses and will have to halt Myers for any possible chance of winning.

* * *

THE ANNUAL Kingston (4-1)-Centralia (2-2) fray will be played at Centralia and anything goes in this contest.

Past records go by the boards when these two neighboring communities meet. The Redskins have an experienced squad to take the floor against the rebuilding Bulldogs.

Laurelville hosts its jinx team tomorrow when Union Furnace opens the Hocking County season. The Wildcats have potentially the greatest team in their history with the Unger brothers, Jim and Larry, Larry Keck, Tommy Wiggins, Max Young and Sam Ebert.

Rushville invades Stoutsville's haven, but the Indians should pull out the stoppers with its quintet of experienced ball handlers and men who have played together for several years.

Tomorrow's favorites appear to be Ashville easily defeating Monroe with a chance for Hoover and Rathburn to change some records or at least increase their scoring averages.

Darby should top Atlanta, but not easily; Jackson may halt the Pirates without trouble; Walnut should top Scioto because of its overall balance.

Williamsport should scorch the nets for a probable easy win over Saltcreek; Kingston should take Centralia and Laurelville remains a heavy favorite to blast Union Furnace. Stoutsville should have Rushville's number.

Joe Brown Stops Another Challenger

HOUSTON, Tex. (AP) — Lightweight champion Joe Brown, a skittish 34-year-old, stopped another charge of youth Wednesday night when he beat Britisher Dave Charnley in a technical knockout.

And a few minutes later the champion said he would be ready to fight again only a week hence.

Brown didn't have any particular fighter in mind but declared he would like to get somebody for Dec. 9.

"No use wasting all that training—that's the hardest part of it," he explained. "I'm not hurt and I'm ready to go."

Charnley, the 24-year-old ex-boilermaker from Dartford, Kent, who is caled "the midget Marciano" because he has shoulders and neck like a heavyweight, never was in the fight with the Baton Rouge, La., Negro, making the eighth defense of his title in 39 months. It tied the number of defenses by Benny Leonard, who set the record in the lightweight class before he retired undefeated in 1925.

Brown was leading by as many as five points in the fifth round when he lashed out with a left and then a right and crimson spread down the right cheek of the 24-year-ld Britn as a deep cut opened over his eye. Charnley put his glove to his head and staggered back just as the bell rang, ending the round.

Charnley shuffled to his corner and while his handlers worked over him, Referee Jimmy Webb raised Brown's hand and led the champion to the center of the ring.

Cheerleaders Lauded for Spirited Work

Circleville's corps of cheerleaders, not honored at Tuesday's football banquet due to an oversight, came in for their share of praise today.

Grid Coach Carl Benhase lauded the cheerleaders for their hard work and spirit-raising efforts during the past football season. He said the girls also deserve credit for their backing of all sports at CHS.

The cheerleaders attended the banquet, but were not introduced. The hustling varsity yell makers are Phyllis Ullman, groug leader, Mary Pennington, Sherry Hull, Judy Barnhill and Saundra Binkley.

Reserve cheerers are Judy Adkins, Barbara Cerny, Virginia Eccard, Lynn Reichelderfer and Rose Ann Whaley. Miss carolyn Vallery is adviser for both groups.

* * *

COACH Benhase said the cheerleaders proved to be devoted and faithful to sports this season. He gave them special credit for leading the bon fire rally here prior to the Washington C. H. grid game.

Regardless of weather and road conditions on away games, the cheering girls seldom miss a CHS contest. Their efforts go a long way in boosting the team and encouraging fans.

Myers Retains Scoring Lead

Williamsport's David Myers jumped his per game scoring mark 1.5 points this week to lead Pickaway with a 29.3 average.

In second place is Atlanta's pivot ace, Ronnie Morris, with a 25-point average, dropping two points off last week.

Ashville's Bob Hoover remains in third place with a 24-point average, jumping it six points. Fourth position goes to Darby's Tommy Walters, who moved into the race for the firzt time. He has a 23.7 average.

Teammate Tommy Liff follows in fifth slot with a 20.3 average. Sixth place is held by Ashville's Tommy Rathburn with a 19-point average. Last week he was fourth.

Monroe's Steve Fullen (15.6) and Larry Bigam (14.2) hold down seventh and tenth positions respectively. Fullen remains in the same spot as last week and Bigam drops a place.

Giant Unioto Tops Kingston

Kingston ran into a "buzz saw" last night when it invaded Unioto for a junior high contest. The Shermans won, 72-25.

This unusually high score was run up by an unusual ball club. Unioto dressed two men over six feet. They were Ackley, 6' 2", and Hawk, 6'.

Both men completely controlled the bankboards and tallies 26 and 12 points respectively, they were assisted in the tremendous score by Neff's 8 and Fry's 12 points.

Only bright spot on Kingston's horizon was Kelley's 12 points. The Redskins trailed 17-5 at the end of the first quarter and 37-9 at halftime

Unioto didn't substitute until the score read 57-19 deep in the third period. Kingston's next game is Wednesday against Centralia.

Kingston—Nichols 2-1-5; Streintenberger 1-0-2; Kelley 6-0-12; Vollmar 1-3-5; Davis 0-1-1; totals 10-5-25.

Unioto — Neff 4-0-8; Ackley 12-2-26; Hawk 6-0-12; Fry 6-0-12; Thompson 1-0-2; Brown 1-1-3; Rowe 1-0-2; Hall 1-3-5; Hinkle 1-0-2; totals 33-6-72.

Injuries Prove Miami's Downfall

OXFORD, Ohio (AP) — "It's tough to play without your first string halfbacks," says Miami University's football coach and today he produced the statistics to prove his point.

Miami lost three of its last four games.

The statistics John Pont produced showed that on Oct. 17 the Redskins' right halfback, Dave Girbert, had carried the ball 51 times and was leading the team in yards gained rushing. A week had carried the ball 62 times and was second in rushing.

But both were hurt and in the remaining games Girbert carried the ball only four times and Miller twice.

The Wyoming freshman football team went unbeaten in 1959 for the first time since 1953.

Moore's Keglers Enjoy 8-Game Lead In Local Loop

Moore's Store continued to lead the Early Monday Night Bowling League here by downing Circleville Metal two out of three games this week.

The Metal team's two losses dropped it from a third place tie to fifth place. Easterday's Sohio service dropped two of three games to Dairy Isle which moved into third place.

Easterday's now shares second place with Circleville Hardware which won two of three games from Kochheiser Hardware. Last place Container Corporation won two of three games from Lawless Beauty Shop.

Honors for the week went to the Circleville Building Supply keglers who posted team single games of 948, 854 and 907 for a 2,709 series.

* * *

PETE Noble of Circleville Building took high individual honors with a 203-211-160-574.

The league is shaping up to be a real battle for second spot, with all of the teams hustling to down front running Moore's.

Moore's however, is moving along at a fast pace and an eight game lead behind the rolling of Gordy Fraser, Hank Miga, Al Lustnauer, Jim Canning, Bill Sibbick and Dallas Elliott.

The standings:

	W	L
Moore's Store	32	10
Easterday's Sohio	24	18
Circleville Builders	24	18
Dairy Isle	21	21
Circleville Metal	20	22
Kochheiser Hardware	19½	22½
Lawless Beauty Shop	17	25

Cagers Ready For FH Tilt

Home Slate Opens On Saturday Night

Circleville's cage Tigers will get their first taste of game action tomorrow night in a trip to Franklin Heights.

Coach Dick Snouffer's varsity men and Coach Jack Weikert's reserves are bristling and ready for first encounters. Practice has been at a premium this week in preparation for the tilts.

Probable starters for the varsity will be Larry Hannahs at center, Bob Shadley and Sam Weller at forwards and Jake Bailey and Linden Gibson at guards. Ready for immediate replacement duty will be Dave Hicks, Gary Vandemark, Steve Helwagen, Chuck Anderson and a host of other cagers.

The Tigers open the home season Saturday night by entertaining the Bulldogs of Athens. The following Friday they go to Washington C. H., then entertain Chillicothe here the next night.

The CHS courtmen will be out to better a 10-9 record of last year. Two victories last season came over Franklin Heights. The locals were defeated at Athens.

HEADS AFL—A World War II Marine hero, who shot down 26 Jap planes in the Pacific, Joe Foss (above) has been named commissioner of the new American Football league at $30,000 a year. Foss is a former governor of South Dakota.

Major Loops, New League May Clash

ST. PETERSBURG, Fla. (AP) —The first head-on clash between the majors and the proposed third major league—the Continental—may take place Tuesday when they all meet separately but under the same roof at Miami Beach.

The American and National, spurred by Commissioner Ford Frick, are expected to make sion of their eight-club leagues.

The Continental League, aware of Frick's pressure on the majors, has called a meeting of its own to coincide with those of the majors. Branch Rickey, president of the five-team circuit, will fly down from New York, prepared to respond when the majors state their positive intentions.

American League President Joe Cronin will call on his three-man fact-fincing committee to report its findings for internal expansion for 1961. The committee was selected during an October meeting in New York when the league announced it was seriously considering expansion to 10 teams by 1961. The meeting stemmed from a Minneapolis group's request for a franchise. Minneapolis-St. Paul is one of the five founding members of the Continental League. The others are New York, Denver, Toronto and Houston.

Replay of Game Changes Outcome

WAVERLY, Ohio (AP) — On Nov. 13 Beaver was leading Western High School of Latham 41-25 —then the lights went out.

Wednesday night there was no power failure — except by the Beaver team. Western edged Beaver 63-61 by scoring in the final 24 seconds of a replay game.

Xavier, Dayton Open Seasons With Wins

By THE ASSOCIATED PRESS

Two of southwestern Ohio's "Big Four" of basketball opened their 1959-60 season Wednesday night and roared past their opponents.

Xavier of Cincinnati swamped Marian of Indianapolis 92-40, and the Dayton Flyers brushed aside Central State 80-51.

Miami is the only member of the fierce foursome yet to play. Cincinnati opened Tuesday night with a 107-62 romp over Indiana State.

Xavier's Musketeers featured a tight defense and an attack led by tallied only two field goals in the first half and got off only 38 shots in the entire game.

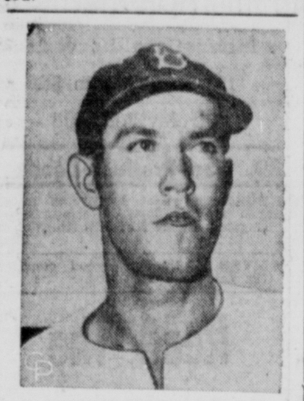

Dayton got off to a shaky start but rallied as Joe Kennelly led the way with 21 points. The Marauders led the first six minutes of the game but it was 46-33 Dayton by halftime. Jim May paced Central State with 14 points.

In other games, Ohio Northern trimmed Heidelberg 86-54, Wilmington downed Denison 80-65, and Defiance defeated Otterbein 63-49.

The Ohio Northern - Heidelberg tussle was fairly close during the first half as both teams opened their season. But by intermission the Polar Bears led 39-32 and began to pull away. Jim Seckman netted 17 points for the victors.

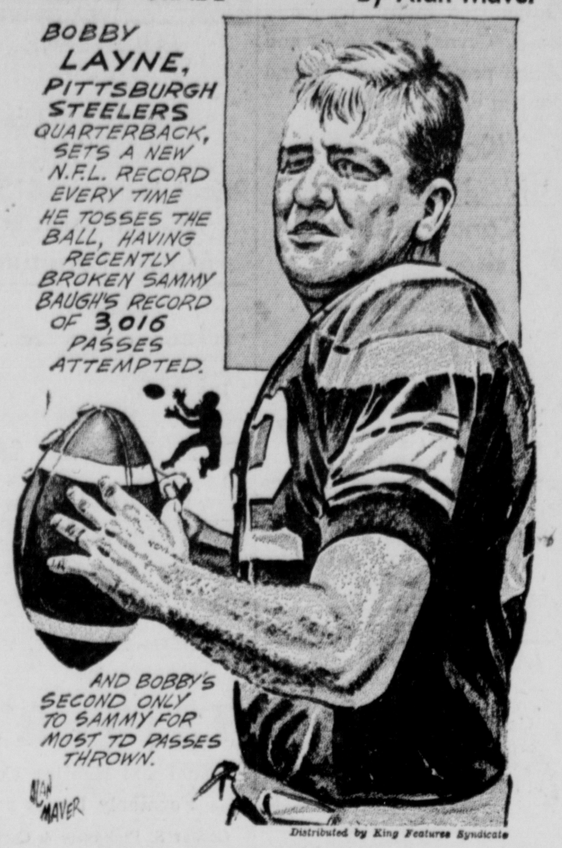

Defiance gained a 40-30 halftime lead en route to its secnd win of the new season. Gene Garen starred with 20 points.

Wilmington's victory, sparked by Arrington Archie's 22 markers, boosted the Quakers to a 1-1 record.

NOW A COACH—Pete Reiser (above), former star outfielder in the majors and manager of the Victoria team in the Texas league last year, has been named a coach of the Dodgers, replacing Peewee Reese, who will become a sports commentator.

Cincy Real Taxes Up

CINCINNATI (AP) — Cincinnati property owners will have to pay $32.26 taxes for each $1,000 of valuation in 1960—an increase of 60 cents over 1959. The County Budget Commission fixed the levy Wednesday.

Two Tilts Played In DuPont League

DuPont cage league action this week was highlighted by two contests at the local coliseum. A third game was forfeited.

"B" P and C spilled "C" P and C in a 43-35 battle. Another "C" P and C team came back to trounce "B" Finishing, 56-14.

The "B" P and C win was sparked by Lyle's 21 points. McConnell's 12 markers were high for the losers.

Oklahoma Shows Signs Of Basketball Comeback

By THE ASSOCIATED PRESS

Oklahoma's Sooners, who used to have as big a name in basketball as they now have in fotball, may be on their way back to challenge the rule of Kansas State and Kansas in Big Eight cage competition.

Not since 1949 has Oklahoma had even a share of the conference title. It was a distant second to Kansas State last season. But in opening the 1959-60 season Wednesday night with a 76-58 victory over Texas Western, Coach Doyle Parrack displayed a wealth of sophomore talent to back up a big crop of holdovers.

A highly praised sophomore was unveiled as Seton Hall opened with an easy 84-47 victory over the University of Toronto. Art Hicks has been called the Hall's best prospect in ten years and he justified Coach Honey Russell's high opinion of him by netting 19 points and taking 15 rebounds in 24 minutes of play.

Pittsburgh, minus All-America Don Hennon this season but with Dick Falenski pouring in 23 points trounced Michigan of the Big Ten 73-57. Villanova turned back Princeton, last year's Ivy League runner-up, 66-46, St. Joseph's (Pa) whipped West Chester State 91-69. Navy edged out touring Kentucky Wesleyan 48-47 and Army beat little Rider 58-52.

Opening the doubleheader season at the Philadelphia Palestra LaSalle defeated Millersville (Pa) State 76-60 and Penn outscored Washington and Jefferson 63-44.

Three other Ivy League teams were in action Wednesday nithe. Yale started with an 84-62 voctory over Springfield, Cornell beat Buffalo 60-53 and Brown whipped Tufts 93-70.

The principal surprises turned up in the South where Georgia Teachers upset the University of Georgia 8-73 and favored Richmond barely edged Randolph-Macon 76-75. Florida easily defeated Tampa 76-62, Mississippi State trimmed Troy (Ala.) State 66-50 and Loyola (La.) beat Florida State 71-64.

National Golf Day in 1959 realized more than $90,000 which eventually will be turned over to charities and worthwhile golf projects.

KAYOED FOR TWO YEARS—Frankie Carbo, handcuffed, leaves Criminal Courts building in New York after being sentenced to two years in prison as a boxing racketeer. Carbo pleaded guilty to undercover matchmaking, conspiracy and undercover managing of fighters.

Grid Loop Taps Ohio Players

DALLAS, Tex. (AP)—A number of Ohio college players were tabbed as the American Football League announced Wednesday it has completed its draft by naming an additional 261 players. Each of the eight clubs previously drafted 20 players.

The Ohioans called in the latest rounds are:

Boston — Center Rich Grecni, Ohio University.

Dallas—Tackle - guard Herman Alexander, Findlay.

Houston—Back Dave Chamberlain, Miami; tackle - guard Jim Marshal, Ohio State.

Los Angeles — Tackle-guard Robert DeMarco, Dayton.

Minneapolis - St. Paul — Back Rich Mostardo, Kent State.

New York—Backs Bob Colburn, Bowling Green, and Steve Rasso, Cincinnati; tackle-guard Bob Paul, Kent State.

Laundry Seeks To Stall New Redleg Park

COLUMBUS, Ohio (AP)—Home-run hitters broke 81 windows in a laundry building near Crosley Field in Cincinnati last year, but the company has no desire to move.

That is what Atty. Nicholas Bauer, counsel for the Superior Laundry and Towell Co., told the Ohio Supreme Court Wednesday in arguing for an order to prevent the city from taking the laundry and other property for a parking lot.

Crosley Field is the home of the Cincinnati Redlegs baseball club.

Bauer contended the proposed appropriations for a 2,600 car parking lot would be an illegal use of public funds for a private purpose.

Cincinnati has approved a two million dollar bond issue to finance the parking lot and county commissioners have agreed to spend another million for street improvements near the ball park if the National League Redlegs keep their franchise there through 1962.

City Law Director James W. Farrell Jr., contended that the laundry and other property owners lacked a cause of action because the proposed parking lot would be open to the public at all times.

The court gave no indication when it would hand down a decision in the case. Lower courts refused to enjoin the city from condemning the land.

Rooney, Paar Coo and Coo After Spat

HOLLYWOOD (AP) — Mickey Rooney and Jack Paar cooed at each other like lovers after a spat, broke off long enough for some furious new cries of foul, and then started cooing louder than ever today.

The acrobatics of the two seasoned showmen weren't hurting either one—or their publicity.

But had to be on your toes to keep up with it.

Paar smilingly told his television audience Wednesday night: "Mickey Rooney is a helluva nice guy. I'm darn sorry, Mickey."

That satisfied the actor. Happy, to, was Rooney's personal manager, Red Doff, who announced that tonight's show will go on as originaally planned in a kiss-and-make-up session between Paar and Rooney Wednesday. Rooney once more will be his guest on the show.

"The whole thing is smoothed over now," Doff said.

That wasn't the way he felt a couple of hours earlier after hearing secondhand accounts of Paar's comments on the air. At that time Doff furiously declared he would not let Rooney appear with Parr.

It all started Tuesday night. Paar accused Rooney of being drunk on his show. Rooney walked out—by invitation.

They patched it up in a tense hotel room drama—in which four aides on each side eyed one another cautiously outside the door, the way Paar tells it.

Special Holiday Programs Being Readied on Television

NEW YORK (AP) — With the onset of the busy holiday season, the pulse of television is quickening, too. During the next seven days there is something unusual or special cooking daily. In addition, on Monday the networks start intensive and extensive coverage of President Eisenhower's trip.

Somebody, however, goofed in scheduling tonight's special attractions. CBS' "Oliver Twist," starring Robert Morley and Eric Portman, runs from 7:30 to 9 p.m. Eastern Standard Time while NBC's "Very Important People," a music and comedy revue starring Art Carney, is on between 8:30 and 9:30 p.m. That means a half-hour overlap during which you must decide whether to see the end of "Oliver" or the beginning of Art.

On Saturday (3:45 p.m.) NBC will broadcast the UCLA-Syracuse football game from the Los Angeles Coliseum.

On Sunday, things start early: A "Salute to the American Theater" on CBS at 11:30 a.m. which will include a lot of stars and excerpts from a dozen plays. That night NBC will have "Give My Regards to Broadway" starring Jimmy Durante and Ray Bolger in its Sunday Showcase musical, while Ed Sullivan's guests on CBS will be Teresa Brewer, Jack Carter, Yehudi and Hephzibah Menuhin (both 8-9 p.m.)

"The Philadelphia Story," Philip Barry's play with Mary Astor, Diana Lynn and Christopher Plummer, will be on NBC Monday night, 9:30-11 p.m., and the follwing night (Tuesday) the network will present "My Three Angels," a comedy starring Walter Slezak and Barry Sullivan, (9 to 10:30 p.m.).

Paul Gallico's "Once Upon a Christmas Time," a fantasy starring Claude Rains and Charles Ruggles will be NBC's special Wednesday night, 7:30-8:30 p.m. And on Thursday CBS comes up with two specials — "Christmas at the Circus," (7:30-8:30) with James Arness and a lot of big top acts, followed immediately by "Tonight with Belafonte," (8:30-9:30 p.m.).

Clyde Mayor Re-Elected But His Salary Is Cut

CLYDE, Ohio (AP) — Village Council here Wednesday re-elected one of its number, Edward J. Curry, as mayor for another year's term but cut his salary by one-third. The reduction from $1,800 to $1,200 was taken because village mayors no longer hear traffic cases brought to them by the Highway Patrol from outside the town's corporate limits. Such cases go to county judges under a new Ohio law.

Pickaway Grange

STAR GRANGE

Star Grange met in regular session Tuesday evening in the Monroe Twp. school auditorium with worthy Master Russell Shannon presiding.

A "thank you" note was read from Mrs. Arthur Dick and Mrs. Francis Furniss, chairman of the card committee announced that she had sent two cards since the last meeting.

The home Economics chairman Mrs. Herman Porter suggested a few plans for the group and announced that she had a cook book to present to Mrs. Clinton Ritchie a recent bride.

The first and second degree was conferred on Mr. and Mrs. Charles Smith, Jimmy Shell and Gene Long by the ladies degree team.

The third and fourth degree will be conferred on the class of candidates at the next regular meeting Dec. 8 by the newly organized team.

MR. AND MRS. Kenneth Shell were reinstated in the Grange.

The Chaplain Mrs. C. E. Dick gave the thought for the day and the meeting closed with the group singing "Happy Birthday" to Mrs. Dick.

Refreshments were served by Mr. and Mrs. Loring Stoer and Barbara and Mrs. Marguerite Snyder.

LOGAN ELM

Logan Elm Grange met Tuesday with Worthy Master Lawrence McKenzie in charge.

The Grange voted to contribute to the State Youth Fund. The County Banquet on January 23 at Scioto School was announced. The ritualistic contests will be held March 11 and 18.

The Grangers played euchre at the close of the meeting and refreshments were served.

The next meeting will be December 22, beginning with a covered-dish supper at 6:30 p. m., in the school building. A gift exchange will be held after the program.

Fremont-Sandusky Flood Controls under Study

FREMONT, Ohio (AP) — Col. Earle Butler of the ArmyEngineers' Buffalo Division told representatives of Sandusky, Seneca, Wyandot and Crawford counties Wednesday the Engineers Corps would need more study before recommending any flood-control project for the area. Last spring floods caused an estimated 10 million dollars damage in Fremont and Sandusky County alone.

Butler sought at the meeting to learn what benefits would be gained from the project. Such potential benefits must be weighed against construction costs, he declared. The Engineers have received a $58,000 appropriation to survey the Sandusky River for possible flood control measures.

Ohio Action Urged On Problem Pupils

TOLEDO, Ohio (AP)—The state should set up a pilot program for educating problem students, a committee of the Ohio Education Assn. recommends.

The educational council of OEA submits a report today to 1,200 teachers and administrators attending the group's annual convention. OEA is a professional organization of 65,000 Ohio teachers and school administrafors.

After a year-long study of "the pre-delinquent, the potential dropout and the disturbed child," the educational council decided that enabling legislation and state funds are needed to set up one or more special schools.

The council, headed by Hazel Baver, Lima teacher, gave special attention to New York's Manhattanville Junior High School, a six-year experimental project started in 1956. In addition to regular teachers, a dozen specialists, including psychiatrists, social workers, counselors and remedial teachers were added to the staff of the school which enrolls 1,400 students.

At Manhattanville there has been impressive academic progress and improved behavior among the pupils, the report said. Added cost of the program is $75,000 annually.

The council proposed that the Ohio Dept. of Education aid school systems in making surveys to determine the type of problem youth programs which might be set up. The OEA would seek special legislation and an appropriation from the 1961 General Assembly to establish the program.

Teachers also will be asked to support a drive setting 1964 as a target date to end a training program which allows new elementary teachers to teach after only two years of college work.

George B. Redfern, assistant superintendent of Cincinnati schools and chairman of the OEA commission on teacher education and professional standards, will present the proposal to delegates tonight.

Redfern said his commission is making the proposal to end the cadet training program because the supply of elementary teachers is catching up with the demand.

The three-day OAE convention started today. Officers will be acted on Saturday.

Bank Thug Wanted To 'Feel' Money

CINCINNATI (AP) — Lawrence Gray, 33, said, "I just wanted to know how it would feel to walk in and take a handful of money."

Police said they were told Gray entered the Walnut Hills branch of the Provident Bank Wednesday, leaped over a gate among tellers both hands.

Manager Harry Beester and Tellers jumped on Gray and subdued him but Beester said the man had between three and four thousand dollars in his hands.

Gray, charged with bank robbery, waived a hearing when arraigned before U.S. Commissioner Graham P. Hunt Jr. He was ordered held under $5,000 bond.

Wallace Takes Petition for Re-Election

Ed Wallace, 425 N. Court St., yesterday took out nominating petitions from the Pickaway County Board of Elections seeking re-election as the County's Representative to the Ohio General Assembly.

The Pickaway County native, born near Kinderhook, is seeking his sixth consecutive term. The term of office is two years and the salary is $5,000 per year.

Wallace moved to Circleville at

the age of 17, entering the bakery business in 1904. Succeeding Harry Waggaman, he started his own bakery business in 1911.

He continued in the bakery business for 39 years before selling out to Gene Lindsey in November, 1951 and taking office as state representative for the first time in January, 1952.

Ed, as he is known to most everyone in the county, is a past president of the Ohio Bakers Assn., the Circleville Chamber of Commerce and Rotary Club.

He and his wife, the former Stella Emily Easter, have four sons and a daughter, 14 grandchildren and a number of great-grandchildren.

During his nine-year tenure in the Ohio House of Representatives, he has served on the Ohio Legislature, Ariculture, Conservation, Public Inspection, Improvements, Rules, State Parks, Aid for the Aged and Poor Relief Committees.

He is a member of the local Masonic Bodies and attends the Methodist Church. The 72-year-old Democrat is engaged in the real estate business at 110* N. Court St.

Safety Officials Planning Campaign

COLUMBUS, Ohio (AP)—"Holiday Attack-1959" was planned here Wednesday by key safety officials as they prepare to meet the coming Christmas-New Year season.

Ohio Highway Safety Director J. Grant Keys led the meeting which was attended by Ohio sheriffs, police chiefs, church officials and military personnel.

Increased enforcement manpower, safety publicity and heavy emphasis on the dangers of driving after drinking were agreed upon by the representatives.

Keys said that 55 per cent of fatal holiday accidents involved drinking drivers in comparison to the year-around normal rate of 30 per cent.

Johnnie Ray Rejoices At Acquittal by Jury

DETROIT (AP) — My prayers have been answered," said a tearful Johnnie Ray Wednesday when he revived after fainting at hearing a jury's verdict that he was innocent of a morals charge.

The singer passed out when an all-woman Recorders Court Jury announced its decision after deliberating 50 minutes.

Ray, 32, had been charged with accosting and soliciting. A Detroit policeman testified that Ray had made an indecent proposal outside a Detroit tavern Nov. 21. Ray denied the charge.

President Poised To Leave Tonight On 11-Nation Tour

WASHINGTON (AP) — President Eisenhower takes off for Rome tonight on the first leg of a jet-propelled goodwill tour of 11 nations.

His departure, immediately after a radio-television speech to the nation, will follow a full day's work schedule. It includes a series of conferences and the second meeting this week of the National Security Council, with which Eisenhower has been discussing budgetary and other matters.

The 15-minute broadcast, starting at 7:15 p.m. EST was expected to include both a new plea for settlement of the steel dispute, and an explanation of Eisenhower's purposes in making his extraordinary journey.

Eisenhower told his news conference Wednesday he wants to prove to the people of the world that the United States is a "good partner" with other nations in the quest for a just peace.

His travels have one other major objective, apart from the individual problems he will discuss with such leaders as India's Prime Minister Nehru. That is to lay the basis for future summit negotiations with Soviet Premier Nikita Khrushchev. To that end he will meet in Paris Dec. 19-21 with French President Charles de Gaulle, British Prime Minister Harold Macmillan and German Chancellor Konrad Adenauer.

The presidential party of 21 persons, traveling by Military Air Transport jet liner, will take off from Andrews Air Force Base, Md., about 8 p. m It is due in Rome at noon, Italian time, Friday after a refueling stop at Goose Bay, Labrador.

In the group will be the President's son and his wife, Maj. and Mrs. John Eisenhower; the President's personal physician, Maj. Gen. Howard M. Snyder; two speech writers, Malcolm Moos and Kevin McCann; and Robert D. Murphy, Eisenhower's chief diplomatic adviser for the tour.

In addition to Italy, he is to visit Turkey, Pakistan, Afghanistan, India, Iran, Greece, Tunisia, France, Spain and Morocco. He is due home Dec. 22.

News Briefs

CHICAGO (AP)—James R. Hoffa says Teamsters Union members in the future will ignore—with one exception — all picket lines set up by other unions.

"All Teamsters locals will have orders," Hoffa, the Teamsters president, told newsmen Wednesday, "to drive through recogniti nal, organizational and primary picket lines.

"The Teamsters will make an exception on primary picket lines if the striking union will guarantee the Teamsters against any possible loss through lawsuits, government action or any other expense incurred by the Teamsters."

COLUMBUS, Ohio (AP) — The State Juvenile Division—to which Gov. Michael V. DiSalle has indicated he will turn attention next month—is working with a five million-dollar budget this bookkeeping year.

The actual figure is $5,132,524 for the period from last July 1 to June 30, 1960. For the July 1, 1960 to June 30, 1961 fiscal year, the division is scheduled to get $6,328,790. The increase is to handle costs of operating another institution in Columbus, expected to open in about a year.

In the bookkeeping year that ended slightly more than five months ago, the divisin spent $3,777,079.

RIO DE JANEIRO, Brazil (AP) — Brazilian air force officers seized at least three planes in Rio today and flew off in a northerly direction, apparently in a revolt against President Juscelino Kubitschek.

The Ministry of War went on a state of alert and War Minister Henrique Teixeira Lott conferred with top government figures. Kubitschek placed Lott in charge of the nation's defense.

CHICAGO (AP) — Konstantine Tscherepanow, 66, walked his mongrel dog in Sherman Park every morning. He carried bread crumbs for the ducks in the park lagoon. His love for the ducks cost him his life.

He was beaten to death Wednesday, police said, after he reprimanded three 15-year-old boys for throwing sticks at the ducks.

Police said young Valerian Stechly struck the man on the jaw when the older man grabbed one boy and cursed him. The man fell, striking his head on a bridge abutment.

Bookie Shot For Punching Man in Face

SHERMAN OAKS, Calif. (AP) — A bookmaker, described by police as the biggest in the San Fernando Valley, was shot to death at a restaurant Wednesday night while Mickey Chen and abut 20 other patrons looked on.

Jack F. Whalen, 41, was shot twice in the head. Police said he slumped to the floor and rolled over on his side as his slayer calmly walked out of the restaurant.

Inspector Ed Walker said Whalen's assailant was eating when the bookie walked in, approached his table and then punched him in the face. Walker said the man then drew a gun, fired point blank at Whalen and left the restaurant before anyone could stop him.

Police have not yet identified the killer. None of the pastrons were able to describe the slayer, they said.

Cohen, who also has a lengthy record of brushes with the law, was apparently just a customer at the time of the shooting.

But he has been periodically described as having a part-interest in the restaurant, located about 15 miles northwest of Los Angeles.

OUT OF A DILEMMA — The Rev. John Connery, noted Jesuit moralist, says the Constitution can solve the dilemma of a Catholic president who might receive a bill from Congress favoring a birth control program. Rev. Connery, professor at West Baden college in Indiana, said a president of Catholic faith might "disassociate" himself from such legislation by permitting it to become law without his signature.

Steel Industry Hints Flexibility

Latest Union Offer May Not Be Last

WASHINGTON (AP)—The steel industry's chief negotiator indicated today the industry wouldn't necessarily stand pat on its latest offer to the union for a contract agreement.

Asked by newsmen whether the current industrial proposal is its final one, R. Conrad Cooper said: "This is the offer we think is the proper one that should be accepted."

Cooper talked briefly with reporters as he was entering a new session with government mediators. To a question as to whether he was optimistic, Cooper, a U.S. Steel executive, replied:

"I am always hopeful—I wouldn't use the word optimistic."

Cooper's remarks seemed to leave the door open for a possible new industry offer sometime before the industry's "last offer" is to be submitted to the steelworkers in a government-held poll in mid-January unless there is an agreement meantime.

The current proposal calls for a three-year contract with wage-benefit gains valued by the industry at 30 cents an hour and by the union at 24 cents per hour. Latest available government earnings figures for steelworkers show $3.11 - an - hour average including overtime and other premiums.

During present government mediation efforts, union President David J. McDonald has contended the industry was taking an inflexible position that left no room for real negotiation.

Cooper's remarks might be construed as an indirect reply to Mc Donald on that.

President Eisenhower's stand that the government will have to act, if need be, to prevent another work stoppage puts both he indusry and the union under increased pressure to reach a settlement.

City Fund Appropriations To Be Increased for 1960

Circleville's general fund appropriations increased $40,138 for 1960 according to City Council's appropriation ordinance approved Tuesday night.

The annual appropriation ordinance will provide for current expenses and other expenditures necessary for the city's operation for the coming year.

Total general fund appropriatoons amounted to $230,583 compared to 1959's $190,445. Receipts for 1960 were estimated at $230,-585.90 and expenditures totaled $230,583 for a Dec. 31, 1960 balance of $2.90.

Cotterman Elected President Local Chamber of Commerce

Douglas R. Cotterman, Route 4, has been elected 1960 President of the Circleville Chamber of Commerce, succeeding Larry D. Varble, 938 Circle Drive.

Lloyd Wardell, 451 N. Court St.,

DOUGLAS R. COTTERMAN

was named vice president and will automatically become president in 1961. Darrell Hatfield, 345 Sunset Drive, was rehired as executive secretary of the organization. The election was held here Tuesday.

Cotterman and Wardell will be installed officially at the chamber's annual Members' and Wives' Dinner, to be held either in January or February, 1960.

Cotterman and Wardell were meeting of the CC directors held in the Blue Room of Benny's Restaurant.

Businessmen Are Confident About 1960

NEW YORK (AP)—Optimism is fashionable among the businessmen gathered at the Congress of American Industry.

Many businessmen view the future happily even while they admit they have problems in their own field. Some seem cheerful because others are.

Two Ohians' views are represenative of opinion gathered from businessmen:

H. D. McClelland, president of Universal Potteries, Inc., Cambridge, Ohio, said the pottery industry has a problem in competition from Japanese imports in the dinnerware field.

"The Japanese laborer gets about 40 cents a day while we pay ours $15 to $18," McClelland said. He added he was in favor of import quotas, but not higher tariffs.

Nevertheless McClelland found a bright spot in the demand for tile, which his company also makes, and said "business in general is very good in Ohio."

B. E. Jacobson, president of the Toledo Plate & Window Glass Co., Toledo, noted his firm might find tougher sales resistance because of a slowup in residential building net year. But he felt other construction would take up the slack.

"I feel tight money," Jacobson said, "will become a little looser next year. We're very optimistic about business."

Pontius Gets Honor Spot On Tiger Team

Miller Pontius, guest speaker at the Circleville Booster Club grid banquet Tuesday night, became an honorary member of the CHS football team today.

During the handing out of letters Tuesday night, Coach Carl Benhase discovered that he had one extra monogram "C". In a hurried huddle yesterday, Coach Benhase, school officials and fans agreed that the extra letter should go to Pontius, a Circleville native who became an All-American gridder at the University of Michigan.

The monogram was presented to Pontius today when he delivered an address at the local Rotary noon luncheon and meeting.

Coach Benhase and Fullback Larry Hannahs, named the Tigers' most valuable player this season, made the presentation to the griddiron great. All CHS footballers considered it an honor to have Pontius as a mythical member of their team.

Fans said Pontius expressed a deep desire to have the extra letter Tuesday night, but did not make his thoughts known during the banquet. CHS coaches and officials solved the problem in a hurry yesterday with a unanimous vote to accept the All-American as an honorary Tiger.

Sleeping Farm Area Deluged

160 Missing as Tons Of Water Pour Down

FREJUS, France (AP)—A massive torrent released by the thundering collapse of a dam left a sluice of death, silt and destruction today along the rich Reyran River Valley in the French Riviera.

at least 150 persons are dead, and 160 missing.

Millions of tons of water backed up behind the 185-foot high Malpasset Dam by five days of heavy rain were loosed upon the peacefully sleeping farm valley Wednesday night. The water smashed houses, uprooted trees, rolled over trucks, derailed trains and broke telegraph and telephone poles.

Hours after—as rescuers began arriving and the waters subsided into the Mediterranean—the full range of disaster became apparent. The four-mile wide valley, 16 miles southwest of Cannes, was a jumbled canal of wreckage and silt.

The rushing waters partly flooded this town of 13,500 which was founded by Julius Caesar in 49 B.C., and was one of the landing points in the Allied invasion of southern France in 1944.

The old Roman amphitheater, the town's main tourist attraction, was under water.

Lines of bodies lay in the morgues of Frejus and nearby towns.

Pierre Seraud, watchman at the dam, was picked up with his wife by helicopter this morning.

"About 9 o'clock I heard a terrific cracking," he said. "I screamed to my wife, 'We must save ourselves, the dam is breaking!' Forty-nine million cubic meters of waters (nearly 10 billion gallons) broke loose at one blow, carrying everything with it. My wife and I were able to get to high ground where we spent a horrible night."

Many bodies were discovered in a sea of mud in Frejus.

Fifteen persons, including two children, clung to a shuddering old mill through the night and were saved just before the building collapsed.

The French aircraft carrier Lafayette, formerly the USS Langley, served as a floating hospital and flight deck for 15 rescue helicopters. The U. S. Air Force offered to parachute aid if necessary.

Top French officials rushed to the scene to assess the need for relief. The navy prepared initially to feed 10,000 people. Army engineers loaded equipment on boats to get emergency housing started. The French radio appealed for money for relief.

The navy prowled the shore of the Mediterranean, which was strewn for miles with wreckage, seeking survivors. It was feared many victims had been washed out to sea.

The disaster disrupted rail and telephone traffic throughout southern France. The castal rail line was swept more than a mile from its roadbed.

The 22-ft thick dam was erected for irrigation six years ago.

"There is nothing left," said a rescue worker. "The neighboring farms were carried away with their occupants. The road which led to the dam through the valley is no longer passable. Everything has been swept away and what remains is covered with mud."

A policeman was decapitated by the blades of a rescue helicopter he was directing to a landing.

Although the valley is set in the midst of the luxurious Riviera vacationland, it has been mostly inhabited by farmers and by fishermen living along the rocky coast. It was seldom visited by tourists.

Teays Valley Voters Asked To Approve Issue Tuesday

Teays Vallye School District officials today said that unless its 3.7-mill levy is approved next Tuesday, approximately one-third of its 1960 school program will have to be dropped.

Teays Valley voters will undergo a special election Tuesday. One issue on the ballot is before them. This is a 2.2-mill levy new tax and a 1.5 mill renewal levy for school current operating funds.

This levy, along with a $1,900,000 bond issue for construction of a consolidated high school, were defeated at the November 3 off-year general election by resounding margins.

In an effort to encourage district voters to approve the current operating levy, school officials today explained the necessity of the additional funds.

* * *

THE 2.2 MILLS of new tax asked is to replace the loss of State Foundation aid which has amounted to nearly $100,000 in two years.

The 2.2 mills will cost Teays Valley taxpayers $2.20 for each $1,000 of taxable valuation.

The 1.5 mills is a renewal of a present levy and is not a new tax. The total 3.7 mills being asked represents more than one-fourth of the district's total school income.

If all levies are passed Tuesday the average school rate for all county school districts will be 20.1 mills, while Teays Valley's will be 14.2, if the 3.7-mill levy is approved. Logan Elm's asking for 6.5 for current operating expenses.

The tax rate for the Circleville school system is 19.3 mills, starting Jan. 1, 1960. The 1959 average rate for Fairfield County is 17.2 mills; Franklin County, 20.1, and Madison County, 21.2. The Ohio average is 18.86.

Teays Valley has 200 more students than in 1957, plus 8½ more teacher units to handle this influx of school population.

* * *

BETWEEN THE years 1957 and 1958, the cost per pupil in the district rose $6. Between 1958 and 1959 the per pupil cost increased $14.

Salaries jumped $56,000 between 1957 and 1959. Other expenses decreased $12,000 between the past three years, leaving a needed balance of $44,000.

Teacher costs will increase $33,-000 this school year. "More important," officials state, "the county has no tax funds in which to aid school districts to defray increased expenses.

As to borrowing funds, to tide the district over, school officials said this is not possible. A board of education cannot borrow money on anticipated taxes.

General fund expenditures for 1957 amounted to $506,761.38 for an average cost per pupil of $296.87. 1958 expenses were $530,759.20 for average per pupil cost of $302.09 while 1959 expenses totaled $550,-544.64 for per pupil cost of $288.55.

The lower per pupil cost was due to 1,707 school children being educated in 1957, compared to 1,757 in the following year and 1,908 children this year.

* * *

TEACHER salaries have increased from $304,141.39 in 1957 to $380,-065 in 1959. Average 1957 teacher salaries were $4,055.21, while in 1959 the average is $4,551.61.

Present bonded indebtedness for the district's township schools is: Walnut, $130,000 to expire in 1973; Ashville, $112,000 expiring in 1973, and Scioto, $137,000 to expire in 1979.

State Foundation fund monies received in 1957 amounted to $159,987; 1958, $158,277; 1959, $99,403, and 1960, $60,000.

Logan Elm Officials Explain Executive Head Economy

The Logan Elm Board of Education today explained in detail the administration's policy on the employment of an executive head.

Carl S. Burger, former Pickaway Twp. teacher, coach and superintendent, was employed as executive head of the entire district.

This was an economy measure according to the board of education. No one member of the board or its clerk can devote the time to coordinating the activities and curriculum of the district, plus handling all teachers and problems.

In addition, Burger has many years of experience in the field of school administration. His last post before coming here was as superintendent of the Mt. Sterling school system.

* * *

BOARD MEMBERS were not elected to solve the schools' technical problems for they do not have the knowledge to set up class schedules and equip schools as professed by Burger or any other school man.

The board today cited examples of money saved since executive head Burger took over on July 1.

Residents of the Logan Elm School District are apparently discovering that the employment of an executive head for their consolidated school district is paying off in dollars and cents as well as in an improved educational program, Carl J. Smith said today.

According to figures made public at several Parent Teachers Organization and other meetings recently, the employment of Burger as executive head of the Logan Elm District has resulted not only in a better coordinated educational program but his efforts have made possible savings of more than $15,000 in construction of the new high school and operation of the school system.

"It doesn't make sense to expect our school board to adequately administer a consolidated school district with a $320,000 annual budget without the assistance of a trained educational expert," said Smith, chairman of the Citizen's Committee for Better Education.

"If our school board had not hired a superintendent when they did, I think we tax payers would have been foolish not to have insisted that they take the step," he related.

* * *

AFTER HEARING a recital of the many duties and activities of Burger, one Saltcreek Twp. resident remarked: "Well, I think the school board should have hired a superintendent a year before they did."

As an economy measure, the board of education assigned the executive head the job of purchasing equipment for the new high school.

The architects, who usually do this work, charge a fee of 10 per cent which in this case would amount to more than $7,000.

The architects intended to purchase all new furniture for the laboratory but this is not necessary as the district can use three chemistry tables that are now in the Pickaway building. This represents an additional savings of $2,800.

Instead of ordering all new power equipment, the district has the opportunity to purchase some reconditioned equipment that will carry a new equipment guarantee. On just one item, metal lathes, $800.00 was saved.

The specifications for the equipment to be used in the new building will be written and published by the executive head during January, 1960.

* * *

THROUGH THE efforts of the executive head the LE district has received promise of $3,100 of federal funds under the National Defense Education Act toward the purchase of laboratory equipment.

It also has applied for additional federal funds under this act, but will not know until January, 1960, the amount that will be received. District officials hope to receive some of the federal money that was not used by other school districts in Ohio.

The executive head has been working on the curriculum for the new high school. He and special subject teachers have been making a study of textbooks that will be used in the school.

Through a study made by the executive head this past summer, the curriculum of the Saltcreek High School was enriched. At the same time it was possible to replace a full-time teacher with a half-time teacher resulting in a savings of approximately $2,000.

As school systems grow it is very important that professional leadership be provided.

Youths Nabbed For Thefts

At least four southend juveniles have been apprehended and questioned by local police on charges of shoplifting at local stores and ransacking two trucks here.

Sgt. Leroy Hawks said the youths range in ages from 12 to 17. Three of the boys are accused of taking articles from local stores and two are accused of entering two parked trucks at the stockyards hers.

Another juvenile is charged with taking a woman's purse at a local store.

The investigation and questioning here this week was handled by Sgt. Hawks, Patrolman Wesley Barton and Juvenile Officer Ralph Starkey.

The officers said the loot, included flashlights, batteries, shotgun shells, knives and a hatchet. They said the thefts were the Circleville hardware, Boyer's Hardware, Kochheiser Hardware, Pettits, Crites Station and Murphy's.

Council Makes Transfers Of General Fund Monies

Circleville Council made numerous transfers of general fund monies to keep in accordance with its 1959 budget during a regular meeting Tuesday.

Council adopted a resolution accepting amounts and rates determined by the budget committee and authorized the necessary tax levies to apply to the 1960 tax rates.

Rates set were: bond retirement fund—0.15 of a mill inside the 10-mill limitation and 0.2 of a mill outside the 10-mill limitation;

General fund — 3.15 mills inside and 1 mill outside; firemen's pension—0.3 of a mill inside, and police pensions—0.3 of a mill inside.

* * *

COUNCIL approved a $600 raise in the salary of Municipal Court Clerk Mrs. Naomi Hougaton. Her salary increases to $3,600 a year.

The following account transfers were made: from fire department alarm system to fire department incidentals and bedding, $200;

From fire department fire alarm system to fire department equipment and hose, $500; from general fund, $15 for downtown refuse cans;

From general fund to street lighting, $200; and from street construction, maintenance and repair, $904.16 to pay for the city's portion of the public employes' retirement fund.

The annexation of the rear portion of the Frank L. Gorsuch's Avondale addition proposal was presented for first reading.

Richard Goble, an associate of Emil Watson and Associates, Columbus, explained his company's actuary services.

* * *

GOBLE said his company was engaged in the business of handling workmen's compensation affairs. His company reviews all workmen's compensation claims for the past five years to ascertain if the city is paying its proportionate share to the state.

His firm also handles all workmen's compensation claims, investigates background and cause of claims and recommends to its clients the advisability of honoring such claims.

"Actuary companies are used by most business concerns and represent them if compensation cases go to court," Goble said. Actuary work protects clients from unnecessary expense, he concluded.

A representative of the Dual Parking Meter Co. was on hand to present his company's fine boxes and tickets. His presentation was referred to the service committee for consideration.

The service committee is presently considering installing fine boxes downtown for citizens' convenience and goodwill.

Three Cited For OMVI

Wonderful Work

(The following article was written by Bob Considine, noted syndicated column ist for the Journal American. It concerns Little League activities and its wonderful work, which applies to Circleville as well as all other communities who have civic organizations that take the time and patience to devote their evenings, weekends and holidays to the youth of America. Such is the Circleville Kiwanis Club.)

Walt Disney was elected to a new office member of the Board of Directors of the the other day in New York. He became a Little League and a trustee of the Little League Foundation. It was a natural selection. Both Disney and the Little League have contributed boundlessly to the youth of America, and the world at large.

Congress this week takes up the question of whether to designate the week of June 14 as Little League Week. It could do a lot worse, let's say. Herbert Hoover, J. Edgar Hoover, and just about every man and woman in this country who is concerned with and by the problems of the growing American boy have heartily endorsed this wonderful work.

We don't see too much of Little League in Mid-Manhattan, but this type of organized baseball for boys from eight to 12 flourishes through the rest of the city and the state—and just about everywhere beyond. There are now 5,000 leagues, 35,000 teams, and more than 1,000,000 boys playing Little League ball in 23 countries.

Through the cooperation of Sam Pryor of Pan American World Airways, Little League official Mickey McConnell, formerly of the Dodgers, spent two months in the Orient not long ago planting the seeds of Little League ball in Japan, Korea and elsewhere. Our military has taken it to far lands, too. Armaco has a league for its kids—and the kids of King Saud—in Saudi Arabia.

With the help from organizations big and small, and individuals, the Little League Foundation will soon have the means of expanding the Little League as far as the earth reaches. The annual Little League World Series at Williamsport, Pa. ,one of the most heart-warming events on the annual sports calendar, already has been won two years running by the remarkable little team from Monterey, Mex., an indication of the spread of the sport. Ther is a chance that the future will see a finals involving, let's say, Venezuela and Canada, or Japan and South Africa. Under Little League, the national pasttime can be international.

The major leagues are abundantly sprinkled with stars who got their starts in Little League ball. As time goes on there's a likelihood that 90 or 95 per cent of all pros will be able to trace their careers back to Little League ball. But what is equally important, if not more so, is the number of good fathers, good citizens, good Americans turned out by their brush with Little League ball.

A boy who is taught team-play physical discipline, obedience to official rules, acceptance of judges' decisions, and at a formative stage, clearly has a better chace of finding a proper place in society as an adult than the kid who neglects or is deprived of that opportunity.

Rommel—Not Really Genius?

By Hal Boyle

NEW YORK (AP)—Field Marshal Erwin Rommel of Germany was Britain's favorite enemy — perhaps America's too—in War II.

But after a 10-year study, author Cornelius Ryan has concluded the Allies were a bit overkindly in their estimates of the dashing Nazi armor genius.

"Rommel has been sometimes portrayed as a high-minded military idealist who played war as a big exciting game," said Ryan, author of an account of the Allied invasion of Normandy on June 6, 1944.

"The truth is he was a Hitler favorite bitterly resented by the career officers of the regular German army.

"Actually, Rommel was a very ambitious man willing to trample on anybody to get ahead. He was an utter politician. He was a fine tactician, but he simply didn't have the depth of training to handle the defense of Europe against the invasion."

His study convinced Ryan that Field Marshal von Rundstedt, who nicknamed Rommel "Marshal Bubi"—the baby marshal — was the superior soldier.

He feels that the Allied beachhead would have been in direr peril—perhaps even thrown into the sea—if Von Rundstedt had been allowed to carry out his plans for a massive counterattack on the third day of the landings, instead of attacking piecemeal on D-Day itself, as Rommel ordered.

But both sides bungled their own intelligence reports badly, and says Ryan: "Plans were tossed out the window on that day, and in the final irretrievable moment when the soldiers met face to face, history voted for the Allied guy."

It is impossible to get a completely clear view of what goes on in a major battle. But Ryan gives as clear a picture as we ever will get of what actually happened in those first few mighty hours as an Allied armada of 5,000 ships bearing 200,000 troops hit the Normandy coast.

Demo Race Still Wide Open

By George Sokolsky

The race for the Presidency is on but it is impossible to say whether the title will go to the swiftest or to the most suitable.

And, of course, in our kind of a country the term, most suitable, is hard to define. Fir instance, what would suit me, as a voter, would surely not suit Samuel H. Beer, National Chairman of Americans for Democratic Action—A.D.A—who would reject both Vice President Richard Nixon and Sen. Lyndon Johnson.

Americans are a volatile prople and their likes and dislikes change swiftly and often. Today, for instance, all sides complain about the apathy of the American people. By apathy is usually meant a lack of interest, a lack of excitement over public affairs.

The question is: What is there to get excited about? What noble ideal of life is presented to the American people? What conflicting issues are we to vote about in the next election? What vast difference has thus far developed between the Rupublicans and the Democrats?

The two principal critics of the Eisenhower foreign policy, Dean Acheson and George Kennan, are not running for President. What they say may be of tremendous national value or none at all, depending upon their influence on the Democratic candidate for President.

It is to be assumed that Dean Acheson or George Kennan could be Secretary of State; so might Adlai Stevenson. We know that Dean Acheson and George Kennan represent a sharp difference from Eisenhower; we do not know that Adlai Stevenson represents any particularly important position.

Every estimate shows Sen. John F. Kennedy out in front for the Democratic nomination. Kennedy, who is 42 years old, which is not too young, nevertheless represents the generation of Americans whose principles and ways of life were formed by the aftermath of Wolrd War II. He therefore comes closer to the current national facade than most candidates.

For instance, the A.D.A could accept him as Walter Reuther can; neither would accept Richard Nixon and probably not Gov. Nelson Rockefeller who has the advantage of not having taken a firm stance on important issues; he is very new to the political scene.

Kennedy is a trained and hardened campaigner, as is Nixon. Rockefeller has had one experience in New York State and that came down to a knish, frankfurter and pizza pie contest rather than a political contest.

Kennedy's greatest liability is his Roman Catholicism. Yet that does not stand in his way to the degree that the same issue laid low Alfred E. Smith, a truly great statesman. The times have changed; there are more Catholics in the United States and while anti-Catholicism thrives professionally, it does not concern as many voters as it did when Alfred E. Smith ran against Herbert Hoover.

Kennedy is running as though he meant it. It is therefore not likely that he would be interested in second place. On the other hand, Sen. Hubert Humphrey, who is also running hard, can have no candidacy except for second place. He has not caught the imagination of the American people. He could get the Vice Presidency to please the A.D.A which contains the remnants of the New Dealers who are active in the Roosevelt and Truman Administrations.

Usually when a candidate steps out so far in advance and so early, he is knocked off by a combination of other candidates. If this proves true in the case of Sen. Kennedy, the nomination could go to Lyndon Johnson, although Adlai Stevenson is being held out as a plausible compromise.

There is no logical explanation for Stevenson's continued candidacy after two defeats, except that some believe that any Democrat can be elected in 1960. Stevenson has developed a following during the two campaigns in which he ran. The following has not been sufficient to elect him. However, as he has been an active candidate for eight years, speaking constantly, travelling the world, keeping his name before the public, he has had many advantages.

Two or three months ago it was believed in many Democratic quarters that Stevenson would have to be nominated to keep the Democratic Party from breaking up into irreconcilable factions. This assumption has been largly dissipated.

The Democratic nomination, it would seem, is still wide open.

TWO BLACK-LEATHER-JACKETEERS found themselves in a museum of modern art—probably to get out of the rain—and stopped short in front of a Jackson Pollock abstraction. One lad grabbed the other's arm in a panic and urged, "Let's get out of here quick before they say we did it!"

'Social Diet' Gets Results

By Herman N. Bundesen, M.D.

You can't lose weight without dieting. Just about every doctor will tell you that. However, most doctors have different opinions about diets and dieting. Each has a few pet ideas of his own.

The biggest problem confronting any patient on a reducing diet is, of course, how to remain on the diet, especially when dining with the family or with friends.

A New York doctor recently came up with a new but simple diet which he says is almost sure to take off a few excess pounds while causing the dieter as little inconvenience as possible.

In an article in the Journal of the American Medical Association, Dr. Milton Plotz prescribes what he calls "The Social Diet".

In this diet Dr. Plotz recommends:

Reduce portions of everyting by one-fourth.

Take no seconds of anything.

For breakfast you can have cereal or one slice of toast, but not both.

No more than one slice of bread should be eaten at any meal.

Eat no gravies.

Desserts should be limited to one ounce of cheese, one portion of fresh fruit or, if you insist, a small slice of angel food cake.

Since any diet needs variety, Dr. Plotz suggests that he lean meat—green vegetable routine at dinner can be varied by using small portions of rice, spaghetti, noodles or even cracked wheat, or maybe portions of peas, lima beans or a small baked potato.

Now the best part of such a diet is that, as a rule, you can eat just about the same things everyone else at the table eats. You simply cut down on the quantity.

Dr. Plotz tested his diet on some 100 patients. He reports that in many instances the patient's friends and even members of his family were not aware that he was dieting.

You can accept dinner invitations to eat out without any undue embarrassment.

And, of course, the homemaker is given a real break, since she doesn't have to prepare separate meals for the dieter and for the rest of the family.

Question and Answer

Mrs. W. D. S.: My son, 18, never was troubled with pimples until now.

Can you tell me what causes them and how they can be cured?

Answer: Pimples, or acne, is a common skin disturbance in young people. Diet, age, glandular activity and infection all play a role in their causation.

Treatment may be sinple, including frequent scrubbing of the area, attention to diet and local medication. Other cases require more intensive treatment.

You should take hom to a skin specialist.

The World Today

By James Marlow

WASHINGTON, (AP)—As one of his last acts in office, Secretary of Defense Neil H. McElroy conceded the Soviets will be ahead of this country in missiles for another three years.

Since the Democrats have hammered at the Eisenhower administration for months—complaining that it lacked a sense of urgency in meeting the Soviet missile challenge—next month's opening of Congress should be a fiery one.

McElroy made his statement Tuesday shortly before leaving office to go back into private business and just a few hours after Premier Nikita Khrushchev boasted in Hungary the USSR now has enough nuclear rockets to flatten all its foes.

But McElroy made these two points:

1. As of today, he said, the Soviet Union and the United States have about the same number of long-range missiles and the number is "quite small" on both sides.

Last July he estimated the Soviet Union had fewer than 10 intercontinental ballistic missiles capable of hitting the United States. He said then that over-all the United States could more than match Soviet ICBM capabilities.

But only recently Khrushchev said one Soviet plant was turning out 250 missiles a year, which would be a lot more than the 10 McElroy said the Soviet Union had.

2. McElroy said the administration will ask Congress for money so that bombers capable of carrying nuclear weapons can be maintained on an airborne alert.

The money would go, he said, to buy additional engines for B52 strategic bombers and to train Air Force crews so that some degree of airborne alert can be ordered when the Joint Chiefs of Staff conclude the Soviet Union has a substantial ICBM lead.

The B52 is a jet bomber capable of making 650 miles an hour and with a range of over 6,000 miles without refueling. Soviet jet fighters which would try to intercept the bombers can do up to 900 miles an hour.

This country is going in for B52 model jet bombers which can fire the Hound Dog missile. This weapon, carrying a nuclear warhead, can be fired from the bomber at a target 500 miles ahead.

McElroy explained: If the Soviets build the number of ICBMS they are capable of building and if the United States builds the number it now intends to, the Soviets will have more missile capability over most of a three-year period.

McElroy was defense secretary 26 months. Under his direction this country developed its first intercontinental ballistic missile, the Atlas, and worked toward perfecting more advanced weapons.

But as time went on and the Soviets inflicted one embarrassment after another on this country in space development, plus their missile boasting, the Democrats protested the administration wasn't doing enough to keep up or get ahead.

Last winter McElroy finally said this country didn't plan trying to match the Soviets missile for missile.

Gas Fumes Fatal To 5 in Newark

NEWARK, Ohio, (AP)—An unvented gas space heater they were using to warm a house they had just moved into ended the lives of two young women and three children.

William Thurman, came home to find his wife, Jean Marie, 27, their children, Nancy Lynn 4, Terrance Allen, 2, and Timothy Randall, three months, and a girl who lived with the family, Memphis Mae Mabe, 19, dead.

Dr. Carl Frye, deputy coroner, ruled the cause was carbon monoxide poisoning from the heater.

Any U.S. Ban on Cigarettes To Be Hard on Tobaccomen

WASHINGTON (AP) — What would happen to the economy if the government banned cigarettes?

It's not likely to happen, since at present the government has no authority to move against cigarettes for any effect they may have on health.

Surgeon General Leroy E. Burney last week warned that the weight of evidence implicates smoking as the main cause of a rising rate of lung cancer, but he has no power to ban smoking even if he favored such a move. Industry spokesmen attacked Burney's warning as a warmed over rehash of old statistics.

But if the government did ban cigarettes, the action would have several hefty consequences. For one thing it would paralyze a seven-billion-dollar industry. For another, it would take a painful bite from federal, state and local tax revenues.

Whie taking no sides on the cancer controversy, farm officials said today a drastic ban of cigarettes would adversely affect three quarters of a million farm families and thousands more workers now marketing, processing and selling tobacco products.

The Agriculture Department said taxes collected on tobacco products by federal, state and local governments will total $2,700,000,000 this year. Nearly two billion dolars of this goes to the federal government.

Subsidies paid tobacco growers under federal farm programs total less than 175 million dollars since the inception of those programs in the mid-30s. Subsidies have been small compared to those for other crops because production has been controlled more rigidly.

Tobacco manufacturers and the federal government would lose more in total dollars than would growers, who will receive an estimated $1,100,000,000 for their tobacco this year.

Officials estimated that more than 40,000 earners would be thrown out of work in the industry. Their wages were estimated at more than $160,000,000 a year. Thousands of retail tobacco stores would be affected. Heavy losses would be sustained also in useless cigarette vending machines.

Columbus Denied Rate Hike Delay

COLUMBUS, Ohio (AP) — The Ohio Supreme Court today refused to delay a 3½ million dollar annual electric rate increase now in effect for Columbus consumers pending outcome of an appeal from rate boost.

The 6-2 decision said rate increases become effective upon final action by the Public Utilities Commission and that an appellant must post bond.

City Atty. Russell Leach, who filed the appeal and requested a delay in the increase, said Columbus didn't have the two million dollars needed for bond.

The appeal by the City of Columbus from the rate increase still is pending before the court.

Westminster Bible Class Holds Christmas Party

The home of Mrs. Robert Pickens, 127 Park St., decorated for the holiday season, was the scene for the Christmas party of the Westminster Bible Class of the Presbyterian Church Tuesday.

Mrs. W. L. Mack, president, opened the meeting with a prayer by Peter Marshall. She reported that 19 Thanksgiving cards had been sent to shut-ins of the church.

The group voted to send a Christmas basket to a needy family. Members also voted to again send a magazine to the Pickaway County Children's Home.

Thank-you cards were read from Mrs. Florence Steele and her daughter, Mrs. Ruth Steele Smith, Columbus, former members of the society.

Mrs. G. Guy Campbell was in charge of devotions and the program. She read a prayer followed by a reading entitled "Christmas".

Mrs. Campbell also presented the story "Our Christmas".

Mrs. Orwin Dreisbach gave each member a date calendar. A salad course was served by Mrs. Pickens, assisted by Mrs. B. T. Hedges, Mrs. George Roth, Mrs. G. Guy Campbell and Mrs. Charles Lyons.

The next meeting will be held January 5 in the home of Mrs. W. A. Downing, 223 N. Scioto St.

Christian Home Society Holds Dinner-Meeting

Mr. and Mrs. Lawrence Krimmel were hosts at the monthly covered-dish-supper and meeting of the Christian Home Society of Christ Lutheran Lick Run Church held Tuesday in the parish house.

The meeting opened with the group singing "Joy to the World". Van Meter Hulse, vice-president, conducted the meeting.

Members will present two comforts, which they made, to needy families for Christmas. Also each member brought a toy to be given to needy children at Christmas.

Officers for the coming year are Mrs. Noah List, president; William Hulse Sr., vice-president; Harry Kern, treasurer; Mrs. Gerald Easter, secretary; Mrs. Lawrence Krimmel, news-reporter; and Mrs. George Schleich, pianist.

The meeting closed with the group singing "Come Hither Ye Thankful" after which a gift exchange was enjoyed by the children.

Adult Class Plans Party

The Tarlton Methodist Young Adults Class held its monthly meeting recently in the home of the Rev. and Mrs. Earl Bowser, Tarlton.

Mrs. Bowser was in charge of devotions. The business session was conducted by Mrs. Rhymer. The class voted to send a contribution to the Rev. Jack Hedges, a former Pickaway Countian, who is now a missionary in Hawaii.

Members drew names for the gift exchange to be held in December and also decided that each person would bring his own lunch.

A short program followed the business session after which the host and hostess served refreshments.

The next meeting will be held December 28 in the church basement. The group will prepare fruit baskets for Christmas.

Dear Abby...

By Abigail VanBuren

Idle Talk Can Be Very Costly

DEAR ABBY: Two of my girlfriends and I got together and we started talking about another girl. They said some things about her that were very damaging to her reputation. (They were not true.) I am sorry to say that I joined in and did my share of talking. The rumors got around all over school and she found out who started them. Now I have lost her friendship. She is a very nice girl, Abby. I never realized how much harm could be done by just talking about a person.

I hope that everyone who reads this will benefit from it. I caused a lot of tears to be shed and I pray she will forgive me. I could not feel worse if I had robbed a cripple of his reutches.

LEARNED A LESSON

DEAR LEARNED: To confess a wrong and ask forgiveness is a step in the right directoin. Now promise never to do it again. For those inclined to be loose of tongue a little simplified Shakespeare: "He who steals my purse steals trash, but he who steals my good name, enriches himself not and makes me poor, indeed."

DEAR ABBY: My sister has a big hairy wart on her nose. She is always trying to shave it. We tell her she might get it infected, but she doesn't pay any attention to us. Can she get an infection from this or can't she?

SICK OF ARGUING

DEAR SICK: She can.

DEAR ABBY: I am making my daughter's school wardrobe. She is a fourth-grader and very fashion conscious. She requested straight skirts. Personally, I think a full skirt would look better on her, but she specifically asked for a straight skirt because she says all her friends have them. My older sister opened her big month. She says I am crazy to let a 9-year-old girl have what she wants. I say, my daughter might not LOOK as well in a straight skirt, but she'll be happier with it because she'll be like her friends. What do you say, Abby?

MOTHER

DEAR MOTHER: I say you are right! I wouldn't carry this philosophy to extremes by allowing my child to "have things" merely because her friends have them. But when it comes to clothes, if it isn't too "way out"—let her have what whe wants.

What's your problem? For a personal reply write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

Dorcas Class To Hold Supper

Dorcas Pathfinders Class of Calvary EUB Church will hold a fellowship supper starting at 6:30 p. m. tomorrow in the church annex.

A bazaar will be held following the supper. All ladies of the church and outside guests and members of Crusader and Trailmakers Classes are invited to attend.

The supper will be furnished by the Drrcas Pathfinders Class and persons attending are asked to bring their own table service.

A Tea Is Slated By Circle No. 3

Circle No. 3 of Trinity Lutheran Church will hold a Tea beginning at 1:30 p. m. Tuesday instead of a luncheon at 12:30 p. m. as previously planned.

The Tea and gift exxhange will be held in the home of Mrs. Eugene Hanson, 345 E. Main St.

Bazaar Scheduled By Guild No. 15

Berger Hospital Guild No. 15 will sponsor a General Bazaar starting at 7 p. m. tomorrow in the Second Baptist Church, W. Mill St.

USED TO BE A GUY—This is the Mrs. Charlotte Heidal, 34, who used to be Charles Ernest McLeod in the U. S. Army, then became Charlotte McLeod via operations in Denmark, then married Ralph Heidal, 36, in Miami, Fla., in October. The transformation took place in 1953-54. None of Mrs. Heidal's friends in Miami knew of her former identity, reports Miami Herald. As GI, she was from Dyersburg, Tenn.

SCULPTURE WINS $2,000—An unusual rust brown iron sculpture titled "The Self" is examined by Anne Hunt at the Chicago Art institute's 63rd American Exhibition of Painting and Sculpture. "The Self" won the $2,000 Mr. and Mrs. Frank G. Logan award. Creator of the sculpture is Isama Noguchi, American-born Japanese.

McElroy Says U.S. Power Sufficient To Match Soviet

WASHINGTON (AP) — Neil H. McElroy, retiring secretary of defense, concedes the United States will lag behind the Soviet Union in intercontinental missiles for the next three years.

But McElroy contended the nation has enough striking power in other forms to offset this missile gap.

At a farewell news conference Tuesday, a few hours after his resignation was announced by the White House, McElroy said these steps have been taken or will be taken to fill in the gap:

1. Congress will be asked for enough money to let the Air Force maintain an airborne alert if necessary during the three-year missile lag period. In such an alert, bombers carrying nuclear weapons would be in the air at all times, safe from sneak attack and ready for instant retaliation.

2. The development of the Hound Dog missile has added years to the usefulness of manned bombers such as the B52. This missile can be fired from an airborne B52 at targets up to 500 miles away.

3. The Navy's Polaris missile, while not yet operational, will be ready to go next year. This is the 1,500-mile missile that can be carried anywhere by atomic-powered submarines and fired from under water.

McElroy's disclosure that the country will rely heavily on the B52 for the next three years came shortly after the Air Force all but canceled the B70 bomber program.

The B70 is an advanced bomber designed to fly three times the speed of sound. It was years from being operational although a half billion dollars had been spent on it. Now only one or two prototypes will be built. The B70 had been criticized on the ground that it would be obsolete in the missile age even before it went into production.

McElroy said that as of today the Soviet Unoin and the United States have about the same number of interconinental missiles—a very small number. But he said Soviet production will outstrip the United States in coming years.

LIZ IS BETTER—Singer Eddie Fisher walks past nurse Ruth Wolf as he enters the Harkness pavilion of the Columbia-Presbyterian Medical center in New York to visit his wife, actress Elizabeth Taylor, stricken with double pneumonia. Miss Taylor is reported in good condition.

Pacifist Shuns Court's Order

Lecturer Refuses To Name Speakers

CONCORD, N.H. (AP)—A New Haven, Conn., lecturer—ready to go to jail for contempt rather than disclose names in a subversive activities inquiry—says the state of New Hampshire will "find it hard to put a man in prison because of his conscience."

Willard Uphaus, 68, who describes himself as a Christian pacifist, was ordered Tuesday to appear in Superior Court Dec. 14 and name guest speakers at his World Fellowship Center, a summer camp meeting at Conway, in 1954 and 1955.

Uphaus steadfastly has refused to supply the information to Atty. Gen. Louis C. Wyman despite a contempt conviction and the failure of appeals to the New Hampshire Supreme Court and the U.S. Supreme Court.

The Superior Court can send Uphaus to jail unless he purges himself by answering Wyman's questions. "In my case this may mean a life sentence," Uphaus has said.

Despite a flood of telegrams and letters urging clemency, Gov. Wesley Powell declined comment, asserting the matter is pending before the court. Methodist Bishop John Wesley Lord of Boston and Norman Thomas, former Socialist party candidate for president, are among those who appealed to the governor.

In an earlier court appearance, Uphaus attributed his refusal to religious convictions, conscience and the direct teachings of the Bible that it is wrong to bear false witness against my brother."

"Inasmuch as I have no reason to believe that any of these persons whose names have been called for have in any sense hurt this state or our country," he said, "I have reason to believe they should not be in possession of the attorney general."

Bomb Shatters Crowd

ALGIERS (AP)—A small bomb went off near the gate of Algiers University today, injuring no one. A growd gathered and 10 minutes later another bomb went off nearby. A French student from Morocco was killed, and six Europeans were wounded.

Ike Aide Raps Both Unions, Management

BAL HARBOUR, Fla. (AP) — Secretary of Labor James P. Mitchell said today management is moving too fast and organized labor too slow in improving productive efficiency in America.

Both, he said, had better seriously try to solve a mutual problem that involves the future not only of this country but of the free world.

Mitchell, in remarks prepared for the annual convention of the Investment Bankers Assn., said labor and management "would get farther along" if they devoted all the money, effort and imagination they use in propaganda on the efficiency issue to working out settlements.

The labor secretary obviously was referring to the disputes in the steel, railroad, maritime and other industries in which management seeks more leeway in cutting manpower costs and the unions are seeking to protect current work practices.

Mitchell said there is no question but that foreign competition to American goods is increasing and the products of industry in this country must be produced on a more efficient and less costly basis in the future.

But, he added: "The objective of efficient production of the economy will not be met by a management attitude so unskillful that it attempts to change in a stroke, by the bang of a single gavel, working habits built up over many years, through many bargaining sessions.

COLUMBUS, Ohio (AP)—State Agriculture Director Robert H. Terhune of Washington Court House left today for Chicago and two days of talks about the St. Lawrence Seaway's effect on agricultural production in the Great Lakes states.

The meeting was called by the North Central Assn. of State Departments of Agriculture.

Commerce Director John W. Bush of Portsmouth is in Philadelphia for a meeting of the Interstate Oil Compact Commission.

Air Force Receives Supersonic Bomber

FORT WORTH, Tex. (AP)—The Air Force Tuesday received the first operational model of he supersonic Convair B58 bomber.

The plane is the 31st Hustler to be built. The first B58 flew in November 1956. Five test models crashed or were destroyed in ground accidents. The first 30 planes built by Convair were test models.

Young Thugs Get $80,000 In Diamonds

ST. LOUIS, Mo (AP)—Police today sought two business - like young bandits who Tuesday made off with diamonds valued at between $80,000 and $90,000.

The pair, one of them disguised as a policeman, invaded the 12th-floor office of wholesale jewel merchant Manes Topper, bound and gagged Topper and his wife, Sadie, with adhesive tape, scooped the gems—including one of 7¾ carats—into a briefcase and sprinted downstairs.

The uniformed man knocked on the locked door of the office and told Topper, 53, "I'm a policeman. We have a report on your stolen car."

Topper's car had been stolen two weeks ago so he admitted the man, who was followed by another wearing a gray hat and topcoat. The second man announced, "This is a holdup."

Police Sgt. James McGauley said the job was thoroughly worked out. The men were familiar with the office and building.

WANTS NEW HAND — Mike Flaugher, 6, born without a left hand, has talked of little else but an artificial one since starting to school in September in Alexandria, Va. Mike hopes to get an artificial hand for Christmas, but parents can't afford one.

NOTICE OF APPLICATION TO THE PUBLIC UTILITIES COMMISSION OF OHIO FOR AN INCREASE IN ELECTRIC RATES.

TO WHOM IT MAY CONCERN:

Pursuant to the requirements of Section 4909.19 of the Revised Code of Ohio, Columbus and Southern Ohio Electric Company hereby gives notice that on November 2, 1959, it filed with The Public Utilities Commission of Ohio an application for authority to increase and modify its schedules of rates and charges for residential service and for its standard secondary service, other than residential, throughout its territory except in Franklin County and except for residential and small commercial service in the municipalities of Nelsonville, Pomeroy, West Union and Bainbridge.

The Application seeks authority to cancel certain of the sheets of the Company's presently filed schedules designated PUCO No. 1, electric service, in so far as they affect the areas aforesaid and to substitute new sheets therefor.

The substance of the rate revisions proposed in the Application is as follows:

RESIDENTIAL SERVICE

The new residential rates are contained in two schedules. The rate sought to be established in the unincorporated areas of the counties of Delaware, Knox, Licking, Madison and Pickaway and Madison Township of Fayette County and all of the incorporated municipalities in the Company's territory outside of Franklin County in which the Company renders the service affected (excepting the municipalities of Nelsonville, Pomeroy, West Union and Bainbridge) is as follows:

First 20 kwh or less per month $1.50
Next 60 kwh per month ..... 4.0c per kwh
*Next 120 kwh per month ..... 3.0c per kwh
All over 200 kwh per month ..... 1.9c per kwh
Minimum monthly charge $1.50 per meter.

*The third block of the rate shall be increased by 10 kwh for each 0.1 kw of demand in excess of 7.5 kw during the month. If an electric water heater is used such increases shall apply to demand in excess of 7.5 kw plus the rating of the largest water heating element but shall apply in any event to all demand in excess of 10.5 kw.

The rate sought to be established in the balance of the Company's unincorporated territory outside of Franklin County is as follows:

First 20 kwh or less per month $1.50
Next 60 kwh per month ..... 4.5c per kwh
*Next 120 kwh per month ..... 3.0c per kwh
All over 200 kwh per month ..... 1.9c per kwh
Minimum monthly charge $2.00 per meter.

*The third block of the rate to be increased in the same manner as provided in the first described proposed schedule.

The Company's present schedules entitled "R-11", "R-10", "R-S-R", "R-N-R" and "R-11-D" which presently establish the rates for residential service are to be withdrawn in the affected areas. This will have the effect of increasing the rates of consumers now taking service under such schedules in the affected areas. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

GENERAL SERVICE—SMALL—SECONDARY

The rates sought for General Service — Small — Secondary service are to be uniform through the entire territory of the Company outside Franklin County. The proposed schedule of charges for such service is as follows:

First 20 kwh or less per month $1.50
Next 80 kwh per month ..... 5.0c per kwh
Next 200 kwh per month ..... 4.5c per kwh
Next 450 kwh per month, plus 100 kwh per kw of Maximum Capacity in excess of 7.5 kw ..... 4.1c per kwh
Balance to 5000 kwh per month ..... 2.2c per kwh
All over 5,000 kwh per month ..... 1.7c per kwh
Minimum charge $1.50 per kilowatt per month applied to a Maximum Capacity equivalent to 50% of the greater of (a) the highest Maximum Capacity previously established during the term of the service contract or (b) the capacity requirements of the consumer as specified in the service contract.

The Company's schedules entitled "G-1" and "G-S-1", in so far as they are applicable to the areas outside of Franklin County, are to be withdrawn. This will have the overall effect of increasing the rates of consumers now on such schedules outside of Franklin County. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

GENERAL SERVICE—MEDIUM—SECONDARY

The rates sought for General Service — Medium — Secondary service are to be uniform throughout the entire territory of the Company outside Franklin County. The proposed schedule of charges for such service is as follows:

Maximum Capacity Demand Charge
First 10 kw or less of Maximum Capacity ..... $21.20 per month
Next 40 kw of Maximum Capacity ..... 1.90 per kw per month
Next 950 kw of Maximum Capacity ..... 1.60 per kw per month
Over 1000 kw of Maximum Capacity ..... 1.50 per kw per month
Excess Kilovolt-ampere Demand Charge ..... .25 per kva per month
Energy Charge
First 300 kwh per month per kw of Maximum Capacity, but not less than 50,000 kwh, as follows:
First 5,000 kwh per month ..... $ .022 per kwh
Next 15,000 kwh per month ..... .017 per kwh
Next 30,000 kwh per month ..... .013 per kwh
Next 50,000 kwh per month ..... .011 per kwh
Over 100,000 kwh per month ..... .0095 per kwh
Over 300 kwh per month per kw of Maximum Capacity, but not less than 50,000 kwh ..... .008 per kwh
Maximum Charge
Bills rendered under this schedule shall not exceed $2.20 per month plus 4.1c cents per kwh for all energy consumed, except by reason of the Minimum Monthly Charge.

Minimum Monthly Charge shall be the demand charge applied to a Maximum Capacity equivalent to 50% of the greater of (a) the highest Maximum Capacity established during the contract term or (b) the capacity requirements specified in the service contract.

The Company's schedules entitled "G-2" and "G-S-2", in so far as they are applicable to the areas outside of Franklin County, are to be withdrawn. This will have the overall effect of increasing the rates of consumers now on such schedules outside of Franklin County. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

COMMERCIAL SERVICE

In addition to the foregoing, the Company's schedules entitled "C-6", "C-6-0", "C-S-O" and "C-S-R-O" are to be withdrawn in the affected areas. This will leave the General Service — Small — Secondary and the General Service — Medium — Secondary schedules described above as the only available schedules for this service in such area. This will have the overall effect of increasing the rates of consumers in the affected areas now on such schedules to be withdrawn. Copies of such schedules are on file with The Public Utilities Commission of Ohio and may be obtained at the offices of the Company.

The Company's Application further states that its existing rates affected by such Application are not sufficient to provide a reasonable return upon the property devoted to such service and that the rates applied for will provide no more than a reasonable return on such property. Such Application prays that the Commission (1) find that the present rates, prices, charges and other provisions of the schedules affected by such Application are unjust and unreasonable and insufficient to yield just compensation for the service rendered thereunder and (2) find and determine that the rates, prices, charges and other provisions of the schedules tendered with such Application for filing are just and reasonable, and approve such schedules in the form tendered with such Application and make such schedules effective as soon as it is practicable to do so.

5 Cubans Held On U.S. Charges

MIAMI, Fla., (AP)—Five Cubans, including two air force pilots under deposed Cuban president Fulgencio Batista, are under $2,500 bond each for a hearing on a federal charge of attempting to fly explosives out of the United States.

Custom agents arrested the men Sunday before they got in the air with their home-made bombs. Their hearing is set for Dec. 18.

Charged in the case are Osvaldo Piedra, 24, Jose Hernandez, 24, both identified as ex-Batista air force pilots; Manuel Revuelta, 29, Manuel Blanco, 23, and Miguel A. Orasco, 23, all of Miami.

John Adams, the second president, was the first chief executive to live in the White House.

ZIGGED WHEN IT SHOULD'VE ZAGGED—The jet-powered Tempo Alcoa lies aground at Pyramid lake in Nevada, where it veered out of control in a speed test preparatory to a try at the world record. It did "better than 260," said "pilot" Les Staudacher.

8 More Boys Flee Lancaster

LANCASTER, Ohio (AP)—Eight more youths escaped today from Boys Industrial School near here, bringing to 30 the number of boys who have fled the institution in the past week.

Twenty-two boys escaped last week and some are still at large.

Involved in the latest escape were Fred Rice, 15, South Lebanon; Richard Spencer, 15 Columbus; Richard Hamilton, 16, Newark; David Judson, 15, Nelsonville; Herbert Lee Johnson, 16, Dayton; Wayne William Johnson, 15, Greenfield; Webster Lawson, 16, Clayton, and Frazier Kidd, 16, Cincinnati.

There are nearly 700 islands and more than 2,000 cays and rocks in the Bahama Island group.

Woman Files Suit Against Father, Son

Gladys M. Noggle, 219 S. Washington St., Tuesday filed a $10,300 damage suit in Pickaway County Clerk of Courts' office against Junior Lee Denney and his father, Leroy Denney, both of 951 S. Pickway St.

Miss Noggle contends that on Dec. 2, 1957, while attempting to park her car, it was struck in the rear by an auto driven by young Denney.

The suit said the accident occured on the south side of E. Main St. Miss Noggle said that as a result of the collision, her auto was forced over the curb and into a parking meter on the sidewalk.

She states that she was thrown forward inside the car, suffering injuries to her spine, neck and shoulder muscles and shock to her entire nervous system.

• • •

THE PETITION states she suffered temporary and permanent pain, is unable to move her head in certain directions and will be under constant medical care the rest of her life.

The petition continued, stating that Denney Sr. allowed his son to drive the family car. It said that because of the 18-year-old's youth and lack of skill and experience, he was incompetent to operate an automobile and unfit to be given charge and control of the auto.

It stated that because of the younger Denney's unfitness, he was a menace to persons and autos on public streets and highways.

The suit cites Denney for the following acts of negligence: 1. failed to keep the car under control; 2. was traveling 25 miles per hour making it impossible to stop within an assured clear distance;

3. knew the auto's brakes were defective; 4. that his father knew the car's brakes were defective, and 5. the father knew his son was incompetent to operate a car.

The petition asks for $10,000 in damages and an additional $300 for medical expenses. Miss Noggle is represented by Earl A. Smith, local attorney at 209 E. Main St.

Delinquent Names To Be Published

Real estate tax delinquents will be published in four Pickaway County newspapers starting December 30.

This resolution was made by the Pickaway County Commission during the second day of their fourth quarterly meeting, held Tuesday.

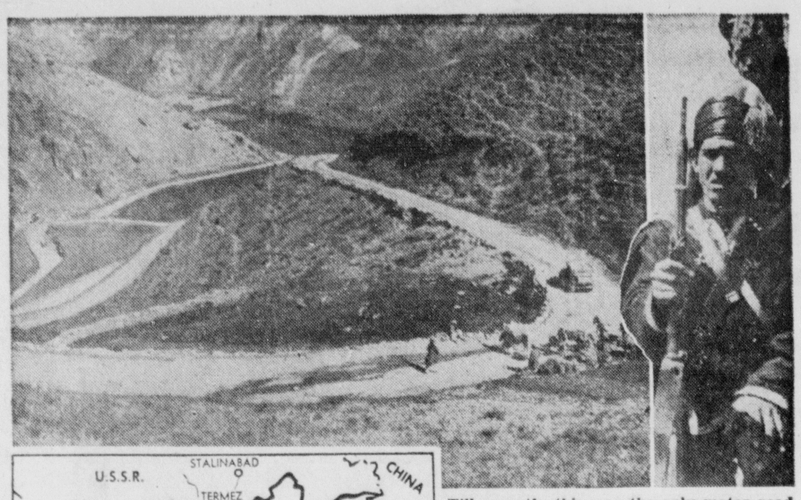

The resolution stated that real estate tax books will be closed December 21 by County Treasuser Robert Colville and first publication of delinquencies will be made nine days later.

Santa or No Santa, Somebody's Gonna Pay

JOPLIN, Mo. (AP) — Santa Claus, the guest of honor in the annual Christmas parade Tuesday night, was his usual lovable self and all the kids were clamoring for the favors he tossed from his float.

Unfortunately, a piece of hard candy broke the glasses of 8-year-old Richard Howell.

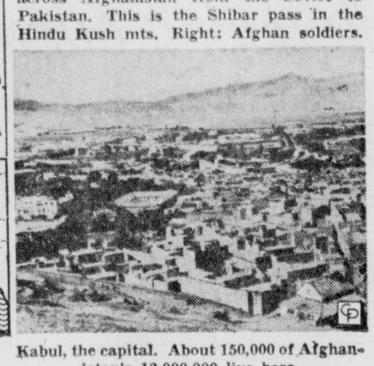

Santa or no Santa, said Richard's mother, the parade-sponsoring Chamber of Commerce may get billed for a pair of glasses.

President Eisenhower's plane will land at airfield 35 miles north of Kabul.

Till recently this was the only motor road across Afghanistan from the Soviet to Pakistan. This is the Shibar pass in the Hindu Kush mts. Right: Afghan soldiers.

Kabul, the capital. About 150,000 of Afghanistan's 12,000,000 live here.

IKE STOPOVER—Storied Afghanistan, where President Eisenhower will stop on his Europe-Middle East-Asia trip, probably is the Soviet's highest priority "foreign aid" nation. High Soviet officers are training King Mohammed Zahir's soldiers, who are equipped with $70 million in Russian arms. The Soviet is making Afghanistan a present of a paved highway linking Kushka with Kandahar (see map). Nearly half of Afghanistan's foreign trade is with the Soviet (only 18 per cent in 1955). Afghanistan was crossed by Marco Polo's caravan 600 years ago. *(Central Press)*

DiSalle Seeks Better Plan For BIS Boys

COLUMBUS, Ohio (AP)—A recent visit to the Ohio Soldiers and Sailors Orphans' Home at Xenia gave him an idea, Gov. Michael V. DiSalle told newsmen today.

The same sort of program — good educational and vocational training facilities, an environment which encourages rehabilitation, and enough staff members to adequately supervise youngsters — might be the answer to Ohio's juvenile correctional problems, DiSalle said.

"There were 22 walkaways at (Lancaster) Boys' Industrial School at Thanksgiving time," he pointed out. "This indicates something is lacking. Many people don't realize that Lancaster is the largest boys' industrial school in the world, with 918 boys in facilities for 500."

Early in 1960, DiSalle said, when a study of mental patients he was ordered is well under way, he will press for action to set up smaller units around the state for work with youngsters who have varying kinds of problems.

The present program is inadequate, he said, because youngsters primarily are crowded into the Lancaster Boys' School and the School for Girls at Delaware, and because there is little follow-up action to find out what youngsters do after release.

A check of Ohio Penitentiary and other state prisons would show that many inmates committed further offenses after release from the juvenile correctional institutions, DiSalle said.

"If we don't correct it (the program)," he said, "we're going to keep building penal institutions for ever and ever."

Small Towns To Get Urban Building Plans

COLUMBUS, Ohio (AP) — Details for how Ohio counties and towns of under 50,000 population can share in federal grants for urban planning will be given at a meeting here Dec. 10. The funds, totaling $1,700,000, are available under the urban planning assistance section of the 1959 housing act.

New State Sales Tax Law Upheld

COLUMBUS, Ohio (AP) — Common Pleas Judge Kenneth L. Sater has upheld a new state law that eliminates issuance of sales tax stamps on auto purchases.

Tuesday he upheld objections by the state which asserted that suits attacking the law did not show a cause of action.

A Columbus auto agency head and a man who purchased a car from the agency challenged the law on grounds it was discriminatory and unconstitutional.

The law prohibits auto dealers from issuing tax stamps and collecting a 2 per cent vendor's discount. The tax collection is now placed in the hands of the county clerk of courts.

Woman Killed In Shop by Angered Mate

LORAIN, Ohio (AP) — Howard A. Dixon, 49, walked into a cleaning establishment in a shopping center near here Wednesday and shot his wife to death, Lorain County sheriff's deputies said.

Dead was Mrs. Mae Woodrum, 39, of Lorain. She was separated from her husband, had started divorce proceedings and was using her former married name.

Sam Prizant, manager of the Flash Cleaning Co. store, said Dixon walked in and said he wanted to talk to his wife, one of six women working in the store.

Mrs. Ann Zalstel, who had been working close to Mrs. Woodrum in the shop at the O'Neill-Sheffield Shopping Center, said Mrs. Woodrum told Dixon, "Please leave me alone."

"Then I heard the shots," Mrs. Zalstel said.

Prizant and the five women fled the shop. An employe of a drug store next to the shop went in and disarmed Dixon.

Mrs. Zalstel said when she went back into the shop Dixon was crying over his wife's body.

Sheriffs' deputies were holding Dixon without charge. They said six shots had been fired from the .22 caliber 9-shot revolver.

Hazelton To Be Dean Of Oberlin Theology

OBERLIN, Ohio (AP) — Next Sept. 1 Dr. Roger Hazelton, 50, will become dean of the Graduate School of Theology at Oberlin College. The appointment of Dr. Hazleton, chairman of the department of religion at Pomona College and professor of religion at Claremont (Calif.) Graduate School, was announced Wednesday by Oberlin's president, William E. Stevenson. Hazleton succeeds Dean Leonard A. Stidley, who died May 28, 1958. Since then Dr. George P. Michaelides has been acting dean.

Rock 'n' Roll Takes Beating In OSU Poll

COLUMBUS, Ohio (AP) — Do you dislike rock 'n' roll enough to turn off your radio when that type music is played?

Two Ohio State University researchers reported today that no other type music is actively disliked by as many listeners as those who tune out rock 'n' roll programs.

Nearly 35 per cent of 1,992 Columbus adults aged 19 to 70 said they would flip to another station if as much as a half-hour of rock 'n' roll was announced, the researchers found.

The second biggest proportion of listeners who dislike a certain type music enough to turn off their radios are the 26 per cent who can't stand classical or concert music. The 21.7 per cent who dislike jump, jive and other jazz makes the third biggest group.

The researchers readily admit, however, that lack of enthusiasm for rock 'n' roll represents an adult viewpoint only.

Among the 14 to 18-year-old crowd, rock 'n' roll outstrips all 17 other musical categories and is liked by 82 to 83 per cent of the teenagers.

Radio music preferences were surveyed here last April by two Ohio State graduate students, Howard E. Hopf and Raymond T. Bedwell Jr. Hopf is now teaching at California Western University, San Diego, and Bedwell at Marquette University, Milwaukee.

Interest Rate Climb Helps Some Yankees

U.S. Paying Out $9 Billion a Year; You Getting Share?

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—With interest rates still rising, a lot of individual Americans are benefitting. The pinch on borrowers isn't the entire picture.

The federal government alone is paying out more than nine billion dollars a year to those from whom it borrows and you may be among the millions getting some of that as a partial offset to the taxes you pay.

Indivudals are getting more of that nine billion dollars than you might suspect. They also are collecting on state and municipal bonds, as members of savings and loans associations and credit unions, as holders of corporate debt securities and on savings accounts in the banks.

Millions of Americans also expect sooner or later, one way or another, to get returns on investments in life insurance, mutual funds, and private pension and retirement funds. Some are getting such returns right now.

The banks and other financial institutions may be getting a smaller portion of the increasing total of interest payments than you think.

The U. S. Treasury says it pays out 1½ billion dollars a year in interest to the 40 million persons who own U. S. savings bonds. It pays another half-billion to individuals holding other forms of its securities.

The next largest volume of interest goes to various government investment accounts, like Social Security, which put their idle funds in Treasury securities; and to the commercial banks, each getting 1½ billion a year on their holdings.

Federal reserve banks holdings of the U. S. debt bring in 800 million dollars a year, according to the latest available figures. Nonfinancial corporations get 600 million a year or more at latest count.

State and local governments also get interest from Uncle Sam, about 400 million dollars a year. Insurance company holdings are good for 300 million dollars and mutual savings banks for 200 million. The Treasury lists the rest as going to miscelaneous investors.

Weekly Food Review

By THE ASSOCIATED PRESS

Beef and pork took over featured positions on the meat counters of the nation's supermarkets this week.

Supply was good but prices generally were higher than a week ago when these items took a back seat to Thanksgiving turkey.

Beef supplies are increasing slightly, running about 5 per cent more than a year ago. The pork supply is about 10 per cent above this time last year. An abundance and variety of hams already are being pushed for Christmas and New Years's.

Weekend specials in the meat department run heavily to chuck pot roasts, pork shoulders, roasts, loins and hams.

Fryers and lamb are among the features.

There are good buys in bacon, frankfurters and ground beef.

An abundance of vegetables, many at attractive prices, is available.

The best buys are medium size yellow onions, cauliflower, sweet potatoes, acorn and butternut squash, mushrooms, broccoli, eastern potatoes, brussel sprouts, egg plant, kale, collards, and radishes.

In the good buy classification are celery, corn, carrots, beets, endive, iceber lettuce, small and medium peppers, spinach and rutabaga.

Fresh fruits are limited in variety. Best buys are apples, avacados and Florida oranges, grapefruit and tangerines. Western apples and Florida kumquats are are available at good prices. Strawberries and Spanish melons are expensive.

ANGRY KILAUEA—Here is the eruption of Kilauea on Hawaii, in a photo made at the crater's rim. Lava fountains spill out at top and run 300 feet down to form a river of fire.

Chillicotheans Are Named in Man's Will

WORCESTER, Mass. (AP) — Five nieces and nephews are beneficiaries under the will of Nelson Davis White of Winchendon, on file today in Worcester County Probate Court.

White, long associated with the textile industry and an active member of the New England Horse Assn. and the Morgan Horse Club, died Oct. 10, 1959, in the same house where he was born 80 years ago.

The will provided that all White's horses, an unspecified number, go to Joseph Nelson White of Chillicothe, Ohio.

Joseph Nelson White III, of Winchendon, another of White's nieces and nephews, was left real estate valued at $45,670.

The other nieces and nephews were left certain personal effects.

The remainder of the estate was left in trust, in custody of the Boston Safe Deposit and Trust Co., of Boston, under an agreement set up March 24, 1943.

A notation on the bond filed with the will listed real estate valued at $45,670 and personal property valued at $180,000.

White was vice president of the White Bros. Inc., of White Brothers Mill, Winchendon, which manufactured denim cloth from 1842 until it was closed in 1955.

The other nieces and nephews mentioned are Mrs. A. H. Cotter and Mrs. Richard A. Lindsay, both of Hawaii, Dr. Charles N. Hoyt of Chillicothe, Ohio, Mrs. Philip C. Beals of Southboro, Mass., Mrs. William F. Sprang of Medfield, Mass., and Mrs. C. M. Murray of Cleveland, Ohio.

13th Century Book Sold for $182,000

LONDON (AP)—New York dealer Hans P. Kraus today paid $182,000 for a 13th century illuminated book. It was the highest price ever paid at auction of a book or manuscript, dealers said.

Kraus made his bid for a copy of the Apocalypse, printed in St. Albans, England, about 1250.

Board Transfers 5 Local Students

Releases were granted to five students during a regular meeting of the Circleville Board of Education Tuesday night.

Superintendent of Schools, George Hartman said four of the students were released to Logan Elm. He said all are children of parents who teach in that district.

Ready to be accepted at Logan Elm are Robert Kellog, grade 6; Denny Ramsey, grade 8; Brenda Mills, grade 3; and Linda Styers, grade 9.

Roy Whaley, Hayward Ave., was released to Jackson Twp. School. His official release was made in order to permit him to participate in basketball at the county school.

Findlay Cranberries Seized by Health Aides

COLUMBUS, Ohio (AP) — "Something similar to a trace" of aminotriazole contamination has been found in cranberries seized at Findlay, the Ohio Department of Agriculture said Tuesday.

The department testing laboratory at Reynoldsburg said the trace found, however, is so slight the cranberries could be passed for human consumption.

The federal authorities say the chemical weed killer, aminotriazole, can cause thyroid cancer in rats.

Sneaky Trick Is Pulled by Jail Escapee

WASHINGTON COURT HOUSE, Ohio (AP)—Police are searching for a man who made an unusual escape from city prison here Wednesday.

Harold W. Mongold, 27, of nearby Bloomingburg apparently hid under his bed, then fled when an officer left the cell door open thinking the man had been transferred, police said.

An hour after the escape a truck driver reported seeing the man at Mount Sterling in adjoining Madison County.

Mongold was arrested in Chillicothe Saturday following a robbery of the Triangle Restaurant there. Also nabbed in connection with the robbery was William T. Mass, 41, of Columbus. He is awaiting a hearing.

Mongold had pleaded guilty to armed robbery and auto theft in Municipal Court Monday. He fled the Fayette County jail several years ago but was returned by his mother shortly after the escape. He was released a year ago from Ohio Penitentiary after serving two terms for breaking and entering.

Milkman's Girl, 14, Handed Sentence

NEW BRUNSWICK, N. J. (AP) —Barbara Dianne Plaisted, 14, who ran away to Texas with a milkman, was sentenced today to an indeterminate term in the state home for girls.

Barbara became hysterical when the sentence was pronounced.

The girl testified that Ernest Carrao, 39, the milkman, forced her to have sexual relations with him. She said she went with him because she feared for her life.

Corrao, father of three children, was arrested with the girl in Anahuac, Tex. He told police he left New Jersey to escape creditors and that the girl begged to go along. Corrao recently got three to six years in state prison.

Barbara Eisenhower, 6 Other Women To Travel with Ike

WASHINGTON (AP)—Six other women, besides Barbara Eisenhower, will make the goodwill tour of 11 countries with President Eisenhower. They're all secretaries to top officials.

The president's daughter-in-law is the only one not expected to work on the 22,000-mile journey.

Most of the secretaries — five from the White House and one from the State Department—are travel experts by now from association with world-circling U. S. leaders.

The president's personal secretary, slim, white-haired Mrs. Ann Whitman, from Perry, Ohio, has made every trip with Eisenhower. In her 40s, she's the wife of Edmund S. Whitman, publicity director for the United Fruit Co. in New York City.

Mrs. Whitman probably gets senior rating among the traveling secretaries, who are used to working on planes and trains just as they do in an office.

She's probably taken more of Eisenhower's dictation than anyone else. According to friends, she started out as one of three women in a secretarial pool at the 1952 Denver campaign headquarters. The first day, when Eisenhower's buzzer sounded, it was lunchtime and Ann was the only one around. After working with her that day, Eisenhower decided no one else would do.

A close second though, is WAC Capt. Olive Marsh, a native of Cleveland, who's been in the army 15 years and served as one of Eisenhower's secretaries when he was Army Chief of Staff.

Now she's assigned as secretary to Eisenhower's personal physician, Brig. Gen. Howard Snyder.

She's made every one of Ike's trips, going to Augusta, Ga., and other vacation spots as well.

Among the 84 news correspondents accompanying the President is one woman—Elaine Shepard of New York City, representing the Women's News Service.

The president's traveling staff will be bolstered for the western summit conference at Paris by two more women. The associate White House press secretary, Mrs. Anne Wheaton, and another White House secretary, Mary Mead, who comes from an Erie, Pa., newspaper family.

Auto Transport Firm Sold To Clevelanders

LORAIN, Ohio (AP)—Automobile Transport, Inc. of Wayne, Mich., which has one of its four terminals here, has been purchased for an undisclosed amount by the American Ship Building Co. of Cleveland, which has yards here. Automobile Transport, established in 1943, has a fleet of approximately 1,000 trailers and moves new cars primarily for Ford Motor Co. Edmund Q. Sylvester, American Ship Building president, called the purchase an ideal diversification for his company.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Fog began to form before midnight over much of Ohio Wednesday night and by 2 a.m. today much of the state reported zero visibility.

All airplane traffic at busy Port Columbus Airport was halted by fog that brought "zero-zero" visibility from 2:45 a.m. until after daybreak.

The fog was also bad along the Ohio River and was not expected to lift before about 9 or 10 a.m.

Temperatures during the night dropped below freezing and were as low as 24 at Columbus and Zanesville. Afternoon temperatures on Wednesday ranged upward to 48 degrees at Columbus and Cleveland while Toledo reached only 38.

A little light rain occurred during the day Wednesday but amounts were mostly unmeasurable.

High pressure and fair weather will dominate Ohio today and Friday and temperatures will be a little higher by Friday afternoon.

Young Father Held In Series of Rapes

BOSTON (AP)—Police said today a young Lowell father has admitted rape and robbery involving women in five Massachusetts communities.

They identified him as Daniel J. Alves, 23, father of a 6-months-old son.

He was arrested Tuesday and charged with rape and robbery.

Police said Alves told them he spotted the women in the street, followed them home, learned their names, and then telephoned them to determine if their husbands were home. If the husbands were not home, he went to the door and represented himself as a salesman to gain entrance.

Federal Laboratory At Marion Offered

CHICAGO (AP)—The General Services Administration's regional headquarters here Wednesday announced proposed sale of the Scioto Laboratory in Marion, Ohio.

The property, situated two miles northeast of Marion, comprises about 27 acres of land and 13 buildings and structures built in 1948 for the Atomic Energy Commission. The installation was designed originally for research in the field of nuclear physics.

The property, the federal agency said, is "considered ripe for industrialization in the near future."

Sealed bids are to be accepted until 3 p.m., Feb. 4 by the GSC headquarters in Chicago.

Paul Brown Depends On His Reserves

Batch of First String Men Injured as Team Awaits Giants Game

CLEVELAND (AP) — The way Coach Paul Brown is talking, outcome of Cleveland's game with the New York Giants in Yankee Stadium Sunday will depend on the strength of the Browns' reserves. Rookie reserves, at that.

"This team is in the poorest physical shape of any I've had in a long time," Brown said after the week's first practice Wednesday night.

"We'll do our best, but we're hurting. Jim Ray Smith and Mike McCormack didn't even dress today.

"Then (Ray) Renfro pulled a thigh muscle—did it just running down the field. And I don't think he will play. You don't usualy come back and play a few days after pulling a muscle."

"Walt Michaels didn't work out today. A bone in his hand is broken.

"And Lou Groza still is bothered by back trouble, and it's tough for him to block.

"Everything's happened to us at once. You don't hide the facts from yourself. And they (the Giants) know we're hurting . . ."

If all this adds to confidence already voiced by some Giant players and their coach, Brown won't mind. Counting the 1958 playoff, Cleveland has lost its last four games with the Giants. Another defeat would enable the New Yorkers to wrap up their third division title in the last four seasons.

But before you bet your wad on the Giants, it's only fair to point out that Brown has not discounted them. There was no quaver of despair in his voice as he enumerated his club's miseries. He did it as a factual rundown on a streak of bad luck.

Now the question seems to be: How good are Cleveland's reserves?

"I'm planning to go with two rookie offensive tackles — Willie Davis for Groza and Fran O'Brien at McCormack's spot," Brown said. "Chuck Noll will be in for Jim Ray Smith at guard. That's three outstanding linemen we're missing."

Smith has a bad ankle, and McCormack a sore shoulder—injuries that have bothered them for some weeks. They missed most of the game lost to San Francisco here last week.

Renfro said his pulled thigh muscle was in front and "not the hamstring." He felt that although it was "pretty sore right now, I think, I'll be all right for the game."

Rich Kreitling, another rookie, and Frank Clarke worked in Renfro's spot Wednesday. Kreitling started last week for Preston Carpenter who had a sore throat.

Floyd Peters, San Francisco rookie, is slated for Michaels' defensive spot, Brown said.

Milt Plum, who had a poor day against the 49ers, will start at quarterback, Brown said, adding: "Possibly we'll play (Jim) Ninowski some."

Bill Kilmer, U.C.L.A. back

Ernie Davis, Syracuse back

Art Baker, Syracuse back

Mary Luster, U.C.L.A. end

FINAL TEST—Syracuse's top-rated collegiate grid team meets what may be its biggest test of the year, and its final one before its Bowl engagement, when it takes on U. C. L. A. Saturday, December 5, in Los Angeles. Offensive stars are pictured. *(Central Press)*

3 Tilts Listed In New Holland Cage League

Drake's Pyrofax Gas, Kaufman's Bargain Store and Kirk's Furniture all won games last night in the New Holland Independent Basketball League.

Drake's outlasted Williamsport in a 60-58 duel, Kaufman's edged Morrison's Carry-Cou, 62-60 and Kirk's breezed past Jeffersonville, 57-41.

Leading the way for Drake's was Don Vincent with 23 points. Rodney Vincent had 17 and Ted Vincent scored 12. Bob Picklesimer's 22 markers were high for Williamsport, aided by Ronnie James' 14.

Dick English was high man for the night as he paced Kaufman's with 30 points. Jerry Collins collected 23 for Morrison's and Ray Reincheld added 14.

* * *

GLEN Large hit for 24 points to pave the way for Kirk's, aided by Orville Conley's 12. Bill Herman with 18 was high for Jeffersonville.

The games last night were played at Bloomingburg in that the New Holland gym was being used for other purposes.

Games next week list Jeffersonville vs Drake's, Kirk's ve Kaufman's and Morrison's vs Williamsport.

Drakes—R. Vincent 8-1-17; D. Vincent 7-9-23; L. Vincent 0-1-1; T. Vincent 5-0-10; Welch 0-0-0; B. Hobble 3-1-7; Hayes 1-0-2. Totals 24-12-60.

Williamsport—Hanson 2-0-4; E. James 0-1-1; J. Picklesimer 0-0-0; B. Picklesimer 9-4-22; Metzger 5-0-10; Speakman 0-2-2; Hastings 2-1-5; R. James 7-0-8. Totals 25-8-58.

Kaufman's — Dawson 2-1-5; Whittley 1-4-6; McWilliams 3-1-7; Milstead 5-4-14; English 13-4-30. Totals 24-14-62.

Morrison's—Beavers 0-0-0; Reincheld 7-0-14; Justus 6-1-13; Marshall 4-0-8; Morrison 1-0-2; Collins 10-3-23. Totals 28-4-60.

Kirk's—Conley 4-4-12; Large 11-2-24; Hurtt 1-1-3; Dinkles 0-0-0; Monteith 1-0-2; Stone 3-0-6; Free 1-1-3; Lemaster 3-1-7. Totals 24-9-57.

Jeffersonville — McDonald 4-0-8; Pettit 0-0-0; Bock 0-1-1; Ater 1-2-4; Jordon 2-0-4; Herman 6-6-18; Layon 0-2-2; Evans 0-0-0; Henry 1-2-4. Totals 14-13-41.

Pickaway County, Area Units Set To Open League Contests

League action starts in Pickaway and surrounding counties tomorrow night as the basketball season gets into full swing.

Five games are on tap in the county; Rushville meets Stoutsville in a Fairfield County League encounter; Union Furnace is at Laurelville in Hocking County; and Kingston battles Centralia in Ross County play.

Monroe, (1-5), faces a rugged task in its contest with invading Ashville (2-0). The Broncos have Bobby Hoover averaging 24 points per game, followed by Tom Rathburn's 19 per contest.

In addition, Hoover, Rathburn and Gary Gaines stand well over six feet. Monroe's tallest man misses the six foot mark by several inches so Ashville remains the heavy favorite.

* * *

THE HUNGRY Trojans of Darby (1-2) will invade the domain of Atlanta (2-3), looking for win No. 2. Three top notch scoring artists will be battling for honors.

Atlanta touts the rebounding and pivot shooting of Ronnie Morris (25) while Darby will dress Tommy Walters (23.7) and Tommy Liff (20.3), rated two of the finest scoring guards and ball handlers in this area.

Victory starved Pickaway (0-2) it meets a much improved Jackson (2-2), which has already topped last year's 1-16 record.

Scioto (0-1), travels to Walnut (0-1) where both teams will be trying for a first victory. The Buffaloes have yet to come up with a high-scoring player and Walnut has not played enough to ascertain its quality.

David Myers (29.3) will have a chance to make it four games in a row to tally more than 20 points per game when Williamsport (5-1) travels to Saltcreek (0-3). In his last four outings he has tickled the nets for 37, 36, 37 and 28 points respectively.

The Deers are loaded with scoring talent, but still need a dependable rebounder. Saltcreek has not jelled in its first three losses and will have to halt Myers for any possible chance of winning.

* * *

THE ANNUAL Kingston (4-1)-Centralia (2-2) fray will be played at Centralia and anything goes in this contest.

Past records go by the boards when these two neighboring communities meet. The Redskins have an experienced squad to take the floor against the rebuilding Bulldogs.

Laurelville hosts its jinx team tomorrow when Union Furnace opens the Hocking County season. The Wildcats have potentially the greatest team in their history with the Unger brothers, Jim and Larry, Larry Keck, Tommy Wiggins, Max Young and Sam Ebert.

Rushville invades Stoutsville's haven, but the Indians should pull out the stoppers with its quintet of experienced ball handlers and men who have played together for several years.

Tomorrow's favorites appear to be Ashville easily defeating Monroe with a chance for Hoover and Rathburn to change some records or at least increase their scoring averages.

Darby should top Atlanta, but not easily; Jackson may halt the Pirates without trouble; Walnut should top Scioto because of its overall balance.

Williamsport should scorch the nets for a probable easy win over Saltcreek; Kingston should take Centralia and Laurelville remains a heavy favorite to blast Union Furnace. Stoutsville should have Rushville's number.

Cheerleaders Lauded for Spirited Work

Circleville's corps of cheerleaders, not honored at Tuesday's football banquet due to an oversight, came in for their share of praise today.

Grid Coach Carl Benhase lauded the cheerleaders for their hard work and spirit-raising efforts during the past football season. He said the girls also deserve credit for their backing of all sports at CHS.

The cheerleaders attended the banquet, but were not introduced. The hustling varsity yell makers are Phyllis Ullman, groug leader, Mary Pennington, Sherry Hull, Judy Barnhill and Saundra Binkley.

Reserve cheerers are Judy Adkins, Barbara Cerny, Virginia Eccard, Lynn Reichelderfer and Rose Ann Whaley. Miss carolyn Vallery is adviser for both groups.

* * *

COACH Benhase said the cheerleaders proved to be devoted and faithful to sports this season. He gave them special credit for leading the bon fire rally here prior to the Washington C. H. grid game.

Regardless of weather and road conditions on away games, the cheering girls seldom miss a CHS contest. Their efforts go a long way in boosting the team and encouraging fans.

Joe Brown Stops Another Challenger

HOUSTON, Tex. (AP) — Lightweight champion Joe Brown, a skittish 34-year-old, stopped another charge of youth Wednesday night when he beat Britisher Dave Charnley in a technical knockout.

And a few minutes later the champion said he would be ready to fight again only a week hence.

Brown didn't have any particular fighter in mind but declared he would like to get somebody for Dec. 9.

"No use wasting all that training—that's the hardest part of it," he explained. "I'm not hurt and I'm ready to go."

Charnley, the 24-year-old exboilermaker from Dartford, Kent, who is caled "the midget Marciano" because he has shoulders and neck like a heavyweight, never was in the fight with the Baton Rouge, La., Negro, making the eighth defense of his title in 39 months. It tied the number of defenses by Benny Leonard, who set the record in the lightweight class before he retired undefeated in 1925.

Brown was leading by as many as five points in the fifth round when he lashed out with a left and then a right and crimson spread down the right cheek of the 24-year-ld Britn as a deep cut opened over his eye. Charnley put his glove to his head and staggered back just as the bell rang, ending the round.

Charnley shuffled to his corner and while his handlers worked over him, Referee Jimmy Webb raised Brown's hand and led the champion to the center of the ring.

Injuries Prove Miami's Downfall

OXFORD, Ohio (AP) — "It's tough to play without your first string halfbacks," says Miami University's football coach and today he produced the statistics to prove his point.

Miami lost three of its last four games.

The statistics John Pont produced showed that on Oct. 17 the Redskins' right halfback, Dave Girbert, had carried the ball 51 times and was leading the team in yards gained rushing. A week had carried the ball 62 times and was second in rushing.

But both were hurt and in the remaining games Girbert carried the ball only four times and Miller twice.

The Wyoming freshman football team went unbeaten in 1959 for the first time since 1953.

Myers Retains Scoring Lead

Williamsport's David Myers jumped his per game scoring mark 1.5 points this week to lead Pickaway with a 29.3 average.

In second place is Atlanta's pivot ace, Ronnie Morris, with a 25-point average, dropping two points off last week.

Ashville's Bob Hoover remains in third place with a 24-point average, jumping it six points. Fourth position goes to Darby's Tommy Walters, who moved into the race for the firzt time. He has a 23.7 average.

Teammate Tommy Liff follows in fifth slot with a 20.3 average. Sixth place is held by Ashville's Tommy Rathburn with a 19-point average. Last week he was fourth.

Monroe's Steve Fullen (15.6) and Larry Bigam (14.2) hold down seventh and tenth positions respectively. Fullen remains in the same spot as last week and Bigam drops a place.

Giant Unioto Tops Kingston

Kingston ran into a "buzz saw" last night when it invaded Unioto for a junior high contest. The Shermans won, 72-25.

This unusually high score was run up by an unusual ball club. Unioto dressed two men over six feet. They were Ackley, 6' 2", and Hawk, 6'.

Both men completely controlled the bankboards and tallies 26 and 12 points respectively. they were assisted in the tremendous score by Neff's 8 and Fry's 12 points.

Only bright spot on Kingston's horizon was Kelley's 12 points. The Redskins trailed 17-5 at the end of the first quarter and 37-9 at halftime

Unioto didn't substitute until the score read 57-19 deep in the third period. Kingston's next game is Wednesday against Centralia.

Kingston—Nichols 2-1-5; Streintenberger 1-0-2; Kelley 6-0-12; Vollmar 1-3-5; Davis 0-1-1; totals 10-5-25.

Unioto — Neff 4-0-8; Ackley 12-2-26; Hawk 6-0-12; Fry 6-0-12; Thompson 1-0-2; Brown 1-1-3; Rowe 1-0-2; Hall 1-3-5; Hinkle 1-0-2; totals 33-6-72.

Moore's Keglers Enjoy 8-Game Lead In Local Loop

Moore's Store continued to lead the Early Monday Night Bowling League here by downing Circleville Metal two out of three games this week.

The Metal team's two losses dropped it from a third place tie to fifth place. Easterday's Sohio service dropped two of three games to Dairy Isle which moved into third place.

Easterday's now shares second place with Circleville Hardware which won two of three games from Kochheiser Hardware. Last place Container Corporation won two of three games from Lawless Beauty Shop.

Honors for the week went to the Circleville Building Supply keglers who posted team single games of 948, 854 and 907 for a 2,709 series.

* * *

PETE Noble of Circleville Building took high individual honors with a 203-211-160-574.

The league is shaping up to be a real battle for second spot, with all of the teams hustling to down front running Moore's.

Moore's however, is moving along at a fast pace and an eight game lead behind the rolling of Gordy Fraser, Hank Miga, Al Lustnauer, Jim Canning, Bill Sibbick and Dallas Elliott.

The standings:

	W	L
Moore's Store	32	10
Easterday's Sohio	24	18
Circleville Builders	24	18
Dairy Isle	21	21
Circleville Metal	20	22

Cagers Ready For FH Tilt

Home Slate Opens On Saturday Night

Circleville's cage Tigers will get their first taste of game action tomorrow night in a trip to Franklin Heights.

Coach Dick Snouffer's varsity men and Coach Jack Weikert's reserves are bristling and ready for first encounters. Practice has been at a premium this week in preparation for the tilts.

Probable starters for the varsity will be Larry Hannahs at center, Bob Shadley and Sam Weller at forwards and Jake Bailey and Linden Gibson at guards. Ready for immediate replacement duty will be Dave Hicks, Gary Vandemark, Steve Helwagen, Chuck Anderson and a host of other cagers.

The Tigers open the home season Saturday night by entertaining the Bulldogs of Athens. The following Friday they go to Washington C. H., then entertain Chillicothe here the next night.

The CHS courtmen will be out to better a 10-9 record of last year. Two victories last season came over Franklin Heights. The locals were defeated at Athens.

HEADS AFL—A World War II Marine hero, who shot down 26 Jap planes in the Pacific, Joe Foss (above) has been named commissioner of the new American Football league at $30,000 a year. Foss is a former governor of South Dakota.

Major Loops, New League May Clash

ST. PETERSBURG, Fla. (AP) —The first head-on clash between the majors and the proposed third major league—the Continental—may take place Tuesday when they all meet separately but under the same roof at Miami Beach.

The American and National, spurred by Commissioner Ford Frick, are expected to make sion of their eight-club leagues.

The Continental League, aware of Frick's pressure on the majors, has called a meeting of its own to coincide with those of the majors. Branch Rickey, president of the five-team circuit, will fly down from New York, prepared to respond when the majors state their positive intentions.

American League President Joe Cronin will call on his three-man fact-fincing committee to report its findings for internal expansion for 1961. The committee was selected during an October meeting in New York when the league announced it was seriously considering expansion to 10 teams by 1961. The meeting stemmed from a Minneapolis group's request for a franchise. Minneapolis-St. Paul is one of the five founding members of the Continental League. The others are New York, Denver, Toronto and Houston.

Replay of Game Changes Outcome

WAVERLY, Ohio (AP) — On Nov. 13 Beaver was leading Western High School of Latham 41-25 —then the lights went out.

Wednesday night there was no power failure — except by the Beaver team. Western edged Beaver 63-61 by scoring in the final 24 seconds of a replay game.

Xavier, Dayton Open Seasons With Wins

By THE ASSOCIATED PRESS

Two of southwestern Ohio's "Big Four" of basketball opened their 1959-60 season Wednesday night and roared past their opponents.

Xavier of Cincinnati swamped Marian of Indianapolis 92-40, and the Dayton Flyers brushed aside Central State 80-51.

Miami is the only member of the fierce foursome yet to play. Cincinnati opened Tuesday night with a 107-62 romp over Indiana State.

Xavier's Musketeers featured a tight defense and an attack led by tallied only two field goals in the first half and got off only 38 shots in the entire game.

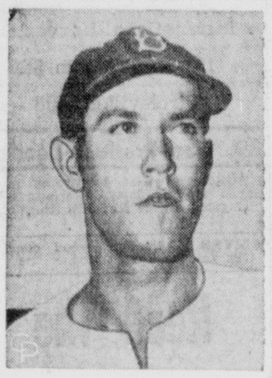

Dayton got off to a shaky start but rallied as Joe Kennelly led the way with 21 points. The Marauders led the first six minutes of the game but it was 46-33 Dayton by halftime. Jim May paced Central State with 14 points.

In other games, Ohio Northern trimmed Heidelberg 86-54, Wilmington downed Denison 80-65, and Defiance defeated Otterbein 63-49.

The Ohio Northern - Heidelberg tussle was fairly close during the first half as both teams opened their season. But by intermission the Polar Bears led 39-32 and began to pull away. Jim Seckman netted 17 points for the victors.

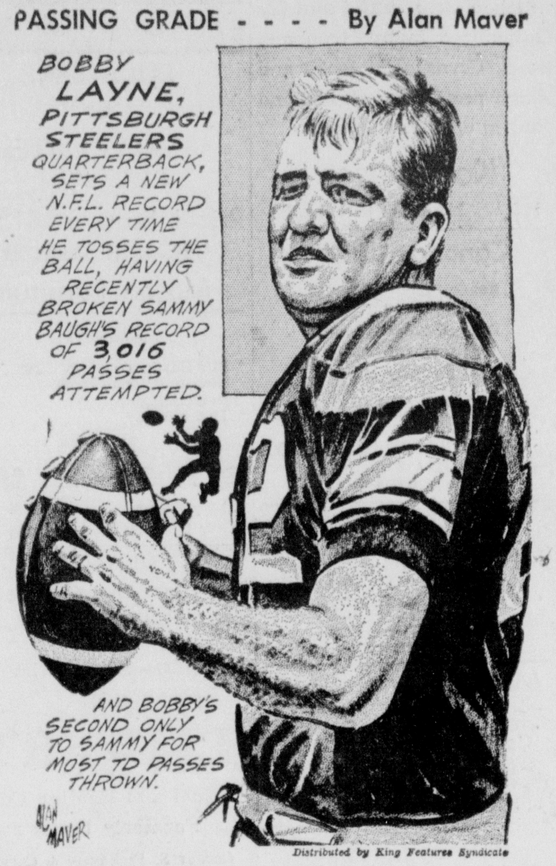

Defiance gained a 40-30 halftime lead en route to its secnd win of the new season. Gene Garen starred with 20 points.

Wilmington's victory, sparked by Arrington Archie's 22 markers, boosted the Quakers to a 1-1 record.

NOW A COACH—Pete Reiser (above), former star outfielder in the majors and manager of the Victoria team in the Texas league last year, has been named a coach of the Dodgers, replacing Peewee Reese, who will become a sports commentator.

Cincy Real Taxes Up

CINCINNATI (AP) — Cincinnati property owners will have to pay $32.26 taxes for each $1,000 of valuation in 1960—an increase of 60 cents over 1959. The County Budget Commission fixed the levy Wednesday.

Two Tilts Played In DuPont League

DuPont cage league action this week was highlighted by two contests at the local coliseum. A third game was forfeited.

"B" P and C spilled "C" P and C in a 43-35 battle. Another "C" P and C team came back to trounce "B" Finishing, 56-14.

The "B" P and C win was sparked by Lyle's 21 points. McConnell's 12 markers were high for the losers.

Stonerock hit for 13 points to lead the other "C" P and C squad. Wolfe was high for the opponents with seven.

"B" P and C—Lyle 10-1-21; Strous 2-0-4; Kaiser 1-0-2; Brady 2-0-4; Gentzel 3-1-7; McPherson 1-1-3; N. Rader 1-0-2; L. Rader 0-0-0. Totals 20-3-43.

Oklahoma Shows Signs Of Basketball Comeback

By THE ASSOCIATED PRESS

Oklahoma's Sooners, who used to have as big a name in basketball as they now have in fotball, may be on their way back to challenge the rule of Kansas State and Kansas in Big Eight cage competition.

Not since 1949 has Oklahoma had even a share of the conference title. It was a distant second to Kansas State last season. But in opening the 1959-60 season Wednesday night with a 76-58 victory over Texas Western, Coach Doyle Parrack displayed a wealth of sophomore talent to back up a big crop of holdovers.

A highly praised sophomore was unveiled as Seton Hall opened with an easy 84-47 victory over the University of Toronto. Art Hicks has been called the Hall's best prospect in ten years and he justified Coach Honey Russell's high opinion of him by netting 19 points and taking 15 rebounds in 24 minutes of play.

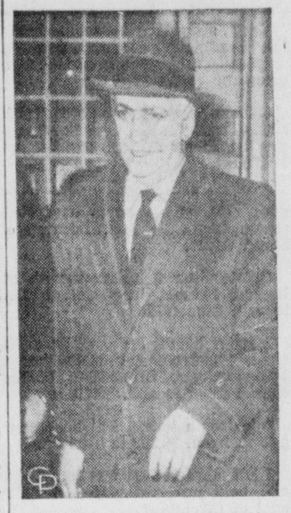

Pittsburgh, minus All-America Don Hennon this season but with Dick Falenski pouring in 23 points trounced Michigan of the Big Ten 73-57. Villanova turned back Princeton, last year's Ivy League runner-up, 66-46, St. Joseph's (Pa) whipped West Chester State 91-69. Navy edged out touring Kentucky Wesleyan 48-47 and Army beat little Rider 58-52.

Opening the doubleheader season at the Philadelphia Palestra LaSalle defeated Millersville (Pa) State 76-60 and Penn outscored Washington and Jefferson 63-44.

Three other Ivy League teams were in action Wednesday nithe. Yale started with an 84-62 voctory over Springfield, Cornell beat Buffalo 60-53 and Brown whipped Tufts 93-70.

The principal surprises turned up in the South where Georgia Teachers upset the University of Georgia 8-73 and favored Richmond barely edged Randolph-Macon 76-75. Florida easily defeated Tampa 76-62, Mississippi State trimmed Troy (Ala.) State 66-50 and Loyola (La.) beat Florida State 71-64.

National Golf Day in 1959 realized more than $90,000 which eventually will be turned over to charities and worthwhile golf projects.

KAYOED FOR TWO YEARS—Frankie Carbo, handcuffed, leaves Criminal Courts building in New York after being sentenced to two years in prison as a boxing racketeer. Carbo pleaded guilty to undercover matchmaking, conspiracy and undercover managing of fighters.

Grid Loop Taps Ohio Players

DALLAS, Tex. (AP)—A number of Ohio college players were tabbed as the American Football League announced Wednesday it has completed its draft by naming an additional 261 players. Each of the eight clubs previously drafted 20 players.

The Ohioans called in the latest rounds are:

Boston — Center Rich Grecni, Ohio University.

Dallas—Tackle - guard Herman Alexander, Findlay.

Houston—Back Dave Chamberlain, Miami; tackle - guard Jim Marshal, Ohio State.

Los Angeles — Tackle-guard Robert DeMarco, Dayton.

Minneapolis - St. Paul — Back Rich Mostardo, Kent State.

New York—Backs Bob Colburn, Bowling Green, and Steve Rasso, Cincinnati; tackle-guard Bob Paul, Kent State.

Laundry Seeks To Stall New Redleg Park

COLUMBUS, Ohio (AP)—Home-run hitters broke 81 windows in a laundry building near Crosley Field in Cincinnati last year, but the company has no desire to move.

That is what Atty. Nicholas Bauer, counsel for the Superior Laundry and Towell Co., told the Ohio Supreme Court Wednesday in arguing for an order to prevent the city from taking the laundry and other property for a parking lot.

Crosley Field is the home of the Cincinnati Redlegs baseball club.

Bauer contended the proposed appropriations for a 2,600 car parking lot would be an illegal use of public funds for a private purpose.

Cincinnati has approved a two million dollar bond issue to finance the parking lot and county commissioners have agreed to spend another million for street improvements near the ball park if the National League Redlegs keep their franchise there through 1962.

City Law Director James W. Farrell Jr., contended that the laundry and other property owners lacked a cause of action because the proposed parking lot would be open to the public at all times.

The court gave no indication when it would hand down a decision in the case. Lower courts refused to enjoin the city from condemning the land.

Rooney, Paar Coo and Coo After Spat

HOLLYWOOD (AP) — Mickey Rooney and Jack Paar cooed at each other like lovers after a spat, broke off long enough for some furious new cries of foul, and then started cooing louder than ever today.

The acrobatics of the two seasoned showmen weren't hurting either one—or their publicity.

But had to be on your toes to keep up with it.

Paar smilingly told his television audience Wednesday night: "Mickey Rooney is a helluva nice guy. I'm darn sorry, Mickey."

That satisfied the actor. Happy, to, was Rooney's personal manager, Red Doff, who announced that tonight's show will go on as originaally planned in a kiss-and-make-up session between Paar and Rooney Wednesday. Rooney once more will be his guest on the show.

"The whole thing is smoothed over now," Doff said.

That wasn't the way he felt a couple of hours earlier after hearing secondhand accounts of Paar's comments on the air. At that time Doff furiously declared he would not let Rooney appear with Parr.

It all started Tuesday night. Paar accused Rooney of being drunk on his show. Rooney walked out—by invitation.

They patched it up in a tense hotel room drama—in which four aides on each side eyed one another cautiously outside the door, the way Paar tells it.

Special Holiday Programs Being Readied on Television

NEW YORK (AP) — With the onset of the busy holiday season, the pulse of television is quickening, too. During the next seven days there is something unusual or special cooking daily. In addition, on Monday the networks start intensive and extensive coverage of President Eisenhower's trip.

Somebody, however, goofed in scheduling tonight's special attractions. CBS' "Oliver Twist," starring Robert Morley and Eric Portman, runs from 7:30 to 9 p.m. Eastern Standard Time while NBC's "Very Important People," a music and comedy revue starring Art Carney, is on between 8:30 and 9:30 p.m. That means a half-hour overlap during which you must decide whether to see the end of "Oliver" or the beginning of Art.

On Saturday (3:45 p.m.) NBC will broadcast the UCLA-Syracuse football game from the Los Angeles Coliseum.

On Sunday, things start early: A "Salute to the American Theater" on CBS at 11:30 a.m. which will include a lot of stars and excerpts from a dozen plays. That night NBC will have "Give My Regards to Broadway" starring Jimmy Durante and Ray Bolger in its Sunday Showcase musical, while Ed Sullivan's guests on CBS will be Teresa Brewer, Jack Carter, Yehudi and Hephzibah Menuhin (both 8-9 p.m.)

"The Philadelphia Story," Philip Barry's play with Mary Astor, Diana Lynn and Christopher Plummer, will be on NBC Monday night, 9:30-11 p.m., and the follwing night (Tuesday) the network will present "My Three Angels," a comedy starring Walter Slezak and Barry Sullivan, (9 to 10:30 p.m.).

Paul Gallico's "Once Upon a Christmas Time," a fantasy starring Claude Rains and Charles Ruggles will be NBC's special Wednesday night, 7:30-8:30 p.m. And on Thursday CBS comes up with two specials — "Christmas at the Circus," (7:30-8:30) with James Arness and a lot of big top acts, followed immediately by "Tonight with Belafonte," (8:30-9:30 p.m.).

Clyde Mayor Re-Elected But His Salary Is Cut

CLYDE, Ohio (AP) — Village Council here Wednesday re-elected one of its number, Edward J. Curry, as mayor for another year's term but cut his salary by one-third. The reduction from $1,800 to $1,200 was taken because village mayors no longer hear traffic cases brought to them by the Highway Patrol from outside the town's corporate limits. Such cases go to county judges under a new Ohio law.

Pickaway Grange

STAR GRANGE

Star Grange met in regular session Tuesday evening in the Monroe Twp. school auditorium with worthy Master Russell Shannon presiding.

A "thank you" note was read from Mrs. Arthur Dick and Mrs. Francis Furniss, chairman of the card committee announced that she had sent two cards since the last meeting.

The home Economics chairman Mrs. Herman Porter suggested a few plans for the group and announced that she had a cook book to present to Mrs. Clinton Ritchie a recent bride.

The first and second degree was conferred on Mr. and Mrs. Charles Smith, Jimmy Shell and Gene Long by the ladies degree team.

The third and fourth degree will be conferred on the class of candidates at the next regular meeting Dec. 8 by the newly organized team.

MR. AND MRS. Kenneth Shell were reinstated in the Grange.

The Chaplain Mrs. C. E. Dick gave the thought for the day and the meeting closed with the group singing "Happy Birthday" to Mrs. Dick.

Refreshments were served by Mr. and Mrs. Loring Stoer and Barbara and Mrs. Marguerite Snyder.

LOGAN ELM

Logan Elm Grange met Tuesday with Worthy Master Lawrence McKenzie in charge.

The Grange voted to contribute to the State Youth Fund. The County Banquet on January 23 at Scioto School was announced. The ritualistic contests will be held March 11 and 18.

The Grangers played euchre at the close of the meeting and refreshments were served.

The next meeting will be December 22, beginning with a covered-dish supper at 6:30 p. m., in the school building. A gift exchange will be held after the program.

Fremont-Sandusky Flood Controls under Study

FREMONT, Ohio (AP) — Col. Earle Butler of the ArmyEngineers' Buffalo Division told representatives of Sandusky, Seneca, Wyandot and Crawford counties Wednesday the Engineers Corps would need more study before recommending any flood-control project for the area. Last spring floods caused an estimated 10 million dollars damage in Fremont and Sandusky County alone.

Butler sought at the meeting to learn what benefits would be gained from the project. Such potential benefits must be weighed against construction costs, he declared. The Engineers have received a $58,000 appropriation to survey the Sandusky River for possible flood control measures.

Ohio Action Urged On Problem Pupils

TOLEDO, Ohio (AP)—The state should set up a pilot program for educating problem students, a committee of the Ohio Education Assn. recommends.

The educational council of OEA submits a report today to 1,200 teachers and administrators attending the group's annual convention. OEA is a professional organization of 65,000 Ohio teachers and school administrators.

After a year-long study of "the pre-delinquent, the potential dropout and the disturbed child," the educational council decided that enabling legislation and state funds are needed to set up one or more special schools.

The council, headed by Hazel Baver, Lima teacher, gave special attention to New York's Manhattanville Junior High School, a six-year experimental project started in 1956. In addition to regular teachers, a dozen specialists, including psychiatrists, social workers, counselors and remedial teachers were added to the staff of the school which enrolls 1,400 students.

At Manhattanville there has been impressive academic progress and improved behavior among the pupils, the report said. Added cost of the program is $75,000 annually.

The council proposed that the Ohio Dept. of Education aid school systems in making surveys to determine the type of problem youth programs which might be set up. The OEA would seek special legislation and an appropriation from the 1961 General Assembly to establish the program.

Teachers also will be asked to support a drive setting 1964 as a target date to end a training program which allows new elementary teachers to teach after only two years of college work.

George B. Redfern, assistant superintendent of Cincinnati schools and chairman of the OEA commission on teacher education and professional standards, will present the proposal to delegates tonight.

Redfern said his commission is making the proposal to end the cadet training program because the supply of elementary teachers is catching up with the demand.

The three-day OAE convention started today. Officers will be acted on Saturday.

Bank Thug Wanted To 'Feel' Money

CINCINNATI (AP) — Lawrence Gray, 33, said, "I just wanted to know how it would feel to walk in and take a handful of money."

Police said they were told Gray entered the Walnut Hills branch of the Provident Bank Wednesday, leaped over a gate among tellers both hands.

Manager Harry Beester and Tellers jumped on Gray and subdued him but Beester said the man had between three and four thousand dollars in his hands.

Gray, charged with bank robbery, waived a hearing when arraigned before U.S. Commissioner Graham P. Hunt Jr. He was ordered held under $5,000 bond.
